An Act To Authorize Temporary Borrowing By The State, Municipal Corporations, Counties, School Districts And Other Political Units Of The State, In Anticipation Of The Issuance And Delivery Of Bonds To Be Issued By The Borrower; To Prescribe The Procedure Under Which The Temporary Borrowings May Be Effected; And To Provide For The Payment Thereof.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that not infrequently public agencies and political units of the State enter into loan agreements with agencies of the United States Government, under the terms of which the government agencies agree to make loans by purchasing bonds of the borrower for the purpose of constructing various types of facilities. As a usual matter regulations relating to such loan agreements provide that bonds shall not be offered for sale until the project for which bonds are to be issued is substantially complete, making it

necessary that the borrower obtain interim financing pending the issuance of the bonds. As a consequence temporary financing must be obtained. The General Assembly takes further note of the fact that in other instances it may become desirable for public agencies or political units having power to issue bonds to borrow in anticipation of the receipt of the proceeds of such bonds. No statute now exists in South Carolina permitting borrowing by public agencies or political units of the State in anticipation of the issuance of bonds, and to remedy this situation the General Assembly has determined to prescribe procedures and conditions under which borrowings in anticipation of the issuance of bonds may be made.

SECTION 2. Definitions.—(a) The term "bonds" shall mean general obligation bonds payable from ad valorem taxes, general obligation bonds additionally secured by any pledge of any assessments, or any pledge of revenues derived by the borrower from any revenue-producing facility, bonds payable solely from the revenues of any revenue-producing facility, and bonds payable solely from any assessments.

(b) The term "borrower" shall mean the State, any agency, department or institution of the State, any county, any incorporated city or town, any school district, any special purpose district, and all other political units now existing or hereafter created, which are appropriately authorized to borrow money and issue bonds.

(c) The term "governing body" shall mean that agency or body upon which is devolved by law the administrative and executive functions of the borrower.

(d) The term "person" shall mean any person, firm, corporation or governmental agency.

SECTION 3. Borrowing in anticipation of bond issues.—Any borrower, whenever authorized by general or special law, to issue bonds, may, pending the sale and issuance thereof, but within the limitations set forth in Section 6 of this act, borrow in anticipation of the receipt of the proceeds of bonds from any person, and evidence the debt by a note duly executed by the officers of the borrower authorized by the governing body of the borrower. The note shall be expressed to mature not later than the occasion of the delivery of the bonds; *provided,* however, the note shall contain a provision reserving to the borrower the right to anticipate the payment at any time, and the note shall be paid simultaneously with

the delivery of the bonds. The note shall bear such rate of interest as the governing body shall determine and shall recite on its face that it is issued in anticipation of the issuance of bonds and is payable, both as to principal and interest, from the proceeds thereof.

SECTION 4. Governing body to arrange for issuance of notes.—The governing body may arrange the issuance of notes authorized by this act by negotiation or may cause them to be advertised and bids therefor received, under such conditions as the governing body shall prescribe.

SECTION 5. Bond election to be held prior to issuance of notes.—Whenever the favorable result of an election is prescribed by the Constitution or applicable statute as a condition precedent to the issuance of bonds by the borrower, then prior to the issuance of any notes pursuant to this act, the election shall have been held and shall have resulted favorably to the issuance of such bonds.

SECTION 6. Bonds to be obligated prior to issuance of notes.—Prior to the issuance of notes pursuant to this act, the governing body of the borrower shall adopt a resolution obligating the borrower to issue and sell, in the manner prescribed by law, bonds of the borrower in a specified amount, and notes of the borrower may be issued pursuant to this act to the extent of not exceeding seventy-five per cent of the amount of bonds so specified.

Provided, however, if any consent or approval shall be necessary prior to the issuance of bonds by the borrower, the borrower must obtain the same consent or approval prior to the issuance of temporary financing as provided herein.

SECTION 7. Purposes.—Whenever any borrower shall be authorized to issue bonds for any specific purpose, the purpose shall be deemed to include the moneys required to meet the payment of the principal and interest of notes issued pursuant to this act.

SECTION 8. Proceeds.—It shall be the duty of the governing body to apply the proceeds of any notes issued pursuant to this act to the purpose for which bonds are to be issued, but no purchaser of any notes shall be liable for the proper application of the proceeds.

SECTION 9. Exempt from taxes.—All notes issued pursuant to this act and all interest to accrue thereon shall have the tax exempt

status prescribed by Section 65-4.1, Code of Laws of South Carolina, 1962.

SECTION 10. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 10th day of March, 1965.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Tax levy for School District of Greenville County.—The Auditor of Greenville County shall levy upon all of the taxable property within The School District of Greenville County for general school operating purposes for the year 1965 and annually thereafter, unless increased or decreased as hereinafter provided in Sections 3 and 5, the number of mills, not exceeding fifty-seven mills, which a majority of the Board of Trustees of the School District may determine to be necessary for general school operating purposes. The Tax Collector of Greenville County shall collect the tax in like manner as all other taxes are collected and place it in the district's school operating account, to be disbursed for the declared purposes in the manner fixed by law. The levy of fifty-seven mills is hereby declared to be the ceiling levy for general school operating purposes.

In the event that in any year the board shall determine that a levy of eight mills upon all the taxable property of the district is insufficient to pay the amount of principal and interest required under the terms of the general obligation bonds of the district issued in the aggregate principal amount of three million three hundred thousand

dollars and dated September 1, 1959, and in the aggregate principal amount of twelve million dollars and dated June 1, 1963, the maximum levy which the board is authorized for school operating purposes for the year shall be decreased by the number of mills by which the levy required to meet such bond maturities, including principal and interest, exceeds eight mills; but in making the determination the board may take into account any surplus in the sinking fund accounts maintained for the payment of such bonds, including interest thereon, and the surplus, or so much as may be necessary, may be added to the anticipated proceeds of the eight-mill levy and used for the purpose of paying the amount of principal and interest required to be paid upon the bonds for the year.

In the event that prior to May 31, 1965, and on the same date of each year thereafter, the district has received or has been officially notified that there is available to the district for use during the ensuing school operating year federal funds appropriated for general school operating purposes pursuant to the Elementary and Secondary Education Act of 1965, or pursuant to any similar federal legislation which may hereafter be enacted (exclusive of all federal funds now or to become available to said school district under existing law or extensions thereof or for any special purpose or purposes which, at the time that said federal funds shall become available, said board of trustees may reasonably determine do not constitute a general school operating purpose included within the educational program then being conducted by said school district for students enrolled in grades 1 through 12 in any of the schools of said school district) in an amount equal to or exceeding the greater of (a) five hundred thousand dollars or (b) the anticipated proceeds of a five-mill levy upon all the taxable property within the district, and the board has accepted or is willing to accept the same, the maximum levy which the board is authorized for school purposes for any year shall be decreased by five mills.

SECTION 2. Election concerning tax increases.—On or before the first day of July of each year, the board shall canvass the needs of the school district and, if a majority of the members of the board conclude that the tax millage for operating school purposes in the district should be increased, they shall, on or before the first day of July, submit in writing to the county superintendent of education a statement showing the amount of the proposed additional levy and the need for the additional fund. Upon receiving the statement, the

superintendent of education shall call an election to the end that the voters of the district may vote for or against the proposed increase. In calling such an election, he shall post a notice in two or more public places in the district and shall publish a notice in at least one issue of each of the daily papers published in the county. The notice shall be posted and published at least fourteen days prior to the date of the election, and the date shall be fixed by the superintendent of education. The notice shall give the question to be voted on, the date of the election and the voting places, which voting places shall be selected by the superintendent of education as he deems proper. All residents of the district qualified to vote in a county general election shall be qualified to vote in the election upon producing to the managers credentials as required in general elections. As far as practicable, the rules governing general elections shall be followed. The superintendent of education shall have a sufficient number of appropriate ballots prepared and placed at the voting places of such election and shall appoint a sufficient number of managers, who shall conduct the election, canvass the results thereof, and certify the results to the superintendent of education.

SECTION 3. Tax increase if election favorable.—If a majority of those voting in the election shall vote in favor of the proposed tax millage, the superintendent of education shall in writing so certify to the auditor of the county, and state the amount of the proposed increased millage. Thereupon the auditor shall immediately levy and the tax collector shall collect the additional tax millage along with the ceiling millage upon all the taxable property in the district for the ensuing school year. Subject to the provisions of this act, the auditor shall annually thereafter make and the tax collector shall collect a like levy upon the property in the district; *provided,* however, that the provisions of Section 2 and Section 3 of this act requiring an election shall be applicable only with respect to the levy of taxes for operating school purposes and shall not be applicable with respect to any levy for the purpose of retiring any bonded indebtedness of the district pursuant to bonds issued subsequent to February 23, 1956. If the trustees of the district shall determine that the credit accruing to the district from the sales tax for any year shall prove insufficient to pay the bonds of the district issued subsequent to February 23, 1956, and maturing in any year, together with interest on the outstanding bonds of the district issued subsequent to February 23, 1956, they shall certify to

the Auditor of Greenville County the millage required to be levied on all property within the district for the purpose of paying the bonds with interest, and the auditor shall levy and the tax collector shall collect the millage so certified upon all the taxable property in the district.

SECTION 4. Expenses of election.—All expenses incident to the calling and holding of the election shall be borne by the district.

SECTION 5. Portion of levy may be suspended.—If at any time a majority of the board shall conclude that one or more mills of the tax levy authorized for operating school purposes under the provisions of this act for the ensuing year may be suspended for one year without materially interfering with the proper operation of the schools in the district and a majority of the members of the board shall notify the county superintendent of education in writing, the superintendent of education shall so notify the auditor in writing and thereupon the levy of the number of mills set out in the notification shall, for that year only, be suspended, and the auditor shall levy upon the property in the district in accordance with the notification.

No. 221

An Act To Amend Act No. 129 Of 1963, Relating To The Greenville County Planning Commission, So As To Further Provide For Its Powers And Duties And Subdivision Regulations.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Section 4 of Act 129 of 1963 amended—powers and duties.—Section 4 of Act No. 129 of 1963 is amended by adding at the end thereof the following: "(g) Adopt subdivision regulations as provided in Section 4A." The section when amended shall read as follows:

"Section 4. The Commission shall have authority to: (a) Prepare and from time to time revise, amend, and add to a continuing plan or plans for the development of the Planning Area. (b) Cooperate with and provide planning assistance to municipalities and other local governmental instrumentalities and planning agencies in the county. Such planning assistance shall be limited to surveys, land use studies, technical services and other planning assistance; whenever cooperation and assistance include the rendering of technical services, such services may be rendered free or in accordance with an agreement for reimbursement. (c) Provide information to officials of departments, agencies, and instrumentalities of State and local government, and to the public at large, in order to foster public awareness and understanding of the objectives of the Commission's plans and to stimulate public interest and participation in the orderly development of the Planning Area. (d) Hold public and private hearings and sponsor public meetings in any part of the county whenever it deems such hearings or meetings necessary or useful in the execution of its functions. (e) Exercise all other powers necessary and proper for the discharge of its duties. (f) Appoint advisory committees from among citizens of the Planning Area to study any problems or to advise on any problems submitted by the Commission. (g) Adopt subdivision regulations as provided in Section 4A."

SECTION 2. Act 129 of 1963 amended—Section 4A added—subdivision regulations.—Act No. 129 of 1963 is amended by adding Section 4A to read as follows:

"Section 4A. The Commission shall adopt and administer subdivision regulations after the Commission has adopted a comprehensive development plan which includes at least a major street, trunk sewer line and water line plan or shall have progressed in its comprehensive planning to the stage of the making of a major street plan. Thereafter, no plat of a subdivision of land within Greenville County shall be filed or recorded until it has been submitted to and is approved by the Planning Commission and such approval is entered in writing on the plat by the chairman, or his authorized representative.

This act shall apply to all of Greenville County, except those incorporated places which have planning and zoning commissions and which have adopted development standards and subdivision regulations which are, in the opinion of the commission, equal to or more stringent than those adopted by the Planning Commission. The extraterritorial subdivision jurisdiction granted to the City of Greenville under Sections 47-1038 and 47-1329, Code of Laws of South Carolina, 1962, is to be revoked upon adoption of subdivision regulations by the Planning Commission.

In exercising the powers granted to it herein, the Commission shall adopt regulations governing the subdivision of land within its platting jurisdiction as defined above. Such regulations shall provide for the harmonious development of the county; for the coordination of streets within subdivisions with other existing or planned streets or with other features of the comprehensive development plan or official map of the county; for adequate open spaces for traffic, recreation, light, and air; and for a distribution of population and traffic which will tend to create conditions favorable to health, safety, convenience, or prosperity.

Such regulations may include requirements as to the extent and manner in which streets shall be graded and improved and water, sewer, and other utility mains, piping, connections, or other facilities shall be installed as a condition precedent to the approval of the plat. The regulations or practice of the commission may provide for the tentative approval of the plat previous to such improvements and installation; but any such tentative approval shall not be entered on the plat. Such regulations may provide that, in lieu of the completion of such work and the installations previous to the final ap-

proval of a plat, the commission may accept a bond, in an amount and with surety and conditions satisfactory to it, providing for and securing to the county the actual construction and installation of such improvements and utilities within a period specified by the Commission and expressed in the bond; and the county is hereby granted the power to enforce such bonds by all appropriate legal and equitable remedies. Such regulations may provide, in lieu of the completion of such work and installations previous to the final approval of a plat, for an assessment or other method whereby the county is put in an assured position to do such work and make such installations at the cost of the owners of the property within the subdivision.

Before the adoption of regulations governing the subdivision of land, or any amendment thereof, the Commission shall hold a public hearing thereon, the notice of which shall be given once a week for two consecutive weeks, the first of which shall appear not less than fifteen nor more than thirty days prior to the hearing date. The notice of hearing shall be made in a daily newspaper having general distribution in the county.

The owner or agent of the owner of any land located within the platting jurisdiction of the Commission as described herein who transfers or sells or agrees to sell such land by reference to or exhibition of or by other use of a plat of subdivision of such land before such plat has been approved by the Commission and recorded in the office of the register of mesne conveyance shall forfeit and pay a penalty of one hundred dollars for each lot so transferred or sold or agreed or negotiated to be sold; and the description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from such penalties. The county may enjoin such transfer or sale or agreement by action for injunction or may recover the penalty by civil action.

The approval of a plat by the Commission shall not be deemed to constitute or effect an acceptance by the county or public of the dedication of any street or other ground shown upon the plat. After the adoption of a major street plan as provided above, the county or other public authority shall not accept, lay out, open, improve, grade, pave, or light any street or authorize the laying of water mains, sewers, connections, or other facilities or utilities in any street within the territorial jurisdiction of the Commission unless such street has been accepted or opened as, or shall have otherwise received the legal status

of, a public street prior to the attachment of the Commission's subdivision jurisdiction, or unless such street corresponds in its location and lines with a street shown on a subdivision plat approved by the Commission or on a street plat made by and adopted by the Commission; *provided*, however, that the governing body may locate and construct or may accept any other street if the ordinance or other measure for such location and construction or for such acceptance is first submitted to the Commission for its approval, and, if disapproved by the Commission, is passed by not less than three-fourths of the entire membership of the county legislative delegation; and a street approved by the Commission upon such submission, or of the governing body having appropriate jurisdiction, or constructed or accepted by three-fourths vote after disapproval by the Commission, shall have the status of an approved street as fully as though it had been originally shown on a subdivision plat approved by the commission or on a plat made and adopted by the Commission.

After the adoption of subdivision regulations by the Commission, no building permit shall be issued for and no building, other than a farm building, shall be erected on any lot in the county unless the street giving access to the lot upon which the building is proposed to be placed has been accepted or opened as, or shall have otherwise received the legal status of a public street.

For the purposes of this act, the term 'street' or 'streets' means streets, avenues, boulevards, roads, lanes, alleys, and other ways; 'subdivision' means the division of a tract or parcel of land into three or more lots, sites, or other divisions for the purpose, whether immediate or future, of sale or building development, and includes resubdivision and, when appropriate to the context, relates to the process of subdividing or to the land or area subdivided. The following shall not be included within this definition nor be subject to the regulations authorized by this act: (1) the division of land into parcels greater than five acres where no street right-of-way dedication is involved; (2) the public acquisition by purchase of strips of land for the widening or opening of streets.

The provisions of this act shall not apply to subdivision plat maps, which prior to the adoption of regulations governing the subdivision of lands, were recorded in the office of the Greenville County Register of Mesne Conveyance."

SECTION 3. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 22nd day of April, 1965.

All departments, institutions, and agencies of the State are hereby required and directed to budget and allocate the appropriations herein made to them, so as to provide for operation on uniform standards throughout the fiscal year 1965-66, and in order to avoid a deficiency in such appropriations, and upon request of the Budget and Control Board to submit to the Board its budget or plan of operation for the year, and the said Board is authorized to restrict the rate of expenditures of such agency if it appears that an unjustifiable deficit is likely to occur. *Provided, Further,* That the bonds of State officials violating the terms of this section shall be held liable thereof, unless the State Budget and Control Board has been advised of, and officially recognizes, the necessity for such deficit.

SECTION 77. Each department, institution, or other agency of the State is authorized to accept and receive such Federal Aid or grants

Provided, Further, That no full-time employee of any State department or institution shall be paid any compensation or travel from any other department of the State Government except with the approval of the State Budget and Control Board.

When an employee is assigned to work a particular territory or district, and such territory or district and his official headquarters are in different localities, or sections of the State, expenses may be allowed for necessary travel to his official headquarters. *Provided,* That members of the State Boards, Commissions or Committees, whose duties are not full time, and who are paid on a per diem basis, shall be allowed subsistence expenses while away from their places of residence on official business of the State. *Provided, Further,* That employees of the State traveling outside of the State on official business, shall be allowed the sum of $12.50 per day as subsistence expenses, except that the Governor, Lieutenant Governor, State Treasurer, and Secretary of State shall be allowed actual expenses. *Provided, Further,* That each Circuit Judge while holding Court within or without the circuit in which he resides, and each Justice of the Supreme Court, while traveling upon official business of said Court, shall be allowed the sum of fifteen ($15.00) dollars per day as subsistence expenses, and each Justice and Judge shall further receive such mileage allowance for travel as is provided for other employees of the State. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep thereof, but no mileage will be allowed. *Provided,* That in traveling on the business of the State, employees are required to use the most economical mode of transportation, due consideration being given to urgency, schedules, and like factors.

Provided, Further, That no State-owned automobile shall be acquired by any agency of the State without prior approval of the State Budget and Control Board.

SECTION 86. Foreign citizens, friendly to the United States, who are beneficiaries of scholarships to any of the State's institutions of higher learning, which scholarships are provided for by the student body of such institution, or donation from private citizens of South Carolina, shall be allowed to pay tuition at the same rates as residents of the State.

SECTION 87. The Boards of Trustees of the University of South Carolina, The Citadel, Winthrop College, Clemson University, and S. C. As to the winner of the American Legion High School Oratorical Contest and the Governor of Boys' State, the abatement shall be granted only when the American Legion, Department of South Carolina, shall have contributed a like amount per year. The abatement of tuition herein provided is for the purpose of furnishing a scholarship of One Hundred ($100.00) Dollars per year to the winners of the above contests, the State of South Carolina and the American Legion, Department of South Carolina, cooperating on an equal basis in providing these scholarships.

SECTION 88. In addition to the powers and duties devolved upon the Budget and Control Board by the 1962 Code of Laws of this State, the said Board is hereby given full power and authority to make surveys, studies, and examinations of departments, institutions, and agencies of this State, as well as its problems, so as to determine whether there may be an overlapping in the performance of the duties of the several departments, institutions, and agencies of the State, that proper administrative and organizational economy is being observed, and for the purpose of determining whether a proper system of accounting is maintained in such departments, institutions, commissions, and agencies, and to require and enforce the adoption of such policies as are deemed necessary to accomplish these purposes; and to survey, appraise, examine and inspect, and

SECTION 89. Any maintenance appropriations made herein or by special act now or hereafter, are hereby declared to be maximum, conditional and proportionate, the purpose being to make them payable in full in the amount named herein, if necessary, but only in the event the aggregate revenues available during the period for which the appropriation is made are sufficient to pay them in full. The State Budget and Control Board shall have full power and authority to survey the progress of the collection of revenue and the expenditure of funds by all departments and institutions, and is hereby authorized and directed to make such reductions of appropriations as may be necessary to prevent a deficit; *Provided,* That no institution or activity for which the General Assembly has herein provided shall be discontinued. *Provided, Further,* That any reduction of appropriations by the said Board, under authority of this Act, shall be uniform, and shall apply to all appropriations provided in this Act, except any part of such appropriations which may be encumbered by a written contract with an agency not connected with the State Government; and *Provided, Further,* That in making such reductions earmarked revenues shall be considered as a part of the amounts appropriated. *Provided, Further,* That no such reduction shall be ordered by the State Budget and Control Board while the General Assembly is in session without first reporting such necessity to the General Assembly.

SECTION 90. That transfers of appropriations herein provided may be made within departments, upon the unanimous approval of the State Budget and Control Board, but no such transfer shall be permitted for the purpose of increasing the compensation of any State employee which is specifically fixed in this Act.

SECTION 91. That unless specifically authorized herein, the appropriations provided in this Act as ordinary operating expenses of the State Government shall lapse on August 31, 1966. *Provided,* That appropriations for permanent improvements, or for other specific purposes aside from ordinary operating expenses, now outstanding or hereafter provided, shall lapse at the end of the second fiscal year following the close of the fiscal year in which such appropriations were provided, unless definite commitments shall have been made, with the approval of the State Budget and Control Board, toward the accomplishment of the purposes for which the appropriations were provided.

SECTION 92. For the year 1965-66, the compensation of all employees of the State government shall be increased three percent, but not more than $300.00 for any employee. The calculation of this increase, and the $300.00 limitation, shall be based on the total compensation of each employee from all sources, including State appropriated

funds, federal and other funds, it being the intent of this section that increases shall be paid proportionately from each source. All appropriations in this Act for "Salary and Wage Adjustments" shall be available only for that portion of increases applicable to State appropriated sources, and shall be applied only by transfer to the respective salary accounts approved by the Budget and Control Board. *Provided,* however, that when conditions warrant, and upon prior approval of the State Budget and Control Board, additional increases may be made from sources other than these special funds. *Provided, Further,* That the provisions of this section shall not apply to the compensation of constitutional officers, justices and judges of the State courts, nor to any employee whose total compensation is $20,000.00 or more per year, nor shall the compensation of any employee be increased by the provisions of this section to more than $20,000.00 per year.

The amount charged each department or agency shall be calculated on a square foot, or other equitable basis of measurement, and at such rates as will yield sufficient total annual revenue to cover both (1) the annual principal and interest due on the $6,500,000.00 capital improvement obligation authorized in the 1964-65 General Appropriation Act and (2) maintenance and operation costs of the above mentioned buildings.

Subsection (b). All departments and agencies against which rental charges are assessed and whose operations are financed in whole or in part by Federal and/or other non-appropriated funds are directed to apportion the payment of such charges equitably among all such funds, so that each shall bear its proportionate share. All appropriations in this Act itemized for "State Office Building Rental" shall be available only for payment of that portion of rental charges applicable to appropriated operations.

Subsection (c). Rental collections shall be deposited by the General Services Division in the State Treasury in a special account and

The Board may, in its discretion, waive the educational requirement for any candidate if it is satisfied from the result of a special examination given the candidate by the Board to test his educational qualifications that he is as well equipped, educationally, as if he met the applicable educational requirement specified in (1) or (2) above. The Board may provide by regulation for the general scope of such examinations and may obtain such advice and assistance as it deems appropriate to assist it in preparing and grading such special examinations.

Such regulations shall include such requirements as the Board shall determine to be appropriate in order that any examination approved as a basis for any such credit shall, in the judgment of the Board, be at least as thorough as that included in the most recent examination given by the Board at the time of the granting of such credit.

The Board may by regulation prescribe the terms and conditions under which a candidate who passes the examination in one or more of the subjects provided by Section 56-11 may be re-examined in only the remaining subjects, with credit for the subjects previously passed. It may also provide by regulation for a reasonable waiting period for a candidate's re-examination in a subject he has failed.

The applicable educational requirements of items (1) or (2) of Section 56-12 and experience requirements of Section 56-13 shall be those in effect on the date of the examination by which the candidate successfully completes his examination under Section 56-11; but the Board may provide by regulations for exceptions in order to prevent undue hardship to candidates resulting from changes in the educational requirements as provided in items (1) and (2).

The Board shall charge each candidate a fee, to be determined by the Board, not in excess of fifty dollars for the initial examination provided for in Section 56-11 and not in excess of fifty dollars for any special examination for a waiver of the educational requirements.

Any person who holds a license under this chapter, which is in full force and effect, shall be styled and known as a 'certified public accountant' and may also use the designation CPA. The Board shall maintain a list of certified public accountants.

Section 56-15. The Board shall keep a register in which shall be recorded the names of all persons examined and whether or not such applicants successfully passed the examination or any part thereof.

Section 56-16. Before any certificate is issued it shall be numbered and recorded in a book kept by the secretary-treasurer of the Board. In all legal proceedings the record so kept, or a certified copy thereof, shall be evidence of the facts therein stated.

Section 56-17. Persons who, on the effective date of this section, held certified public accountant certificates issued under the laws of this State shall not be required to obtain additional certificates under this chapter, but shall otherwise be subject to all provisions of this chapter, and such certificates shall, for all purposes, be considered certificates issued under this chapter and subject to the provisions hereof.

Section 56-18. The Board may in its discretion, upon application in writing, waive the examination referred to in Section 56-11 and issue a certificate to any person who has the qualifications required by this chapter and the rules of the Board when such person shall submit to the Board such evidence as to such qualifications as may be required by and be satisfactory to the Board and when (a) such person for not less than one year has been the holder of a certificate, license or degree in another state or a foreign country constituting a recognized qualification for the practice of public accounting in such state or foreign country, and (b) the standards prescribed by law or the rules and examinations conducted in such state or foreign nation are,

in the opinion of the Board, fully equivalent to the standards in this State.

Any nonresident obtaining a certificate in this State under the provisions of this section shall pay such application, certificate and annual license fees as are required of bona fide residents of this State and shall be subject to such regulations and restrictions as are required of bona fide residents who are recipients of certificates of registration under this chapter.

Section 56-19. Any person who holds a valid and unrevoked certificate as a certified public accountant issued under the authority of any state of the United States and who resides without the State of South Carolina may hold himself out as a certified public accountant within the State; *provided,* that he register with the Board and comply with its rules regarding such registration. A fee not to exceed fifteen dollars shall be charged for such registration or annual reregistration. A partnership each partner of which is a certified public accountant in good standing of some state of the United States may be considered one person for the purposes of this section.

Section 56-20. Every registered certified public accountant who desires to continue the practice in this State shall annually, on or before the first day of July of each year, pay to the secretary of the Board a license fee, to be fixed by the Board and which shall in no case exceed the sum of twenty-five dollars per annum, for which he shall receive a renewal of his license.

At its discretion, the Board may reduce or waive this annual fee in cases of illness, retirement from practice and similar situations.

Section 56-21. In case of default in such payment by any person his certificate shall be revoked by the Board upon the giving of twenty days notice in writing by the secretary-treasurer of the time and place of considering such revocation. The deposit of such notice in the United States post office addressed to such person at his last known place of residence or business, the registered postage prepaid thereon, shall be presumed to be due and legal service of such notice. But no certificate shall be revoked for nonpayment if the person notified shall pay such penalty as may be imposed by the Board not exceeding twenty-five dollars. A Joint Resolution To Create A Committee To Make A Continuous Study Of The Educational System In The Public Schools Of The State.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Committee created to make continuous study of educational system of public schools.—There is hereby created a committee to make a continuous study of the educational system in the public schools of the State which shall consist of nine members, one of whom shall be the Chairman of the Senate Education Committee, and one of whom shall be the Chairman of the House Education and Public Works Committee, two of whom shall be appointed from the membership of the Senate by the President of that body, two of whom shall be appointed from the membership of the House of Representatives by the Speaker of that body, and three shall be appointed by the Governor. None of the Governor's appointees shall be members of the Legislature. In the case of a vacancy the successor shall be appointed in the manner prescribed for the original appointment. The members of the committee appointed pursuant to Concurrent Resolution No. H. 1651 of 1963 shall constitute the membership of this committee from the effective date of this act. The committee shall meet as soon as practicable after appointment and shall organize itself by electing one of its members as chairman and such other officers as the committee may deem appropriate. Thereafter, the committee shall meet upon the call of the chairman or a majority of the members.

SECTION 2. Duties.—The committee shall make a continuous study of the overall educational program of the State, including the administrative, financial, and all other phases, directly or remotely, influencing the effectiveness of the program. The financial status of the system should be given careful attention as the relative ability of all localities to assist in the support of adequate public schools varies considerably.

Educational television should be thoroughly explored. It is now widely used in serving educational needs of various communities in the State and throughout the entire nation as well. The General Assembly does not desire to limit the committee to the consideration of the following types of television education, but it does strongly suggest that these basic types should always be kept in mind:

(1) classroom instruction at all levels, bearing in mind that there is some disagreement over classroom presentations;

(2) adult education for scholastic credit;

(3) telecasts for children out of school, either after school hours or for children sick at home; and

(4) Improvement in teaching technique through improved in-service training programs for teachers.

The subject of improving the quality of instruction given pupils should receive high priority, along with teachers' pay. Teacher compensation should be constantly studied. The subject of teacher qualification and selection should be reviewed from time to time, as well as teacher training, certification, employment practices, in-service training, and a master teaching program.

The committee should consider a very serious problem confronting the public schools of the State, which is that of drop-outs, non-attendance and non-enrollment.

The building program, schoolbook program and any subject which the committee believes will assist the General Assembly in improving the educational facilities of South Carolina should be explored and reported on.

The committee shall make a thorough study of the education code of the State of South Carolina to eliminate duplication, conflicts, and obsolete material and statutes pertaining to the field of education.

SECTION 3. Employ personnel — compensation — expenditures.—The committee is authorized to employ such staff, clerical and other assistance as it may consider necessary in the performance of the duties for which appointed. The members of the committee shall receive no compensation but shall be authorized such per diem, mileage and subsistence as provided by law for members of boards, committees and commissions. All expenditures authorized herein shall be paid from such appropriation as may be provided annually by the General Assembly for the committee, which shall be paid out on warrants signed by the chairman of the committee.

SECTION 4. Reports.—The committee shall make a report to the General Assembly and to the Governor at least once during each General Assembly.

SECTION 5. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 20th day of May, 1965.

SECTION 2. Section 32-1635 amended—Dairy Commission may designate controlled markets and fix price of milk—public hearings.—Section 32-1635 of the Code of 1962 is amended by striking the entire section and inserting in lieu thereof the following:

"Section 32-1635 (1) The Commission shall have the authority to define and designate any market or markets in the State as a controlled market, to fix the minimum prices to be paid by distributors to producers for the various classes of milk in such market and to fix the minimum unit prices to be charged to or received from a wholesale consumer in such market by a distributor or sub-distributor for milk and milk products; *provided,* however, the Commission shall not exercise such authority until a public hearing has been held at which all interested parties are afforded an opportunity to be heard, after first publishing in at least five newspapers having general circulation in the State reasonable notice of the hearing, and the Commission determines that the exercise of such authority will be necessary in order to provide a constant and adequate supply of fresh, pure, wholesome milk for the inhabitants of this State, the Legislature having found such an objective to be inseparably interrelated to the public interest and obtainable only, with a reasonable degree of certainty, by preventing the economic destruction of the Grade A dairy farmers in South Carolina whose economic survival is incumbent upon a stable milk market in this State.

(2) When the Commission determines that the exercise of such authority is necessary in order to achieve the foregoing purpose, it shall ascertain, by such investigations and proofs as conditions permit, and fix temporarily the minimum producer prices and the minimum wholesale prices for the controlled market as provided by this section.

(3) The Commission then shall investigate the costs to a representative number of producers of producing Grade A milk and the

costs to a representative number of distributors of receiving, processing, distributing and marketing Grade A milk and, on the basis of such costs, fix by official order the minimum producer prices and minimum wholesale prices for the controlled market as provided by this section, and such prices shall prevail until such order is revised on the basis of new or additional costs data or until such order is rescinded by the Commission.

(4) The Commission, in considering the costs and in determining the minimum prices to be fixed on the basis thereof shall take into consideration the primary economic factors and conditions which materially affect the milk industry.

(a) In determining the minimum producer prices to be fixed pursuant to this section, the Commission shall take into consideration the average of all ordinary and necessary costs and expenses incurred by a representative number of producers in the production of Grade A milk, including but not limited to: (1) the cost incurred by such producers in maintaining dairy animals in a healthy condition and in complying with all other sanitary requirements imposed by this State in the production of milk, and (2) the fixed charges and operating expenses incurred by such producers in the ownership, control, management, and operations of their dairy herds; and also the amount necessary to yield a reasonable rate of return in relation to the average cost of the investment by such producers in the production of Grade A milk.

(b) In determining the minimum wholesale prices to be charged by distributors, the Commission shall take into consideration the average of all ordinary and necessary expenses incurred by a representative number of distributors in the ownership, control, financing, management, and operations pertaining to the receiving, processing, distributing and marketing of Grade A milk, including but not limited to: (1) the purchase price paid or incurred and the delivery expenses paid or incurred by such distributors in the purchase and receipt of milk, and (2) the fixed charges and operating expenses incurred by such distributors in the processing, distributing and marketing of milk; and also the amount necessary to yield a reasonable rate of return in relation to the cost of the investment by such distributors in the business of receiving, processing, distributing and marketing of Grade A milk. In the event such distribu-

tors have borrowed funds during the period used in the computation of the fixed charges and operating expenses, the interest rate in such computations shall be six per cent per annum.

(5) The Commission may on its own motion call a public hearing as provided by this section, and shall call such hearing upon the written application of the producers supplying, in the judgment of the Commission, a substantial portion of the milk consumed in any market or markets in the State."

SECTION 3. Section 32-1640.2 amended—revocation of licenses —penalties.—Section 32-1640.2 of the Code of 1962, as amended, is further amended by striking on line 12 the following: "in the amount of ten dollars per day for each and every day during which the violation occurs and continues, each day's violation of any law, order, rule or regulation constituting a separate offense." and inserting in lieu thereof the following: "in the amount of two hundred dollars per day for each and every violation of any law, order, rule or regulation, and each such violation shall constitute a separate offense and each day such violation continues shall constitute a separate offense." When so amended, the section shall read as follows:

"Section 32-1640.2. The Commission may, upon due notice and opportunity for hearing, suspend, revoke or decline to renew a license issued pursuant to the provisions of Section 32-1637 to 32-1640.1 for any market or markets when it has been determined by the Commission that a licensee has either directly or indirectly, in the conduct of his business within such market or markets, violated any of the provisions of this article or any rule, regulation or order issued pursuant thereto, after being given an opportunity to comply with such provisions. *Provided,* however, that the State Dairy Commission may in its discretion, in lieu of revoking or suspending a license, assess a penalty against the offending licensee for such violation, after notice and hearing as above set out, in the amount of two hundred dollars per day for each and every violation of any law, order, rule or regulation, and each such violation shall constitute a separate offense and each day such violation continues shall constitute a separate offense. If such penalty is assessed and be not paid, the State Dairy Commission is authorized to revoke the license and to apply to any court of competent jurisdiction for the enforcement of the collection of the penalty. Any funds collected hereunder shall be paid as are assessments collected under Section 32-1631."

"Section 32-1640.5. (1) No store shall either directly or indirectly sell, advertise or offer for sale any brand of milk or milk product for less than the price at which all competing brands offered for sale by such store are sold, advertised or offered for sale, or discriminate in any way in the terms or conditions of sale against any competing brands of milk and milk products offered for sale by such store; *provided,* however, any difference in the unit price at which competing brands of milk and milk products are sold, advertised or offered for sale by a store which represents the difference between the minimum wholesale unit price establishd by the Commission and any higher net unit cost to such store of such product shall not constitute a violation of this section.

(2) No store shall purchase for, consign to or otherwise make available any products covered by this article to another store for the purpose of or with the intent or effect of aiding or abetting such store in a violation of this article or for the purpose of aiding such store in circumventing an order issued by the Commission pursuant to the provisions of this article."

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Definitions.—For the purposes of this act:

"Clearing corporation" means a corporation, all of the capital stock of which is held by or for a national securities exchange registered under the Securities Exchange Act of 1934, as amended.

"Custodian" means a national bank, or a bank or trust company organized under or subject to the banking law, acting as custodian for a clearing corporation.

SECTION 2. Transfer of stock in custody of clearing corporations.—Notwithstanding any other provision of law, if a certificate or instrument evidencing shares of stock, or rights to purchase or subscribe to shares of stock, is in the custody of a clearing corporation or of a custodian subject to the instructions of a clearing corporation, title to any such certificate or instrument or to any interest therein and to the shares or rights evidenced by such certificate, instrument or interest may be transferred by making entries on the books of the clearing corporation reducing the account of the transferor by the number of shares or rights transferred and increasing the account of the transferee by such number of shares or rights. SECTION 3. Pledges of such stock.—A valid pledge may be made of any such certificate or instrument or of any interest therein and of the shares or rights evidenced by such certificate, instrument or interest by

An Act To Authorize The State Of South Carolina, Its Agencies And Instrumentalities, Including Counties, School Districts, Municipalities, Special Purpose Districts And Authorities, To Effect The Refunding Of Outstanding Bonds Prior To Their Maturity Or Redemption Dates, And To Prescribe The Terms And Conditions Under Which Such Refunding May Be Effected.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Definitions.—For the purposes of this act the following terms shall mean:

(1) *Advanced refunding,* the refunding of outstanding bonds through the authorizations of this act and other statutes herein referred to, more than six months prior to the dates on which outstanding bonds mature or may be called for payment and redemption.

(2) *Corporate trustee,* any incorporated bank organized under the laws of any of the states of the United States or any national banking corporation organized under the laws of the United States maintaining an established and active trust department which shall agree to perform the functions imposed upon it by the provisions of this act; but, unless such bank or national bank shall maintain offices

in South Carolina, it shall have unimpaired capital and surplus of not less than twenty-five million dollars.

(3) *Governing board,* the board, commission, municipal council, board of trustees, authority, or any other public body upon which is devolved by law the administrative and executive duties with respect to any public agency.

(4) *Outstanding bonds,* all general obligation bonds, with or without additional security or bonds payable solely from any revenue-producing project, now or hereafter issued pursuant to laws now or hereafter enacted.

(5) *Public agency,* the State of South Carolina, its agencies and institutions, counties, all incorporated municipalities, school districts, special purpose districts, authorities and every other agency or political entity of the State, which now or hereafter shall be given the power to incur debt in the form of general obligation bonds, with or without additional security, or bonds payable solely from any revenue-producing project now or hereafter issued pursuant to law.

(6) *Refunding bonds,* any bonds issued for the purpose of providing all or any part of the moneys required to effect the payment upon maturity, or upon redemption, of any outstanding bonds, and shall include all sums required to meet the payment of principal, redemption premiums and such interest on outstanding bonds as may be required to be funded in order to effect the advanced refunding of outstanding bonds.

SECTION 2. Findings of General Assembly.—(1) The General Assembly has taken note of the fact that many public agencies in South Carolina now have outstanding bonds (and may in the future have outstanding bonds) bearing rates of interest higher than rates which the public agencies might now or hereafter be required to pay, and that as a consequence the public agencies could effect savings if a method be provided by which the outstanding bonds could be refinanced in advance of the dates on which they mature or may be called for payment and redemption.

(2) The General Assembly takes further note of the fact that Article 3, Chapter 12, Title 1, Code of Laws of South Carolina, 1962, provides a statutory vehicle for the refunding of general obligation bonds of any incorporated city, town, school district, county or other political division or subdivision of the State. The article provides that refunding bonds may not be issued sooner than one year from the

date on which the outstanding bonds mature or may be called for redemption.

(3) The General Assembly takes further note that Chapter 6, Title 59, Code of Laws of South Carolina, 1962, provides a means by which certain governmental units therein defined as "municipalities" may effect the refunding of bonds payable from the revenues of any revenue-producing project (therein defined as "enterprises"). This chapter permits refunding at any time.

(4) The General Assembly further finds that the situation relating to the time at which refunding of outstanding bonds may be undertaken is affected by decisions of the Supreme Court of South Carolina, viz.: *Kalber* vs. *Stokes* (1940), 194 S. C. 339, 9 S. E. 2d 785, and *Robertson* vs. *Tillman,* 39 S. C. 298, 17 S. E. 678, in which the court was required to pass upon the right of a municipal corporation to refund general obligations in advance of the time of their maturity or redemption date.

SECTION 3. Advanced refunding of bonds to be permitted.—On the basis of the existing situation, the General Assembly has determined to provide a means by which all public agencies shall be permitted to refund outstanding bonds through an advanced refunding and to prescribe the terms and conditions under which such an advanced refunding shall be permitted.

SECTION 4. Public agencies may refund outstanding bonds.—Any public agency may utilize the provisions of either Article 3, Chapter 12, Title 1, or Chapter 6, Title 59, Code of Laws of South Carolina, 1962, to effect the refunding of any of its outstanding bonds, and the provisions shall extend to, and are hereby made available to, governing boards of all public agencies, both for the purpose of refunding outstanding bonds and effecting advanced refunding pursuant to this act. To the extent that they may be required in order to effect an advanced refunding, refunding bonds may be issued in such amounts as shall be required to provide for the payment of (a) all outstanding bonds maturing subsequent to the date as of which refunding bonds shall be issued, and (b) such further amount as shall be required to effect the payment of any redemption premium of the outstanding bonds, the amount required to fund interest on the outstanding bonds to the date fixed for redemption in the plan of advancing refunding (if the funding of interest on the outstanding bonds shall prove necessary), and any ex-

penses incurred by the governing board in connection with the issuance of refunding bonds. *Provided,* that if any governing board shall find it necessary to effect improvements at the same time as it shall undertake an advanced refunding with refunding bonds issued pursuant to Chapter 6, Title 59, Code of Laws of South Carolina, 1962, refunding bonds in addition to those otherwise required may be issued to such extent as may be necessary to meet the costs of such improvements.

SECTION 5. When refunding may take place.—Advanced refunding pursuant to this act may be effected at any time, but not more than five years prior to the date on which outstanding bonds mature or can be made subject to redemption in accordance with their tenor and terms, under the conditions prescribed by this act.

SECTION 6. Public agencies to have certain findings.—Prior to any advanced refunding the governing board of any public agency which shall have outstanding bonds shall find:

(a) that a savings can be effected through an advanced refunding;

(b) that through the means of investing the proceeds of any refunding bonds in investments permitted by this act the effective interest to be earned thereon shall equal or exceed the interest to be paid upon its refunding bonds; and

(c) in the event any governing board shall undertake to effect an advanced refunding pursuant to Chapter 6, Title 59, Code of Laws of South Carolina, 1962, and at the same time borrow for the purpose of constructing improvements to its revenue-producing project, it shall likewise have found that such improvements are then necessary and can be accomplished with the moneys provided by the proceeds of the refunding bonds issued pursuant to Chapter 6, Title 59, Code of Laws of South Carolina, 1962, for the purpose of constructing such improvements.

SECTION 7. Payment and redemption of outstanding bonds.—The governing board shall irrevocably bind itself to call for payment and redemption all outstanding bonds for which any advanced refunding shall occur, on the occasion fixed for their earliest redemption, and to give due notice thereof in accordance with the terms and provisions of the outstanding bonds.

SECTION 8. Proceeds—corporate trustee.—On the delivery of any refunding bonds issued pursuant to this act, the principal pro-

ceeds thereof (less any accrued interest and less the proceeds of that portion of any refunding bonds issued pursuant to Chapter 6, Title 59, Code of Laws of South Carolina, 1962, for improvements) shall be deposited with a corporate trustee and held by it under a written trust agreement and in a special trust account. No. 341

An Act Providing For The State Of South Carolina To Enter Into An Agreement On Detainers With Other States And Setting Out The Provisions Of The Agreement.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Detainers—agreements with other states—form.—The Agreement on Detainers is hereby enacted into law and entered into by this State with all other jurisdictions legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

Article I

The party states find that charges outstanding against a prisoner, detainers based on untried indictments, informations or complaints, and difficulties in securing speedy trial of persons already incarcerated in other jurisdictions, produce uncertainties which obstruct programs of prisoner treatment and rehabilitation. Accordingly, it is the policy of the party states and the purpose of this agreement to encourage the expenditious and orderly disposition of such charges and determination of the proper status of any and all detainers based on untried indictments, informations or complaints. The party states also find that proceedings with reference to such charges and detainers, when emanating from another jurisdiction, cannot properly be had in the absence of cooperative procedures. It is the further purpose of this agreement to provide such cooperative procedures.

Article II

As used in this agreement:

(a) "State" shall mean a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico.

(b) "Sending state" shall mean a state in which a prisoner is incarcerated at the time that he initiates a request for final disposition pursuant to Article III hereof or at the time that a request for custody or availability is initiated pursuant to Article IV hereof.

(c) "Receiving state" shall mean the state in which trial is to be had on an indictment, information or complaint pursuant to Article III or Article IV hereof.

Article III

(a) Whenever a person has entered upon a term of imprisonment in a penal or correctional institution of a party state, and whenever during the continuance of the term of imprisonment there is pending in any other party state any untried indictment, information or complaint on the basis of which a detainer has been lodged against the prisoner, he shall be brought to trial within one hundred eighty days after he shall have caused to be delivered to the prosecuting officer and the appropriate court of the prosecuting officer's jurisdiction written notice of the place of his imprisonment and his request for a final disposition to be made of the indictment, information or complaint; *provided,* that for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction

of the matter may grant any necessary or reasonable continuance. The request of the prisoner shall be accompanied by a certificate of the appropriate official having custody of the prisoner, stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner.

(b) The written notice and request for final disposition referred to in paragraph (a) hereof shall be given or sent by the prisoner to the warden, commissioner of corrections or other official having custody of him, who shall promptly forward it together with the certificate to the appropriate prosecuting official and court by registered or certified mail, return receipt requested.

(c) The warden, commissioner of corrections or other official having custody of the prisoner shall promptly inform him of the source and contents of any detainer lodged against him and shall also inform him of his right to make a request for final disposition of the indictment, information or complaint on which the detainer is based.

(d) Any request for final disposition made by a prisoner pursuant to paragraph (a) hereof shall operate as a request for final disposition of all untried indictments, informations or complaints on the basis of which detainers have been lodged against the prisoner from the state to whose prosecuting official the request for final disposition is specifically directed. The warden, commissioner of corrections or other official having custody of the prisoner shall forthwith notify all appropriate prosecuting officers and courts in the several jurisdictions within the state to which the prisoner's request for final disposition is being sent of the proceeding being initiated by the prisoner. Any notification sent pursuant to this paragraph shall be accompanied by copies of the prisoner's written notice, request, and the certificate. If trial is not had on any indictment, information or complaint contemplated hereby prior to the return of the prisoner to the original place of imprisonment, such indictment, information or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.

(e) Any request for final disposition made by a prisoner pursuant to paragraph (a) hereof shall also be deemed to be a waiver of extradition with respect to any charge or proceedings contemplated thereby or included therein by reason of paragraph (d) hereof, and a

waiver of extradition to the receiving state to serve any sentence there imposed upon him, after completion of his term of imprisonment in the sending state. The request for final disposition shall also constitute a consent by the prisoner to the production of his body in any court where his presence may be required in order to effectuate the purposes of this agreement and a further consent voluntarily to be returned to the original place of imprisonment in accordance with the provisions of this agreement. Nothing in this paragraph shall prevent the imposition of a concurrent sentence if otherwise permitted by law.

(f) Escape from custody by the prisoner subsequent to his execution of the request for final disposition referred to in paragraph (a) hereof shall void the request.

Article IV

(a) The appropriate officer of the jurisdiction in which an untried indictment, information or complaint is pending shall be entitled to have a prisoner against whom he has lodged a detainer and who is serving a term of imprisonment in any party state made available in accordance with Article V (a) hereof upon presentation of a written request for temporary custody or availability to the appropriate authorities of the state in which the prisoner is incarcerated; *provided,* that the court having jurisdiction of such indictment, information or complaint shall have duly approved, recorded and transmitted the request. *Provided,* further, that there shall be a period of thirty days after receipt by the appropriate authorities before the request be honored, within which period the governor of the sending state may disapprove the request for temporary custody or availability, either upon his own motion or upon motion of the prisoner.

(b) Upon receipt of the officer's written request as provided in paragraph (a) hereof, the appropriate authorities having the prisoner in custody shall furnish the officer with a certificate stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner. The authorities simultaneously shall furnish all other officers and appropriate courts in the receiving state who have lodged detainers against the prisoner with similar certificates and with notices informing them of the request for custody or availability and of the reasons therefor.

(c) In respect of any proceedings made possible by this Article, trial shall be commenced within one hundred twenty days of the arrival of the prisoner in the receiving state, but for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance.

(d) Nothing contained in this Article shall be construed to deprive any prisoner of any right which he may have to contest the legality of his delivery as provided in paragraph (a) hereof, but such delivery may not be opposed or denied on the ground that the executive authority of the sending state has not affirmatively consented to or ordered such delivery.

(e) If trial is not had on any indictment, information or complaint contemplated hereby prior to the prisoner's being returned to the original place of imprisonment pursuant to Article V (e) hereof, such indictment, information or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.

Article V

(a) In response to a request made under Article III or Article IV hereof, the appropriate authority in a sending state shall offer to deliver temporary custody of such prisoner to the appropriate authority in the state where such indictment, information or complaint is pending against such person in order that speedy and efficient prosecution may be had. If the request for final disposition is made by the prisoner, the offer of temporary custody shall accompany the written notice provided for in Article III of this agreement. In the case of a federal prisoner, the appropriate authority in the receiving state shall be entitled to temporary custody as provided by this agreement or to the prisoner's presence in federal custody at the place for trial, whichever custodial arrangement may be approved by the custodian.

(b) The officer or other representative of a state accepting an offer of temporary custody shall present the following upon demand:

(1) Proper identification and evidence of his authority to act for the state into whose temporary custody the prisoner is to be given.

(2) A duly certified copy of the indictment, information or complaint on the basis of which the detainer has been lodged and on the basis of which the request for temporary custody of the prisoner has been made.

(c) If the appropriate authority shall refuse or fail to accept temporary custody of such person, or in the event that an action on the indictment, information or complaint on the basis of which the detainer has been lodged is not brought to trial within the period provided in Article III or Article IV hereof, the appropriate court of the jurisdiction where the indictment, information or complaint has been pending shall enter an order dismissing the same with prejudice, and any detainer based thereon shall cease to be of any force or effect.

(d) The temporary custody referred to in this agreement shall be only for the purpose of permitting prosecution on the charge or charges contained in one or more untried indictments, informations or complaints which form the basis of the detainer or detainers or for prosecution on any other charge or charges arising out of the same transaction. Except for his attendance at court and while being transported to or from any place at which his presence may be required, the prisoner shall be held in a suitable jail or other facility regularly used for persons awaiting prosecution.

(e) At the earliest practicable time consonant with the purposes of this agreement, the prisoner shall be returned to the sending state.

(f) During the continuance of temporary custody or while the prisoner is otherwise being made available for trial as required by this agreement, time being served on the sentence shall continue to run but good time shall be earned by the prisoner only if, and to the extent that, the law and practice of the jurisdiction which imposed the sentence may allow.

(g) For all purposes other than that for which temporary custody as provided in this agreement is exercised, the prisoner shall be deemed to remain in the custody of and subject to the jurisdiction of the sending state and any escape from temporary custody may be dealt with in the same manner as an escape from the original place of imprisonment or in any other manner permitted by law.

(h) From the time that a party state receives custody of a prisoner pursuant to this agreement until such prisoner is returned to the territory and custody of the sending state, the state in which the one or more untried indictments, informations or complaints are pending or in which trial is being had shall be responsible for the prisoner and shall also pay all costs of transporting, caring for, keeping and returning the prisoner. The provisions of this paragraph shall govern unless the states concerned shall have entered into a supplementary agreement providing for a different allocation of costs and respon-

sibilities as between or among themselves. Nothing herein contained shall be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

Article VI

(a) In determining the duration and expiration dates of the time periods provided in Articles III and IV of this agreement, the running of such time periods shall be tolled whenever and for as long as the prisoner is unable to stand trial, as determined by the court having jurisdiction of the matter.

(b) No provision of this agreement, and no remedy made available by this agreement, shall apply to any person who is adjudged to be mentally ill.

Article VII

Each state party to this agreement shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this agreement, and who shall provide, within and without the state, information necessary to the effective operation of this agreement.

Article VIII

This agreement shall enter into full force and effect as to a party state when such state has enacted the same into law. A state party to this agreement may withdraw herefrom by enacting a statute repealing the same. However, the withdrawal of any state shall not affect the status of any proceedings already initiated by inmates or by state officers at the time such withdrawal takes effect, nor shall it affect their rights in respect thereof.

Article IX

This agreement shall be liberally construed so as to effectuate its purposes. The provisions of this agreement shall be severable and if any phrase, clause, sentence or provision of this agreement is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this

agreement shall be held contrary to the constitution of any state party hereto, the agreement shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

SECTION 2. Appropriate court defined.—The phrase "appropriate court" as used in the Agreement on Detainers shall, with reference to the courts of this State, mean a court of record with criminal jurisdiction.

SECTION 3. State officials to enforce agreement.—All courts, departments, agencies, officers and employees of this state and its political subdivisions are hereby directed to enforce the Agreement on Detainers and to cooperate with one another and with other party states in enforcing the agreement and effectuating its purpose.

SECTION 4. Prisoners who escape from temporary custody.—Any prisoner released to temporary custody under the provisions of the Agreement on Detainers from a place of imprisonment in South Carolina who shall escape or attempt to escape from such temporary custody, whether within or without the borders of this State, shall be dealt with in the same manner as if the escape or attempt to escape were from the original place of imprisonment.

SECTION 5. Not to affect habitual offenders law.—Nothing in this act or in the Agreement on Detainers shall be construed to require the application of the habitual offenders law to any person on account of any conviction had in a proceeding brought to final disposition by reason of the use of such agreement.

SECTION 6. Prison officials to give over inmates.—It shall be lawful and mandatory upon the warden or other official in charge of a penal or correctional institution in this State to give over the person of any inmate thereof whenever so required by the operation of the Agreement on Detainers.

SECTION 7. Central Administrator and Information Agent.—The Governor is empowered to designate the officer who will serve as Central Administrator and Information Agent for the Agreement on Detainers.

SECTION 8. Distribution of copies of act.—Copies of this act shall, upon its approval, be transmitted to the Governor of each state, the attorney general and the administrator of general services of the United States, and the Council of State Governments.

SECTION 9. Time effective.—This act shall take effect upon approval by the Governor.

No. 349

An Act To Empower Municipalities Exercising The Power To Construct And Operate Sewage Collection And Disposal Facilities To Impose And Enforce The Payment Of Sewer Service Charges; To Contract With Public Or Private Agencies Operating Water Systems For The Collection Of Sewer Charges; To Adopt And Enforce Ordinances Requiring Property In The Municipality To Connect To And Use The Municipal Sewage Collection Facilities And Regulating Generally The Use Of Sewage Facilities; To Impose Front Foot Assessments Against Property Abutting Its Sewer Lines; And To Make Unpaid Sewer Charges A Lien Against The Property Served.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly takes note of the fact that incorporated cities and towns (municipalities) throughout the State have in many instances experienced considerable growth with the result that sewage collection and treatment facilities must be extended and enlarged in order to serve all of the persons residing within the corporate limits. Such extensions and enlargements are customarily paid from ad valorem taxes levied throughout the municipality and from sewer service charges. However, it appears that in some instances the cost of constructing all or a portion of such facilities can be more equitably distributed by assessing all or a portion of the cost of constructing sewer laterals against the properties facing thereon.

The General Assembly concludes that in order to facilitate the construction and operation of sewer systems by municipalities, all municipalities should be granted all of the powers set forth in this act.

In view of the foregoing, the General Assembly has determined to confirm in the governing body of each municipality the power: (1) to place into effect, revise, enforce, and collect a schedule of charges for its sewage collection service and (2) to adopt and enforce regulations requiring all properties to which sewer service is available to connect to the municipality's sewage collection facilities as now existing or hereafter improved; and to give the governing body of each municipality in addition to those powers already vested in them, the power: (a) to contract with any public or private agency operating a water system for the collection of such sewer charges;

(b) to make regulations generally with respect to the discharge of sewage and the use of privies, septic tanks and any other type of sewage facilities; (c) to impose front foot assessments against properties abutting the sewage collection laterals; and (d) to make unpaid sewer service charges a lien against the property served.

It is the legislative intent of this act that it shall be deemed complementary and supplementary to existing laws relating to any municipalities and to add to the powers, functions and duties committed to the several governing bodies thereof in order that all municipalities may fulfill their function of preserving the public health, and provide for all those who own, use or occupy dwellings, commercial buildings or other structures therein. In enacting this law, the General Assembly exercises its general police powers having found that such exercise was necessary for the maintenance and preservation of the health of the inhabitants of the State. Nothing herein contained shall be construed to be in derogation of the powers of the State Board of Health.

SECTION 2. Definitions. For all purposes of this act:

(a) The term "municipality" shall mean any incorporated city or town now or hereafter existing;

(b) The term "council" shall mean the governing body of any municipality as now or hereafter constituted;

(c) The term "water distribution agency" shall mean any public or private agency operating a water distribution system within any municipality or any portion thereof;

(d) The term "sewage" shall mean domestic or industrial waste requiring collection, disposal and treatment;

(e) The term "sewer service charge" shall mean the monthly, quarterly or annual charge imposed by any municipality for the collection, treatment and disposal of sewage irrespective of whether the same shall be collected by a water distribution agency or whether it shall be assessed against the property served as provided by Section 3 of this act;

(f) The term "sewer connection charge" shall mean the charge imposed upon property owners as a condition to authorizing them to connect to and discharge sewage into any public sewer system; and

(g) The term "front foot assessment" shall mean the assessment levied to reimburse a municipality for that portion of the cost of installing sewer laterals (collection lines) imposed by the council on a front foot basis.

SECTION 3. Powers of councils.—Each council is empowered by ordinance duly adopted:

(1) To place into effect and revise whenever it so wishes or may be required a schedule of sewer service and sewer connection charges for the use of and connection to any sewage disposal system which it may operate. Prior to the furnishing of any sewage disposal service for which the prescribed sewer service charge shall, pursuant to Section 4 of this act, become a lien on the property affected and prior to any subsequent increase in any such sewer service charge, not less than ten days' written notice shall be given to each affected property owner notifying him of the nature and quantum of the sewer service charge and providing such property owner an opportunity if desired and requested, to appear and be heard in person or by counsel before the council. Following such hearing, if such be requested and held, action shall be taken by the council and notice of its decision shall be given to the property owner concerned or to his counsel, as the case may be, not less than ten days prior to the effective date of the sewer service charge. Any property owner aggrieved by the action of the council may proceed by certiorari in the court of common pleas for the county in which the property affected or any part thereof lies to have such court review the action taken by the council, at which time the court will determine the validity and reasonableness of the sewer service charge so made. Sewer service charges not intended to become liens in the case of nonpayment can be imposed and subsequently increased upon any user in the municipality without such notice and hearing.

(2) To enter into contracts with any water distribution agency upon terms and conditions to be mutually agreed upon by which the council shall constitute the water collection agency the agent of the council, for the purpose of collecting such sewer service charges as the council shall from time to time impose upon those who utilize its sewage disposal facilities and shall empower the water collection agency as such agent to disconnect water service upon failure of any user to pay such sewer service charges.

(3) To prescribe and enforce regulations (a) requiring persons who shall be residents of the municipality to make use of any sewer system which the municipality shall from time to time operate; and (b) generally with respect to the discharge of sewage and the use of privies, septic tanks and other sewage facilities within the municipality.

(4) To provide that the actual cost of the establishment and construction of any sewer lateral collection lines hereafter constructed by the municipality and any extensions thereof within the municipality, or so much of the actual cost thereof as the council in its discretion deems appropriate, shall be assessed subject to the provision of the succeeding paragraph, upon the lots and parcels of land abutting directly on such lateral lines or extensions thereof according to the extent of the respective frontage thereon, by an equal rate per foot of such frontage; but the council may, in its discretion, provide, in the instance of corner lots, for an assessment deemed to be equitable. The council may provide in such resolution that the front foot assessments to be levied in connection with such installations may be paid in equal installments covering a period of not exceeding ten years. Such deferred payments shall be payable annually within the period that county taxes are payable and late payments shall be penalized to the same extent as in the case of county taxes. The General Assembly does not intend through this enactment to permit assessments against abutting property where no benefit will result to such property or where any such benefit would result only at some remote future time. Accordingly, no council shall, pursuant to this act, impose any front foot assessment against any property unless the assessment is being used for or is devoted to commercial or residential purposes at the time of the assessment or unless, in the case of properties on which no buildings shall be situate, such properties shall have been platted or otherwise developed as a part of a subdivision devoted to residential or commercial purposes; if any such property, which pursuant to the provisions of this paragraph is exempt from front foot assessment at the time the assessment is originally levied, is later converted to commercial or residential purposes or is later platted or otherwise developed then at such time front foot assessments may be levied against such property. No individual parcel shall be assessed on the basis of more than two hundred fifty feet of frontage.

In connection with the imposition of such front foot assessments:

(a) The ordinance providing for such front foot assessments shall designate by a general description the improvement to be made and the street or parts thereof whereon the work is to be effected and the actual cost thereof and the amount of the cost to be assessed upon all abutting property subject to the provisions of the preceding paragraph and the terms and manner of payment. Such ordinance shall not become effective until at least seven days after it shall have

been published in a newspaper of general circulation in the municipality. Such ordinance may incorporate by reference plats and engineering reports and other data on file in the council's office provided that the place of filing and reasonable hours for inspection by interested persons are specified in the ordinance.

(b) Upon the completion of the construction of any such sewer laterals or any extensions thereof the council shall compute and ascertain the total cost thereof and shall thereupon make an assessment of such total cost or so much thereof as it deems appropriate. For that purpose the council shall make out an assessment roll in which must be entered the names of the persons assessed and the amount assessed against their respective properties with a brief description of the lots or parcels of land assessed.

(c) Immediately after such assessment roll has been completed, the council shall forthwith cause one copy thereof to be deposited in the council's office for inspection by interested parties, and shall cause to be published at least once in a newspaper of general circulation within the municipality a notice of completion of the assessment roll setting forth a description in general terms of the improvements and the time fixed for the meeting of the council for a hearing of objections in respect of the front foot assessments; such meeting not to be earlier than ten days from the date of the publication of such notice.

(d) As soon as practicable after the completion of the assessment roll and prior to the publication of the notice above mentioned in subparagraph (c) the council shall mail to the owner or owners of each lot or parcel of land against which a front foot assessment is to be levied at his or their address, if any, appearing on the records of the treasurer of the municipality, a notice stating the nature of the improvement, the total cost thereof, the amount to be assessed against the particular property and the frontage in feet upon which the front foot assessment is based, together with the terms and conditions upon which the front foot assessment may be paid. This notice shall also contain a brief description of the particular property involved together with a statement that the amount assessed shall constitute a lien against the property superior to all other liens except property taxes. The notice shall also state the time and place fixed for the meeting of the council above mentioned for a hearing of objections in respect of the front foot assessments. Any property owner who fails, not later than three days prior to the date set for such meeting,

to file with the council a written objection to the front foot assessments against his property shall be deemed to have waived all rights to object to such front foot assessment; and the notice prescribed herein shall so state.

(e) At the time and place specified for the meeting above mentioned, or at some other time to which it may adjourn, the council shall hear the objections of all persons who have filed written notice of objection within the time prescribed above who may appear and make proof in relation thereto either in person or by their attorney. The council may thereupon make such corrections in the assessment roll as it may deem proper, confirm the same, set it aside and provide for a new assessment. Whenever the council shall confirm an assessment roll, either as originally prepared or as thereafter corrected, a copy thereof certified by the secretary of the council shall forthwith be filed in the office of the clerk of court of common pleas of each county in which any property lies, and against which any front foot assessments have been levied; from the time of such filing the front foot assessments impressed in the assessment roll shall constitute and be a lien on the real property against which the same are assessed superior to all other liens and encumbrances except only the lien for property taxes.

(f) After the assessment roll has been confirmed a certified copy thereof shall be delivered to the treasurer of such municipality in which any front foot assessments are levied thereby who shall prepare and keep a separate book or books in connection therewith and who shall proceed to collect the same in the manner of municipal taxes and shall remit such collections on or before April fifteenth of each year upon the direction of the council. Each year the treasurer of the municipality shall mail out notices of such front foot assessments at the same time county tax notices are mailed. Past due front foot assessments shall be turned over by the respective municipal treasurers to the sheriff or delinquent tax collector of the municipality who shall proceed to collect in the same manner as unpaid municipal taxes are collected. The collecting official shall likewise keep separate records in connection with such past due assessments and shall remit all sums collected forthwith upon the direction of the council.

(g) Immediately upon the confirmation of an assessment the council shall mail a written notice to all persons who have filed written objections as hereinabove provided of the amount of the

front foot assessment finally confirmed against his property. If any such person is dissatisfied with the amount of the front foot assessment so confirmed and shall within ten days after the mailing of the notice confirming the assessment to him may give written notice to the council of his intent to appeal his front foot assessment to the court of common pleas for the county in which his property is assessed, or any part thereof, is located, and shall within five days after giving such notice to the council serve upon the council a statement of facts upon which he bases his appeal; but no such appeal shall delay or stop the construction of the improvements or affect the validity of the front foot assessments confirmed and not appealed. The appeal shall be tried at the next term of court as other actions at law with priority over all other cases.

(h) The council may correct, cancel or remit any such front foot assessment and may remit, cancel or adjust the interest or penalties of any front foot assessment and is empowered, when in its judgment there is any irregularity, omission, error or lack of jurisdiction in any of the proceedings relating thereto, to set aside the whole of any assessment made by it and thereupon to make a reassessment.

(i) In the event the council provides that such front foot assessments may be paid in equal annual installments, then in that event the front foot assessment shall be deemed to be due and payable in the equal annual installments prescribed by the council and shall bear interest at the rate of four per cent per annum from the date of the confirmation of the assessment roll, payable with such annual installment. Any property owner shall have the right at any time in his option to prepay in full the front foot assessment against his property by the payment of the balance due plus interest calculated to the date of prepayment. If any property owner shall fail or neglect to pay any installment when the same becomes due and payable, then and in that event the council may, at its option, declare all of the installments remaining unpaid at once due and payable and such property shall be sold by the sheriff in the same manner and with the same right of redemption as are prescribed by law for the sale of land for unpaid property taxes.

(j) All monies realized from front foot assessments shall be kept in a separate and distinct fund either on deposit with the municipal treasurer or, in the discretion of the council, in a bank located within the county in which the municipality is located and used to defray the cost

to the extent prescribed by the council in the ordinance providing for such front foot assessments of the establishment and construction of the sewage lateral collection lines in connection with which the front foot assessments were levied, or to provide debt service on bonds issued by the municipality to defray the costs of such construction; and for no other purpose. In the event a municipality issues bonds and uses only a portion of the proceeds thereof to defray all or a part of the cost of constructing sewer lateral collection lines, monies derived from the front foot assessments shall be used to provide debt service to the extent prescribed in the ordinances providing for the imposition of the front foot assessments and authorizing the issuance of the bonds.

(k) Monies received by the council from front foot assessments and deposited by it as prescribed in the foregoing paragraph may to the extent practicable be invested in the discretion of the council in obligations of the United States of America, obligations of any agency of the United States of America or obligations guaranteed by any agency of the United States of America, maturing in such fashion as to provide cash monies for the principal and interest payments of bonds payable therefrom when due. All income derived from any such investment shall be applied to the same purpose to which the invested funds are applicable.

(l) Whenever monies derived from the front foot assessments are deposited in a bank, the amount of such deposits in excess of the amount insured by the Federal Deposit Insurance Corporation shall be secured by direct obligations of the United States or by obligations of an agency of the United States or by obligations guaranteed by an agency of the United States. Nothing herein shall be construed to prohibit the council from requiring such additional security as it may deem appropriate.

SECTION 4. Unpaid charges to constitute lien.—If the notice or notices prescribed by paragraph (1) of Section 3 of this act shall have been given and any hearing requested pursuant thereto shall have been held, all sewer service charges imposed by the council following that procedure under authority of this act and not paid when due and payable shall be and constitute a lien upon the real estate to which the sewage service concerned relates so long as the sewer service charges remain unpaid. In addition to such other rights and remedies as may be available to the council in law or in equity for the collection of the sewer service charges, the lien may be en-

forced by the council in the same manner and fashion as the lien of property taxes on real estate. The lien herein provided shall be superior to all other liens except liens for unpaid property taxes.

The method provided in this act for the enforcement of the collection of past due sewer service charges shall not be the exclusive method of enforcing such collections and the council is fully empowered to enforce the collection of any such sewer service charges in any other lawful manner in all or any part of the municipality, including particularly by way of a contract with a water distribution agency as authorized under paragraph (2) of Section 3.

SECTION 5. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 1st day of June, 1965.

End of Part I

PART II

Permanent Provisions

SECTION 1

It is hereby declared to be the intent of the General Assembly that the following sections shall constitute a part of the permanent laws of the State of South Carolina, and the Code Commissioner

is hereby directed to include same in the next edition of the Code of Laws of South Carolina, and all supplements to the Code.

SECTION 2

Riverside School for Girls

A. The General Assembly has found:

(1) That the existing facilities for the Riverside School for Girls are inadequate for present and future needs,

(2) That the location of said facilities is impractical for expansion to meet the present and future needs of this institution,

(3) That the facilities of the present institution, being located in near proximity to the John G. Richards School for Boys, can be used by the said John G. Richards School for Boys so as to relieve the need for further construction at the present time at that institution,

(4) That the most practical solution of this situation would be to turn over to the John G. Richards School the present facilities of the Riverside School and to construct new facilities for the Riverside School for Girls at a new location on land presently owned by the State.

B. To effectuate the findings of the General Assembly as above outlined the Governor and the State Treasurer, having first obtained the approval of the State Budget and Control Board (hereinafter referred to as the Board), expressed by proper resolution, shall be empowered to issue notes of the State to the extent of not exceeding $500,000.00, to be used in conjunction with an appropriation of $200,000.00 provided in this Act to accomplish the said purpose. The notes shall mature in twenty successive annual installments, each maturing on anniversaries of the date the notes bear. The notes may, at the discretion of the Board, be made subject to redemption prior to their stated maturities on such occasions and under such conditions as the Board shall prescribe. The notes shall bear interest payable annually or semi-annually, at such rate or rates as the Board may prescribe.

C. The notes issued pursuant to this section shall be signed by the Governor and the State Treasurer. The Great Seal of the State shall be affixed to or reproduced upon each of them, and each shall be attested by the Secretary of State. The delivery of the notes so executed and authenticated shall be valid notwithstanding any changes in officers or seal occurring after such execution or authentication.

The notes shall be in such form as the Board shall prescribe, and may be issued as a single fully registered note.

D. The principal and interest on the notes issued pursuant to this section shall have the tax exempt status prescribed by Section 65-4.1, Code of Laws of South Carolina, 1962.

E. For the payment of the principal of and interest on the notes issued pursuant to this section there shall be pledged so much thereof as may be needed of the revenue derived from the tax imposed pursuant to Article 1, Chapter 12, Title 65, Code of Laws of South Carolina, 1962. Until payment of such principal and interest has been made or has been provided for, all sums received in each fiscal year from the tax referred to above shall be delivered to the State Treasurer and shall be applied by him to the payment of the principal and interest, and to the debt servicing of other outstanding obligations of the State also secured by a pledge of such revenues. Thereafter, further revenues from such tax for such fiscal year may be used for other purposes. The General Assembly takes note of the fact that there are presently outstanding obligations of the State of South Carolina payable from the tax pledged, and it is hereby declared that the notes authorized by this section shall in all respects be on a parity with such outstanding obligations. The pledge of revenues derived from the tax herein referred to shall not preclude the issuance by the State of further obligations secured, in whole or in part, by a pledge of such revenues on a parity with the pledge herein authorized, nor shall the pledge of revenue derived from such tax preclude the revision of such tax as to rate or method, either or both, if the State Auditor shall certify that his estimate of the revenue to be derived annually from the tax as thus revised will not be less than one hundred and twenty-five per cent of that sum which is equal to the maximum annual principal and interest requirements on all notes or obligations of the State for which the revenues derived from this tax have been pledged. The certificate shall be appended to the enrolled act and be presented to the Joint Assembly on the occasion the act is presented for ratification.

F. The Board may, in its capacity as Trustee of the funds of the South Carolina Retirement System, purchase the notes herein authorized as an investment of the funds.

G. The proceeds derived from the sale of the notes authorized by this act shall be deposited with the State Treasurer and shall be expended by or on behalf of the purposes provided for in this section.

SECTION 3

S. C. State College

A. The General Assembly finds that South Carolina State College is in need of improved health and physical education facilities estimated to cost $1,000,000.00. It is further noted that the College presently has authority under Act No. 139, Acts and Joint Resolutions of 1953, to issue $600,000.00 of State Institution Bonds and further that the sum of $200,000.00 has been directly appropriated for this purpose under Part I of this Act, leaving $200,000.00 for which further provision must be made.

B. For the purpose of improving its health and physical education facilities, South Carolina State College is hereby authorized to issue its negotiable notes in an amount not to exceed $200,000.00. The notes shall mature in annual amounts not to exceed a period of twenty years. Interest rate on the notes and other terms and conditions under which they are issued shall be subject to the approval of the State Budget and Control Board.

C. The State Budget and Control Board, in its capacity as Trustees of the funds of the South Carolina Retirement System, is authorized to invest Retirement System funds in the notes authorized herein.

D. For the payment of the notes authorized herein South Carolina State College is directed to impose a student fee of $15.00 per year, which fee shall continue in force until such time as the notes authorized herein shall have been paid in full. The proceeds of this fee shall be available only for the purpose of meeting interest and principal payments on the notes.

SECTION 4

(1) If the member's service retirement date occurs on or after his sixty-fifth birthday, such allowance shall be equal to one per cent of the portion of his average final compensation not in excess of the Social Security break-point, plus one and one-half per cent of the portion of such compensation in excess of such break-point, multiplied by the number of years of his creditable service.

(2) If the member's service retirement date occurs before his sixty-fifth birthday, his service retirement allowance shall be computed as in Item (1) above, but shall be reduced by five twelfths of one per cent thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.

(3) Notwithstanding the foregoing provisions, any Class Two member whose creditable service commenced prior to July 1, 1964, shall receive not less than the benefit provided by subsection (A) of this section.

(C) Any teacher or employee as defined in Section 61-1 (3) and (4) who was a nonmember of the South Carolina Retirement System and who had attained age seventy-two prior to July 1, 1964, and who at the time of separation from service had rendered twenty or more years of employment which would otherwise have been considered creditable service under the terms of the South Carolina Retirement Act may establish such service and qualify for a retirement allowance from the Retirement System provided they do so on or before December 31, 1965.

"Section 6. For the payment of the principal and interest on all State Ports Bonds at any time issued and outstanding, there shall be pledged the full faith, credit and taxing power of the State of South Carolina, and in addition thereto, but subject to the provisions of this section, the entire amount of revenue derived from the tax levied on income, pursuant to Chapter 5, of Title 65, Code of Laws of South Carolina, 1962, as amended. The revenues derived from such tax during each fiscal year shall be discharged from such pledge when provision has been made for the payment in full of the principal and interest of all State Ports Bonds matured or maturing in such fiscal year, and in addition, there shall be applied to the payment of such bonds annually such amounts from the net revenues derived by the

Authority from its operations, not pledged to the payment of revenue bonds of the Authority now or hereafter outstanding, which have been issued by the State Ports Authority pursuant to Article 5, Chapter 1, Title 54, Code of Laws of South Carolina, 1962, as shall from time to time be determined and directed by the State Budget and Control Board; and if the State Budget and Control Board shall, by resolution duly adopted, approve the issuance of bonds by the State Ports Authority pursuant to the provisions of Article 5, Chapter 1, Title 54, Code of Laws of South Carolina, 1962, payable from any specified revenues, such pledge shall preclude the use of such revenues for the payment of principal and interest of State Ports Bonds issued pursuant to Act 821 of 1956 as now or hereafter amended. The pledge of such revenue derived from such tax shall preclude the repeal of such tax until such pledge has been fully discharged but it shall not preclude the revision of such tax as to rate, if the State Auditor shall certify that his estimate of the revenue to be derived annually from the tax as thus revised will not be less than one hundred and fifty per cent of that sum which is equal to the maximum annual principal and interest requirements on all State Ports Bonds outstanding, or then requested to be issued on the date such certificate bears. Such certificate shall be appended to the enrolled act and be presented to the Joint Assembly of the General Assembly on the occasion such act is presented for ratification."

"Section 9. No. 362

An Act To Amend Article 18, Chapter 7, Title 46, Code Of Laws Of South Carolina, 1962, Relating To Inspection Of Vehicles, So As To Further Provide Therefor; To Provide For Vision Examinations Before Drivers' Licenses May Be Renewed; To Amend Section 46-155, Relating To Beginners' Driv-

ing Permits, So As To Provide A Fee Therefor; To Amend Section 46-163, Relating To Drivers' Licenses, So As To Increase The Fee And To Provide For A Colored Photograph; To Amend Section 46-169, Relating To Expiration And Renewal Of Licenses, So As To Further Provide Therefor; And To Provide For Penalties; And To Amend Section 21-839, Code Of Laws Of South Carolina, 1962, As Amended, Relating To The Jurisdiction Of School Bus Drivers, So As To Further Provide Therefor; And To Provide For Driver Education Courses.

Whereas, the number of traffic deaths on the highways in South Carolina reached an all-time high of 870 in 1964; and

Whereas, the South Carolina highway traffic fatality rate of eight deaths for every hundred million miles of travel was the highest in the nation in 1964; and

Whereas, the General Assembly finds that traffic accidents and deaths on the highways of South Carolina present a very serious, human, and economic loss and problem with a major deleterious effect on the public welfare; and

Whereas, the General Assembly has determined that traffic safety on the highways of the State can be improved and the human and economic loss from accidents alleviated by:

1. A driver improvement program through increased driver education in high schools, stricter driver license requirements, and stepped-up enforcement of driver license laws;
2. A vehicle safety improvement program through greater attention to the legal requirements for lights, horns, brakes, and other safety components of vehicles and the periodic inspection of vehicles to assure effectiveness of the program;
3. A stepped-up traffic law enforcement program augmented by the addition of approximately one hundred patrolmen on the force to more effectively enforce the traffic laws; and

Whereas, the General Assembly finds that an increase in the motor vehicle license and driver license fees is the proper source of tax revenues to finance the aforementioned safety programs, and further, that such increases in motor vehicle and driver license fees will be more than returned to motorists in savings in insurance premiums and a reduction in economic losses as a result of the expected reductions in traffic accidents. Now, therefore,

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Article 18, Chapter 7, Title 46 of 1962 Code, amended—inspection of vehicles.—Article 18, Chapter 7, Title 46, Code of Laws of South Carolina, 1962, is amended to read as follows:

"Article 18

Inspection of Vehicles

Section 46-641. No person shall drive or move on any highway any vehicle unless the equipment thereon is in good working order and adjustment as required in this chapter and the vehicle is in such safe mechanical condition as not to endanger the driver or other occupant or any person upon the highway.

Section 46-642. (a) Any officer of the Highway Department authorized to administer or enforce the motor vehicle laws of the State may at any time upon reasonable cause to believe that a vehicle is unsafe or not equipped as required by law or that its equipment is not in proper adjustment or repair require the driver of such vehicle to stop and submit such vehicle to an inspection and such test with reference thereto as may be appropriate to determine that such vehicle and equipment are in safe operating conditions and that they comply with the requirements of this chapter. Such authority, however, shall be limited to the inspection of such vehicle for brakes, lights, horn, tires and windshield wiper, and shall not authorize the search of the vehicle or the occupants thereof for any other purpose without due process of law. Evidence of the commission of an unlawful act, procured by such inspection and such test, shall not be admissible in any criminal prosecution except such as may be provided for in this article.

(b) In the event such vehicle is found to be in unsafe condition, or any required part or equipment is not present or is not in proper repair and adjustment the officer shall give a written notice to the driver and shall send a copy to the Highway Department. The notice shall require that such vehicle be placed in safe condition and its equipment in proper repair and adjustment, specifying the particulars with reference thereto, and that a certificate of inspection and approval be obtained from an officer of the Highway Department within ten days.

Section 46-643. (a) No person driving a vehicle shall refuse to submit such vehicle to an inspection and test when required to do so by the Highway Department or an authorized officer or employee thereof.

(b) Every owner or driver, upon receiving a notice as provided in Section 46-642, shall comply therewith, and shall, within ten days, secure an official certificate of inspection and approval from an officer of the Highway Department which shall be issued in triplicate, one copy to be retained by the owner, one copy to be retained by the inspecting officer, and the other copy to be forwarded to the Highway Department. In lieu of compliance with the provisions of this subsection, the vehicle shall not be operated except as provided in subsection (c) and each day upon which such vehicle is operated over any highway of this State after failure to comply with this section shall constitute a separate offense.

(c) No person shall operate any unsafe or dangerous vehicle after receiving a notice with reference thereto as above provided except as may be necessary to return such vehicle to the residence or place of business of the owner or driver, at the discretion of the officer, or to a garage or service station, until such vehicle and its equipment has been placed in proper repair and adjustment and otherwise made to conform to the requirements of Article 17 of this chapter.

(d) In the event repair or adjustment of any vehicle or its equipment is found necessary upon inspection, the owner of the vehicle may obtain such repair or adjustment at any place he may choose; but in every event an official certificate of inspection and approval from an officer of the Highway Department must be obtained, otherwise such vehicle shall not be operated upon the highways of this State.

(e) Any person who wishes to make his own repairs may do so.

Section 46-643.1. The Highway Department shall not register a used vehicle for the first time unless the application therefor is accompanied by a copy of a certificate of inspection as provided for in this article and made out in the name of the new owner. The limitations of inspection, conditions of repair and use of defective vehicles provided for in this article shall apply to such a used vehicle.

Section 46-644. Any person violating any provisions of this article shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars, or by imprisonment for not more than thirty days."

SECTION 2. Eye examinations required for renewal of licenses —penalties.—(a) Eye examinations shall be required for all per-

sons prior to having their licenses renewed by the State Highway Department. Such examinations may be made by any person authorized by law in this State to examine eyes or by designated personnel of the Highway Department.

(b) The renewal license forms distributed by the Highway Department shall be designed so as to contain a certification that the vision of the person examined meets the minimum standards required by the Highway Department or have been corrected to meet such requirements. Such certification shall be executed by the person conducting the examination. *Provided,* that the minimum standards of the Highway Department shall not require a greater degree of vision than 20/40 corrected in one eye.

(c) Any person whose vision is corrected to meet such minimum standards shall have such correction noted on his driver's license by the Highway Department.

(d) It shall be unlawful for any person whose vision requires correction in order to meet the minimum standards of the Highway Department to drive a motor vehicle in this State without the use of such correction.

(e) Any person violating the provisions of this section shall be deemed guilty of a misdemeanor and upon conviction shall be fined not more than one hundred dollars or imprisoned for not more than thirty days.

SECTION 3. Section 46-155 amended—beginner's permits—fee. —Section 46-155, Code of Laws of South Carolina, 1962, providing for beginner's permits, is amended by striking out the last sentence of the section and inserting in lieu thereof the following: "Effective on and after January 1, 1966, the fee for every beginner's or renewal permit shall be one dollar." The section, when so amended, shall read as follows:

"Section 46-155. Any person who is at least fourteen years of age may apply to the Department for a beginner's permit. The Department may, after the applicant has successfully passed all parts of the examination other than the driving test, issue to the applicant a beginner's permit which shall entitle the applicant having such permit in his immediate possession to drive a motor vehicle upon the public highways for a period of not more than six months. While so driving such permittee must be accompanied by a licensed driver twenty-one years of age or older who has had at least one year of driving experience, and who is occupying a seat beside the driver, except in the

event the permittee is operating a motorcycle. Any such beginner's permit may be renewed or a new permit issued for additional periods of six months, but the Department may refuse to renew or issue a new permit where the examining officer has reason to believe that the applicant therefor, if over sixteen years of age, has not made a bona fide effort to pass the required driver's road test or does not appear to the examining officer to have the aptitude to pass such road test. Effective on and after January 1, 1966, the fee for every beginner's or renewal permit shall be one dollar."

SECTION 4. Section 46-163 amended—driver's licenses—fee—issuance—contents.—Section 46-163, Code of Laws of South Carolina, 1962, is amended by striking out on line two the words "fifty cents" and inserting in lieu thereof the words "two dollars" and by inserting on line five after the word "description" the words "and colored photograph". The section when amended shall read as follows:

"Section 46-163. The Department shall upon the payment of a fee of two dollars issue to every applicant qualifying therefor a driver's license as applied for, which license shall bear thereon a distinguishing number assigned to the licensee, the full name, date of birth, residence address and a brief description and laminated colored photograph of the licensee and either a facsimile of the signature of the licensee or a space upon which the licensee shall write his usual signature with pen and ink immediately upon receipt of the license. No license shall be valid until it has been so signed by the licensee."

This section shall take effect January 1, 1966.

SECTION 5. Section 46-169 amended—expiration date—renewals—vision test may be required.—Section 46-169, Code of Laws of South Carolina, 1962, is amended to read as follows:

"Section 46-169. Every license issued on and after July 1, 1965, shall expire on the licensee's birth date which occurs within the fourth calendar year after the calendar year in which the license is issued. Every license issued prior to July 1, 1965, shall expire on the licensee's first birth date occurring after June 30, 1969. Every license shall be renewable on or before its expiration date upon application therefor and the payment of the required fee. The Department shall require a vision test of the applicant; *provided,* that the vision examination may be waived upon the submission of a certificate from any person authorized by law to examine eyes."

SECTION 6. Section 21-839 amended—school bus drivers—selection of certificates required.—Section 21-839, Code of Laws of South Carolina, 1962, as amended, is further amended by striking out the words "State Highway Department" wherever they occur in this section and inserting in lieu thereof the words "State Educational Finance Commission."

Amend further by adding at the end of the section the following: "The provisions of this section shall not apply to private schools." The section, when so amended, shall read as follows:

"Section 21-839. The school bus drivers, whether students or adults, shall be selected and employed by the respective boards of trustees of the school districts, subject to the approval of the respective county boards of education. No person under sixteen years of age shall be eligible for consideration as a bus driver. Before being employed, all prospective drivers shall be examined by the State Educational Finance Commission to determine their competency. The State Educational Finance Commission shall provide a rigid school bus driver training course and issue special 'school bus driver's certificates' to successful candidates. No person shall be authorized to drive a school bus in this State transporting children, whether the bus be owned by the State, by a local school agency, or by a private contractor, who has not been so certified by the State Educational Finance Commission. All school bus driver certificates shall be renewed every three years. Drivers who have certificates issued prior to September, 1962, must enroll and satisfactorily complete bus driver training courses prior to September, 1965, and each three years thereafter. Local school superintendents shall supervise the conduct of pupils being transported and of school bus drivers. When any person is relieved of his duties as a bus driver, for just cause, the local school superintendent shall require the driver to turn in his school bus driver certificate which shall be forwarded to the State Educational Finance Commission. A certificate may be reissued to such a driver at a later date upon approval of the local superintendent and the State Educational Finance Commission. The provisions of this section shall not apply to private schools."

SECTION 7. Purpose of driver education.—The aims and purposes of driver education and training shall be to develop a knowledge of those provisions of law relating to the operation of motor vehicles, a proper acceptance of personal responsibility and traffic, a true appreciation of the causes, seriousness and consequence of traf-

SECTION 8. SECTION 9. State Board of Education to promulgate rules and regulations.—The State Board of Education shall promulgate rules and regulations for establishment by local school districts of approved driver education and training courses. Such regulations shall require that credit for completion of a driver education training course shall not be given unless the course shall have included not less than thirty classroom hours of instruction in driver education, and not less than six hours of actual behind-the-wheel driving.

SECTION 10. Driver courses to be optional with each school district.—The establishment of driver education and training courses by local school districts shall be optional with each district, but no district shall be eligible to receive payments from the State Board of Education under the provisions of this act unless the driver education and training program of the school district shall have been certified as an approved driver education and training program by the State Board of Education.

SECTION 11. Supervision of rules and regulations.—The rules and regulations of the State Board of Education and training course shall be under the supervision of a qualified driver education teacher. Such rules and regulations shall include instructional standards, teacher qualifications, reimbursement procedure, and other requirements which will further implement the purposes and intent of this act.

SECTION 12. State aid for driver education.—The State Board of Education shall allow to each school district operating a driver education training program an amount equal to the actual cost, but in no case to exceed fifteen dollars per pupil completing the course in the program in that school district during the preceding fiscal year in accordance with the regulations set forth by the State Board of Education for instructing pupils in driver education and training; *provided,* that if the amount during any fiscal year for making payments

No. 331

An Act To Permit Certain Private Corporations Providing Water Service To Enter Into Contracts With Incorporated Municipalities Or Special Purpose Districts Providing Sewer Service For The Purpose Of Securing The Collection Of Sewer Charges.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that in certain areas in South Carolina domestic, commercial and industrial water service is supplied by private corporations under the jurisdiction of the South Carolina Public Service Commission. Frequently incorporated municipalities and special purpose districts are located within the same areas. Such municipalities and special purpose districts are empowered to impose sewer service charges but have no ready means of collecting the charges inasmuch as they do not render water service. Such municipalities and special purpose districts have the power to enter into contracts with private corporations to collect such sewer service charge but there is no corresponding statutory authority permitting the

private corporation to act for such municipalities and special purpose districts to collect such sewer service charge or to suspend water service in the event that the bill for sewer service is not paid, whether the sewer bill is rendered separately or is combined with the water bill into a single bill.

SECTION 2. Private corporations furnishing water may make contracts with municipalities concerning fees.—All private corporations, subject to the jurisdiction of the South Carolina Public Service Commission, engaged in the business of providing water service and selling and distributing water for domestic, commercial or industrial purposes may, if the approval of the South Carolina Public Service Commission is obtained, enter into contracts with any incorporated municipality or any special purpose district upon terms and conditions to be mutually agreed upon (including an agreement by the municipality or public service district to hold the private corporation harmless for any error by the municipality or public service district regarding the payment or nonpayment of sewer charges) by which the municipalities or special purpose districts shall (a) constitute the corporation the agent of the municipalities or special purpose districts, for the purpose of collecting such charges as the municipalities or special purpose districts shall from time to time impose upon those who utilize its sewage disposal facilities; and/or (b) empower the corporation as the agent of the municipalities or special purpose districts to disconnect water service upon failure of any user to pay sewer charges.

SECTION 3. Time effective.—This act shall take effect upon approval by the Governor.

An Act To Authorize The State Commission Of Forestry To Expend Certain Moneys For Scrub Oak Eradication, Reforestation, Timber Stand Improvement And Harvest Cutting On The State Parks Of South Carolina.

Whereas, the General Assembly of the State of South Carolina, recognizing that the forest lands on the State Parks of South Carolina

are a natural resource of great economic value to its citizens and the State as a whole; and

Whereas, continuously increasing demands for timber necessitates that public owned areas, as well as private lands, be brought to their full productive capacity without further delay; and

Whereas, there are some thirty thousand acres of woodland or potential woodland on the twenty-three State Parks in South Carolina which are outside of the immediate needs for recreational use and which could produce substantial revenue for the State without the loss of any recreational values to the State Park system, and that nine parks have over one thousand acres each that could be devoted to timber production; and

Whereas, a very rough estimate indicates that some five hundred thousand dollars in timber value could be marked and sold within the next ten-year period (approximately fifty thousand dollars per year) without impairing timber production or recreational values, there being approximately five thousand acres of State Park lands that should be planted to trees (about three thousand acres of which will need site preparation work before planting) and an additional two thousand acres will need timber stand improvement work; and

Whereas, if these additional seven thousand acres were placed in a good state of production the total production of timber from the State Parks could be increased by approximately thirty-five thousand dollars annually at present day prices, which, when added to increased production from the remaining twenty-three thousand acres already in production, would add up to substantial net revenue to the State; and

Whereas, this forest management work can be accomplished without impairing the value of the State Parks for recreational purposes and, in fact, will increase recreational values in certain areas. Now, therefore,

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Forestry Commission may expend certain monies for scrub oak eradication—payments to certain counties.—The State Commission of Forestry is hereby authorized to expend annually an amount not to exceed one-half the total receipts derived annually from the State Parks (sale of timber products only) under the administration of the Commission in order to commence a program not exceeding seven years to carry out scrub

oak eradication operations, timber stand improvement and other management activities on State Park lands and for the reforestation of such treated areas. *Provided,* the State Commission of Forestry shall first expend such funds as are derived hereunder for necessary reforestation projects and fixtures within the park from which timber has been cut and only thereafter shall such funds be expended on other State Parks. The other half of the total receipts derived annually from the State Parks and all unexpended funds, at the end of each fiscal year, heretofore herein authorized to be spent by the State Commission of Forestry for the purposes herein stated, shall be deposited to the general fund of the State. *Provided,* the State Treasurer shall pay to any County containing State Park lands an amount equal to twenty-five per cent of the gross proceeds received by the State in each fiscal year from the sale of timber, pulpwood, and other timber products on such State Park lands in any such County, which said payments shall be in lieu of taxes. This provision shall apply to all State Park lands managed or operated by the State Commission of Forestry whether they be owned in fee by the State or leased from the United States and irrespective of Section 29-29 of the Code of Laws of South Carolina, 1962. Where a particular State Park lands lies in more than one County, the funds derived from such State Park lands and to be paid by the State Treasurer shall be apportioned on the basis of land acreage involved. All funds distributed under the provision of this section shall be spent upon the approval of a majority of the County legislative delegations, including the Senator. The Commission may enter into contracts with such persons as may be necessary in order to carry out the provisions of this act. All timber shall be cut consistent with good forestry practices and such cutting shall not impair the value of the State Parks as to beauty or for recreational purposes and no such timber shall be cut without the approval of the State Budget and Control Board.

SECTION 2. Approval of expenditures.—The program herein authorized shall commence as soon as is practicable after the effective date of this act. *Provided,* that no expenditures or contracts authorized by this act shall be made without the approval of the State Budget and Control Board.

SECTION 3. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 8th day of June, 1965.

SECTION 4. Section 70-108 amended—rules and regulations.—Section 70-108, Code of Laws of South Carolina, 1962, is amended by adding at the end thereof the following: "The rules and regulations for preventing contamination of the air may not specify any particular method to be used to reduce undesirable levels, nor the type, design, or method of installation or type of construction of any manufacturing processes or other kinds of equipment." SECTION 5. Additional powers.—The Authority shall seek the control of air contaminants by all practical and economically feasible methods. (1) To prepare and develop a general plan for the proper control of the air resources of South Carolina.

(2) To develop such facts and make such investigations as are consistent with the purposes of this act, and in connection therewith to enter at all reasonable times in or upon any private or public property, except private residences or dwellings of four families or less, to inspect and investigate any condition which the Authority shall have reasonable cause to believe to be a source of air contaminant. The results of any such inspection and investigation shall be reduced to writing and a copy shall be furnished to the owner or operator of the source.

(3) To hold hearings upon complaints or upon petitions for variance so that the procedure conforms with the provisions provided by Sections 70-127, 70-128, 70-129, 70-130 and 70-131, Code of Laws of South Carolina, 1962.

(4) (i) To enter such orders or determinations as may be necessary to effectuate the purposes of this act. If the Authority shall determine that an undesirable level exists, it may take such action as necessary to control such condition.

The Authority shall grant such time as is reasonable for the owner or operator of a source to correct the undesirable condition after taking all factors into consideration that are pertinent to the issue and in compliance with the provisions of this act.

(ii) If the condition is not corrected within the required time then the Authority may order such action as is indicated by the circumstances to cause the control of such condition.

In making its order and determinations, the Authority shall take into consideration all the facts and circumstances bearing upon the reasonableness of the emissions involved including, but not limited to:

(a) The character and degree of injury to, or interference with, the health and physical property of the people;

(b) The social and economic value of the source of the undesirable levels;

(c) The question of priority of location in the area involved; and

(d) The technical practicability and economic reasonableness of reducing or eliminating the emissions resulting from such source.

(5) The institution in a court of competent jurisdiction legal proceedings to compel compliance with any order entered by the Authority.

(6) The assistance and cooperation of any State agency and the officials and employees thereof when it is deemed necessary or beneficial by the Authority to carry out the provisions of this act.

(1) Encourage voluntary cooperation by persons, or affected groups in restoration and preservation of a reasonable degree of purity of air.

(2) Encourage and conduct studies, investigations and research concerning air control.

(3) Collect and disseminate information on air control.

(4) Advise, consult and cooperate with other agencies of the State, industries, other states and federal government, and with interested persons or groups in regard to matters of common interest in air control.

(5) Represent the State in any and all matters pertaining to plans, procedures, or negotiations for interstate compacts relating to this act.

(6) To accept, receive and administer grants or other funds or gifts through the State Board of Health for the purpose of carrying out any of the purposes of this act; accept, receive and receipt for federal monies given by the federal government under any federal law to the State of South Carolina for air control activities, surveys or programs.

(C) Nothing contained in this act shall be deemed to grant to the Authority any jurisdiction or authority to make any rule, regulation or determination or to enter any order with respect to air conditions existing solely within the property boundaries of commercial and industrial plants, works or shops or to affect the relations between employers and employees with respect to or arising out of any air condition.

SECTION 6. Confidential information.—Any information relating to secret processes or methods or manufacture or production obtained by the Authority in the administration of this act shall be kept strictly confidential.

SECTION 7. Exceptions may be granted.—(a) The Authority may grant individual variances beyond the limitations prescribed in this act whenever it is found, upon presentation of adequate evidence, that compliance with any provision of this act, or any rule or regu-

lation, final order or determination of the Authority, will result in an arbitrary and unreasonable taking of property or in the practical closing and elimination of any lawful business, occupation or activity, in either case without sufficient corresponding benefit or advantage to the people.

(b) In determining under what conditions and to what extent a variance from this act or rule or regulation hereunder may be granted, the Authority shall give due recognition to the progress which the person requesting such variance shall have made in controlling or preventing undesirable levels. In such a case, the Authority shall grant such variance conditioned upon such person effecting a partial abatement over a period of time which it shall consider reasonable under the circumstances; or the Authority, in conformity with the intent and purpose of this act to protect health and property, may prescribe other and different requirements with which the person who receives such variance shall comply.

(c) Any variance granted pursuant to the provisions of this section shall be granted for such period of time, not exceeding one year, as shall be specified by the Authority at the time of the grant of the variance. Any variance granted by the Authority shall be granted upon the condition that the person who receives it shall make such periodic reports to the Authority as the Authority shall specify as to the progress which such person shall have made toward compliance with any rule or regulation as to which a variance has been granted. Such variance may be extended from year to year by affirmative action of the Authority.

SECTION 8. Appropriation.—There is hereby appropriated from the General Fund of the State the sum of twenty thousand dollars to defray the necessary expenses in carrying out the provisions of this act.

SECTION 9. Saving clause.—If any section, subsection, sentence or clause of this act shall be adjudged unconstitutional, such adjudication shall not affect the validity of the act as a whole or of any section, subsection, sentence or clause hereof not adjudged unconstitutional.

SECTION 10. Act to provide for control of air contaminants.—This act shall be the means within this State for the control of "air contaminants," "sources," or "undesirable levels" as defined herein. Nothing herein shall be construed to prevent private actions to abate

nuisances under existing laws, and the granting of injunctive relief in such actions in the exercise of sound judicial discretion.

SECTION 11. Time effective.—This act shall take effect upon approval by the Governor.

An Act To Provide For Cooperation And Contract Procedures Between Municipalities And Municipalities And Sewage Districts; To Authorize The Issance Of Bonds And To Confirm The Right To Collect Certain Fees.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that there have been large increases in the urban population of the State, resulting in a widespread need for sewers, and sewage collection, disposal and treatment facilities. In many instances such increases have taken place outside of the boundaries of incorporated municipalities. To meet the needs of such areas many special purpose districts have been created.

The General Assembly has taken note of the fact that the State Health Department has been active in persuading public agencies to undertake the construction and operation of sewage treatment facilities, notwithstanding the substantial cash outlay required for such facilities.

It has further noted that in several areas in South Carolina, municipalities and special purpose districts, to whom there have been committed the function of collecting, disposing and treating sewage, are so located that a joint undertaking for the construction and operation of a single sewage treatment facility would accomplish the desired

result at smaller cost to the governmental units involved. It, therefore, wishes to promote the joint undertaking of all programs involving sewage collection treatment and disposal where it would be practical and economical. It recognizes that in order that the needs of such units may be served it is necessary that provision be made for the initial construction of such facilities, their operation and maintenance, and their future enlargement. In order to insure the future adequacy of such facilities, it is necessary that the cooperating governmental agencies not only be empowered to undertake to supply the initial cash outlay needed for the initial construction of such facilities, but that they be further empowered to contract and agree to pay their respective shares of operation and maintenance, and their respective shares of future enlargements and improvements, notwithstanding that such contract might obligate such governmental agency in the future to issue bonds or other obligations to provide their respective shares of such enlargement or improvement.

The General Assembly takes note of the fact that in the instance of incorporated municipalities, they are given power by the Revenue Bond Act for Utilities, Sections 59-361 to 59-415, inclusive, and Chapter 5, Title 59, Volume 6, Code of Laws of South Carolina, 1962, to issue bonds payable from revenues without a petition and election, and that while in the instance of special purpose districts, they are generally empowered to incur debt through the issuance of general obligation bonds authorized by special enactments, they are likewise empowered to issue bonds payable from the revenues of any utility system, including one which would provide for the collection, disposal and treatment of sewage.

Accordingly, the General Assembly proposes to empower all municipalities and all special purpose districts within the State to enter into contracts enforceable inter sese, by which they agree among themselves to pay for the cost of establishing, operating, maintaining, improving and enlarging systems for the collection of sewage, for the disposal of sewage, and for the treatment of sewage, all or any of such purposes.

SECTION 2. Definitions.—(1) The term "General Obligation Bonds" shall mean bonds payable from the proceeds of ad valorem taxes upon all taxable property within the corporate limits of the governmental entity issuing the same.

clude sewer mains, sewer trunks, sewer collecting lines, sewer lateral lines, disposal facilities, treatment facilities and any tools or implements used in the construction, maintenance, operation, improvement or enlargement thereof.

(11) The term "Special Purpose District" shall mean any special purpose or public service district now existing or hereafter created pursuant to general or special law and to which is committed any of the functions of collecting, disposing of and treating sewage.

SECTION 3. Governmental entities may contract with each other concerning sewage.—Every Governmental Entity shall be empowered to enter into contracts with other Governmental Entities for the collection of sewage, for the disposal of sewage, and for the treatment of sewage, and to that end shall be jointly and severally empowered to construct, operate, maintain, enlarge and improve Sewer Facilities designed for use by the parties to the contract. Such contract

may provide for the joint ownership of the Sewer Facilities or for the ownership of such facilities by any of the contracting parties, provided that, in such event, the remaining parties shall be empowered to utilize such Sewer Facilities to the extent provided for in the contract.

SECTION 4. Contracts—execution—filing.—Any contract made between Governmental Entities shall be executed on behalf of each contracting party, after it has been approved by resolution or other action taken by the Governing Body. Wherever any such contract shall be the basis for the issuance of Revenue Bonds or General Obligation Bonds by any of the contracting parties, such contract shall become a part of the transcript of proceedings incident to the issuance of such bonds and shall be filed in the manner prescribed by Section 1-644, Code of Laws of South Carolina, 1962. Copies of all contracts made pursuant to this act shall also be filed with the State Water Pollution Authority.

SECTION 5. Provision for funds—bonds.—Contracts made pursuant to this act may provide that the funds required for Sewer Facilities be furnished by each of the contracting parties or by one or more of them, or may further provide that any one or more of the contracting parties shall furnish funds therefor at stated intervals. Any and all bonds issued by any contracting party pursuant to such contract shall be issued for a corporate purpose of such issuer for which both General Obligation and Revenue Bonds may be issued.

Such contracts may provide that each contracting party shall pay a portion of the cost of operating and maintaining such Sewer Facilities and shall either provide that each contracting party shall pay a specified percentage of such operation and maintenance, or shall provide that the use of the Sewer Facilities be ascertained by metering or other device measuring the quantum of the use of each contracting party as a means of providing the share of the cost of operation and maintenance, and the parties may agree to periodic review and revision of such costs.

SECTION 6. Obligations may be paid by taxes.—The parties to the contract may obligate themselves to provide funds for the operation and maintenance of the Sewer Facilities, and when so obligated shall be required to include the quantum of such obligation in each annual budget of the contracting party, and shall be fully empowered to raise the same by ad valorem taxes levied in the manner that other

ad valorem taxes are levied by or on behalf of such contracting party, or to raise the same through the imposition of a Sewer Service Charge.

SECTION 7. Sewer service charges.—The General Assembly confirms the right of all Municipalities and Special Purpose Districts to impose upon all those to whom sewer service is rendered, (a) A Sewer Service Charge therefor, which may, in the discretion of its Governing Body be sufficient to provide for all or any part of the cost of operating and maintaining such Sewer Facilities and to provide debt service on bonds or other obligations of such Governmental Entity issued to provide any type of sewer collection, disposal or treatment service, and (b) A Sewer Connection Charge, or Connection Fee or Tapping Fee designed to adequately reimburse the Governing Body for effecting the connection to provide sewer service.

SECTION 8. Sewer charges may be added to water bills.—In instances where the Governing Body provides water service to any person to whom it furnishes sewer service, then the Governing Body of such Governmental Entity shall be fully empowered to add the Sewer Service Charge to the charge rendered for water service in a single bill and to disconnect water service upon the failure of such person to pay both the water charge and Sewer Service Charges.

SECTION 9. Further.—In instances where the Governing Body does not furnish water service, but some other private or public agency furnishes water service to some or to all of the persons to whom such Governing Body furnishes sewer collection service, then in such event the Governing Body shall be fully empowered to contract with such private or public agency for the collection of its Sewer Service Charge as a part of a single joint bill for water and sewer service. Such contract shall be upon terms and conditions mutually agreeable and shall constitute the collecting agency, the agent of the particular Governing Body for the purpose of collecting Sewer Service Charges as the Governing Body shall from time to time impose, and shall empower the collecting agency, as agent of the Governing Body to disconnect water service upon nonpayment of such Sewer Service Charge.

SECTION 10. Sewer service charges may become liens on property—hearing—appeals.—In the event that it is impractical to provide for the collection of all or any part of the Sewer Service Charge

jointly with charges rendered by a private or public agency for water service, then in such event the Governing Body shall be fully empowered to levy an assessment for the annual Sewer Service Charge. Prior to the making of any sewer connection or the furnishing of any sewage disposal service for which the prescribed Sewer Service Charge shall pursuant to Section 11 of this act become a lien on the property affected and prior to any subsequent increase in any Sewer Service Charge not less than ten days written notice shall be given to each affected property owner notifying him of the nature and quantum of the Sewer Service Charge and providing such property owner an opportunity, if desired and requested, to appear and be heard in person or by counsel before the Governing Body. Following such hearing, if such be requested and held, action shall be taken by the Governing Body and notice of its decision shall be given to the property owner concerned or his counsel as the case may be not less than ten days prior to the effective date of the Sewer Service Charge. Any property owner aggrieved by the action of the Governing Body may proceed by appeal in the Court of Common Pleas for the county in which his property or any part thereof lies, to have such court review the action taken by the Governing Body at which time the court will determine the validity and reasonableness of the Sewer Service Charge. Sewer Service Charges not intended to become liens in the case of nonpayment may be imposed and subsequently increased upon any user without such notice and hearing. The appeal provided for herein shall be pursuant to the provisions of Chapter 4, of Title 7 of the Code of Laws of South Carolina, 1962, providing for appeals to the Court of Common Pleas.

SECTION 11. When unpaid charges to constitute lien.—If the notice or notices prescribed by Section 10 of this act shall have been given and any hearing requested pursuant thereto shall have been held all Connection or Tapping Fees, Sewer Service Charges and other charges imposed by the Governing Body following that procedure under authority of this act and not paid when due and payable, shall constitute a lien upon the real estate to which the sewage service concerned relates so long as the fees or charges remain unpaid. In addition to such other rights and remedies as may be available to the Governing Body in law or in equity for the collection of such fees and charges, the lien may be enforced by the Governing Body in the same manner and fashion as the lien of property taxes on real estate.

SECTION 12. Other methods may be used for collection of unpaid charges.—The method provided in this act for the enforcement of the collection of past due Sewer Service Charges and Connection Fees by creating the liens against real property shall not be the exclusive method of enforcing such collection and the Governing Body is fully empowered to enforce the collection of any such fees and charges in any other lawful manner in all or any part of the Municipality or Special Purpose District, including particularly by way of a contract as authorized under Section 9 of this act.

SECTION 13. Enforcement of contracts — specific performance.—Any contract authorized pursuant to this act may provide for the enforcement of its terms and provisions through the means of specific performance, and any court of competent jurisdiction shall be fully empowered to enforce such contract according to its terms and conditions, and may utilize the process of injunction or mandamus to effect the enforcement thereof; and one contracting party may compel another contracting party to enforce the collection of Sewer Service Charges where the agreement to impose Sewer Service Charges is an obligation of any contract.

SECTION 14. Special purpose districts—additional powers for issuing bonds.—The Governing Body of any Special Purpose District entering into a contract pursuant to this act, by which it shall have agreed to issue bonds, whose proceeds are to be used for the purpose of constructing Sewer Facilities, or for any enlargement or improvement thereof, shall be fully empowered—in addition to all other authorizations then existing and without regard to any limitation otherwise imposed—to issue General Obligation Bonds of the Special Purpose District to enable such district to fulfill its contractual obligations. To the end that a convenient procedure may be prescribed therefor, such Governing Body shall be fully empowered to utilize the provisions of that portion of the County Bond Act now codified as Sections 14-517 to 14-528, inclusive, Code of Laws of South Carolina, 1962, as such sections are now constituted or shall, after any amendment thereto, be hereafter constituted, it being intended that amendments or revisions of these sections of the County Bond Act shall be effective upon the powers granted by this section to Governing Bodies. It is intended that the statutory vehicle granted by this section to Governing Bodies for the issuance of bonds shall be in addition to power existing in such Governing Bodies to issue Revenue Bonds.

SECTION 15. Powers to be additional.—All powers granted by this act are intended to be supplementary to any powers now existing and not in abrogation thereof.

SECTION 16. Time effective.—This act shall take effect upon approval by the Governor.

No. 389

An Act To Redefine The Territorial Limits Of The School District Of Aiken County; To Redefine Its Powers And Functions And Its Relation, For School Purposes, To Those Sections Of Saluda And Edgefield Counties Set Forth In Section 21-131, Code Of Laws Of South Carolina, 1962; To Validate An Election Held In The School District Of Aiken County On May 18, 1965, Resulting Favorably To The Issuance Of Three Million Dollars Of General Obligation Bonds Of The School District; And To Authorize The Issuance Of Such Bonds.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—As an incident to the enactment of this act the General Assembly has made the following findings of fact:

1. The School District of Aiken County (the school district) is coextensive with Aiken County itself and was created by a resolution of the Aiken County Board of Education adopted on September 11, 1951. It is governed and managed by the Aiken County Board of Education (the county board) whose composition is now prescribed by Section 21-1031 of the Code of 1962.

2. By reason of the provisions of Section 21-1035 of the Code of 1962, the county board is, ex officio, the board of school trustees of the school district.

3. By reason of an amendment to Section 5 of Article X of the Constitution, the school district is authorized to incur bonded debt to the extent of twenty-five per cent of the assessed value of all taxable property therein.

4. By Act No. 271 of 1953 the General Assembly, recognizing the population distribution in the Monetta section of Aiken County, the

Ridge Spring section of Saluda County and the Wimberly Branch section of Edgefield County, enacted as follows:

> "Those portions of the counties of Saluda and Edgefield, comprising the area designated as Ridge Spring School District No. 2 of Saluda County, as defined on a map thereof filed in the office of the Board of Education of Saluda County, and Wimberly Branch School District of Edgefield County, as defined on a map thereof in the office of the Board of Education for Edgefield County, and the School District of Aiken County, are consolidated for school purposes only to the end that a new and larger school attendance area shall be formed, comprising the Attendance Area of Monetta in Aiken County and the Ridge Spring School District No. 2 of Saluda County and Wimberly Branch School District of Edgefield County. The consolidation shall be subject to the provisions of this act and shall be designated as the Monetta-Ridge Spring Attendance Area No. 5."

5. This act, as amended by Act No. 946 of 1958, re-enacted in substance, but with certain changes, the Act of 1953 and made further provision for the operation and maintenance of schools within the so-called Monetta-Ridge Spring Attendance Area No. 5 (Monetta-Ridge Spring).

6. Act No. 709 of 1960 redefined the boundaries of Monetta-Ridge Spring, declaring that "this attendance area shall for school purposes only constitute an integral part of the School District of Aiken County," and further empowered the county board to expend capital funds within that area.

7. Three schools are now being operated and maintained by the county board with that portion of Monetta-Ridge Spring which lies in Saluda County. There have been no schools constructed within that portion of Monetta-Ridge Spring which lies in Edgefield County.

8. The arrangement by which this section of Edgefield County contributed to the cost of providing schools with Monetta-Ridge Spring is on a per pupil average attendance basis. It is set forth in Section 6 of Act No. 946 of 1958.

9. A different arrangement exists with respect to that portion of Monetta-Ridge Spring lying within Saluda County. The arrangement set forth in Section 7 of Act 946 requires the Auditor and Treasurer of Saluda County to levy and collect a tax on that portion of Monetta-Ridge Spring lying within Saluda County, similar to the tax levy imposed in Aiken County.

10. Significant to the problems dealt with by this act is the fact that there is no special constitutional amendment as to Edgefield and Saluda Counties similar to that set forth in paragraph 3 of this section and the debt limitation applicable to school districts of Edgefield and Saluda Counties is eight per cent. It was for this purpose, among others, that the language of the acts above referred to made Monetta-Ridge Spring a part of the school district for "school purposes only."

11. Acting pursuant to the School Bond Act (Sections 21-971 to 21-990, inclusive, of the 1962 Code) the county board having first found that a substantial outlay of funds was required for school facilities throughout the School District of Aiken County, ordered that a special election be held in the district on Tuesday, May 18, 1965, for the purpose of submitting to the qualified electors of the school district the following question:

> "Shall the Board of Trustees of The School District of Aiken County, the State of South Carolina, be empowered to issue not exceeding Three Million Dollars ($3,000,000) of general obligation bonds of said School District, whose proceeds shall be used to construct, improve, equip, renovate and repair school buildings and other school facilities, and acquire sites whereon to construct or establish such school facilities?"

12. In the notice of election ordered published the several polling precincts in Aiken County only were listed and the election advertised only in the "AIKEN STANDARD AND REVIEW." It had been the plan of the county board to add new school facilities in Monetta-Ridge Spring, and upon being advised that directly or indirectly they might be called upon to pay a portion of the cost, it was decided that notwithstanding that the notice otherwise specified, polling places would be set up in the Saluda County precincts lying in whole or in part within Monetta-Ridge Spring.

13. The election resulted favorably to the issuance of bonds by a vote of 5767 to 1234.

In addition the seven Saluda County precincts lying in whole or in part within Monetta-Ridge Spring voted favorably upon the issuance of the bonds by a vote of 126 to 79.

14. Questions with respect to the election have now arisen as follows:

(1) Should the notice of election have stated that the election would be conducted in the Saluda County precincts lying in whole or in part within Monetta-Ridge Spring?

(2) Is the failure to advertise that the election would be held in the school district an irregularity of sufficient importance to question the result of the election?

Further questions result from the effect of the action of the General Assembly in the creation of Monetta-Ridge Spring, which include:

(a) Is the area a part of the School District of Aiken County?

(b) If so, would not the election be void for the reason that the debt limitation applicable does not apply in Saluda County, and, therefore, the election is invalid and void?

15. The General Assembly has carefully investigated the matter and has concluded that it was never intended that any portion of either Edgefield or Saluda Counties be added to the School District of Aiken County, but that a relation contractual in nature and terminable at the will of the General Assembly, or at the will of the respective County Boards of Education of Aiken, Edgefield and Saluda Counties be arranged on a basis, that by reason of the mutual benefits resulting, both to the portions of Edgefield and Saluda Counties so affected, and to the portion of Aiken County also affected, the county board would provide and operate schools and school facilities anywhere within Monetta-Ridge Spring and irrespective of the county lines.

16. On this basis the General Assembly has determined that it should:

(1) Redefine and redeclare the status of the School District of Aiken County;

(2) Redefine the nature of the arrangement made by which school facilities are made available by the county board to areas of Saluda and Edgefield Counties; and

(3) Affirm the right of the School District of Aiken County to construct new school facilities and thereafter operate and maintain them within the area irrespective of county lines and to operate schools therein.

17. The General Assembly has further ascertained that notwithstanding any irregularities, the election held on May 18, 1965, was fairly conducted and resulted overwhelmingly for the issuance of bonds. It has, therefore, determined that no further election need be held pursuant to the School Bond Act, and that on the basis of the result of the election so held and the authorizations of this act, the county board may avail itself of the remaining authorizations of the School Bond Act and issue bonds to the extent voted upon favor-

ably, without further action or approval of any agency which, when issued, shall be secured by a pledge of the full faith, credit and taxing power of the school district, and for which shall be levied an ad valorem tax upon all taxable property within the school district, as herein defined, without limit as to rate or amount.

SECTION 2. Boundaries for Monetta-Ridge Spring defined.—For the purposes of this act Monetta-Ridge Spring shall have the boundaries set forth in Section 1 of Act No. 709 of 1960, as follows:

> "That portion of Saluda County comprising the area formerly known as Ridge Spring School District No. 2, as defined on a map thereof filed in the office of the Board of Education of Saluda County, that portion of Edgefield County formerly known as Wimberly Branch School District as defined on a map thereof filed in the Office of the Board of Education of Edgefield County, and that portion of Aiken County formerly known as Progressive School District No. 10 are hereby consolidated and designated as the Monetta-Ridge Spring Attendance Area No. 5. This attendance area shall for school purposes only constitute an integral part of the School District of Aiken County."

SECTION 3. Bond issue authorized.—Having found that the special election held on May 18, 1965, fully and freely expressed the will of those affected thereby, and having resulted favorably to the issuance of bonds, the General Assembly declares that the condition precedent imposed by the School Bond Act has been satisfactorily met, and that the county board may, pursuant to the remaining provisions of the act, issue general obligation bonds of the school district as herein defined, not exceeding three million dollars.

SECTION 4. School District of Aiken County.—The School District of Aiken County shall continue as established by the action of the county board of education on September 11, 1951, and shall be co-extensive with Aiken County itself. Its affairs shall continue to be conducted and its functions performed by the county board as now established.

SECTION 5. Operation of schools at Monetta-Ridge Spring.—In addition to all other powers granted to the school district, and on the basis of the mutual advantages accruing, the county board shall be empowered to establish and thereafter operate and maintain schools and school facilities within Monetta-Ridge Spring until

such time as such arrangement be changed by an act of the General Assembly or by independent action taken by the boards or agencies exercising functions of the County Board of Education for any of Aiken, Edgefield or Saluda Counties.

SECTION 6. Reimbursement by Edgefield County.—So long as such arrangement shall continue, Edgefield County shall reimburse the county board on the basis prescribed by Section 6 of Act 946 of 1958.

SECTION 7. Reimbursement by Saluda County.—So long as such arrangement shall continue, Saluda County shall reimburse the county board on the basis prescribed by Section 7 of Act 946 of 1958.

SECTION 8. Disposition of school facilities if arrangement terminated.—If and when the arrangement herein mentioned be terminated, then, and as a consequence thereof, school facilities constructed and paid for by the county board, and located beyond the boundaries of the school district, shall vest in the appropriate school authorities of the county in which it is situate, subject to the obligation on the part of the county or the school district thereof to pay for the same on the basis of their then depreciated values to be determined by three independent appraisers to be appointed by the State Superintendent of Education.

SECTION 9. Certain acts to remain in effect.—Save and except as herein affected, the Acts of the General Assembly enacted in 1953, 1958 and 1960, above referred to, and which are now codified as Article 3, Chapter 8, Title 21, Volume 5, Code of Laws of South Carolina, 1962, shall remain of full force and effect.

SECTION 10. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 8th day of June, 1965.

An Act To Empower Special Purpose Or Public Service Districts Exercising The Power To Construct And Operate Sewage Collection And Disposal Facilities To Impose And Enforce The Payment Of Sewer Service Charges; To Contract With Public Or Private Agencies Operating Water Systems For The Collection Of Sewer Charges; To Adopt And Enforce Regulations Requiring Property In The District To Connect To And Use The District Sewage Collection Facilities And Regulating Generally The Use Of Sewage Facilities; To Impose Front Foot Assessments Against Property Abutting Its Sewer Lines; And To Make Unpaid Sewer Charges A Lien Against The Property Served.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Determinations of General Assembly.—The General Assembly has from time to time created and established special purpose or public service districts throughout the State of South Carolina for the purpose, inter alia, of providing for the establishing of appropriate facilities for the collection, disposal or the treatment of sewage. Generally the cost of constructing such facilities has been defrayed from the proceeds of a districtwide ad valorem tax upon all property lying within the district involved. This method of financing such facilities was based upon the General Assembly's conclusion that all properties within the district benefited by the proposed improvement in proportion to their assessed value. However, it appears that in some instances the cost of constructing all or a portion of such facilities can be more equitably distributed by assessing the cost of constructing sewer laterals against the properties facing thereon. In addition a sewer service charge is likewise proper in many instances.

The General Assembly concludes that in order to facilitate the construction and operation of sewer systems by special purpose or public service districts, all of such districts should be granted all of the powers set forth in this act.

In view of the foregoing, the General Assembly has determined to give the governing body of each such district, in addition to those powers already vested in them respectively, the power: (a) to place into effect, revise, enforce, and collect a schedule of charges for its sewage collection service; (b) to contract with any public or private agency operating a water system for the collection of such sewer

charges; (c) to adopt and enforce regulations requiring all properties to which sewer service is available to connect to the district's sewage collection facilities as now existing or hereafter improved; (d) to make regulations generally with respect to the discharge of sewage and the use of privies, septic tanks and any other type of sewage facilities; (e) to impose front foot assessments against properties abutting the sewage collection laterals; and (f) to make unpaid sewer service charges a lien against the property served.

It is the legislative intent of this act that it shall be deemed complementary and supplementary to existing laws relating to each such district and to add to the powers, functions and duties committed to the several governing bodies thereof in order that such districts may fulfill their function of preserving the public health and provide for all those who own, use or occupy dwellings, commercial buildings or other structures therein. In enacting this law, the General Assembly exercises its general police powers having found that such exercise was necessary for the maintenance and preservation of the health of the inhabitants of the State. Nothing herein contained shall be construed to be in derogation of the powers of the State Board of Health.

SECTION 2. Definitions.—For all purposes of this act:

(a) The term "district" shall mean any special purpose or public service district now existing or hereafter created by an act of the General Assembly now or from time to time exercising the power to construct and operate sewer collection, disposal and treatment facilities;

(b) The term "commission" shall mean the governing agency of any district as now or hereafter constituted;

(c) The term "water distribution agency" shall mean any public or private agency operating a water distribution system within any district or any portion thereof;

(d) The term "sewage" shall mean domestic or industrial waste requiring collection, disposal and treatment;

(e) The term "sewer service charge" shall mean the monthly, quarterly or annual charge imposed by any district for the collection, treatment and disposal of sewage irrespective of whether the same shall be collected by a water distribution agency or whether it shall be assessed against the property served as provided by Section 3 of this act;

(f) The term "sewer connection charge" shall mean the charge imposed upon property owners as a condition to authorizing them to connect to and discharge sewage into any public sewer system; and

(g) The term "front foot assessment" shall mean the assessment levied to reimburse a district for that portion of the cost of installing sewer laterals (collection lines) imposed by the commission on a front foot basis

SECTION 3. Powers.—Each commission shall be empowered as follows:

(1) To place into effect and revise whenever it so wishes or may be required a schedule of sewer service and sewer connection charges for the use of and connection to any sewage disposal system which it may operate. Prior to the making of any sewer connection or the furnishing of any sewage disposal service for which the prescribed sewer service charge shall, pursuant to Section 4 of this act, become a lien on the property affected and prior to any subsequent increase in any such sewer service charge, not less than ten days' written notice shall be given to each affected property owner notifying him of the nature and quantum of the sewer service charge and providing such property owner an opportunity if desired and requested, to appear and be heard in person or by counsel before the commission. Following such hearing, if such be requested and held, action shall be taken by the commission and notice of its decision shall be given to the property owner concerned or to his counsel, as the case may be, not less than ten days prior to the effective date of the sewer service charge. Any property owner aggrieved by the action of the commission may, under the provisions of Chapter 4, Title 7, Code of Laws of South Carolina, 1962, appeal to the court of common pleas for the county in which the property affected or any part thereof lies to have such court review the action taken by the commission, at which time the court will determine the validity and reasonableness of the sewer service charge so made. Sewer service charges not intended to become liens in the case of nonpayment can be imposed and subsequently increased upon any user in the district without such notice and hearing.

(2) To enter into contracts with any water distribution agency upon terms and conditions to be mutually agreed upon by which the commission shall constitute the water collection agency the agent of the commission, for the purpose of collecting such sewer service charges as the commission shall from time to time impose upon those who utilize its sewage disposal facilities and shall empower the water

collection agency as such agent to disconnect water service upon failure of any user to pay such sewer service charges.

(3) To prescribe and enforce regulations (a) requiring all persons to whom it shall be available to make use of any sewer system which the district shall from time to time operate; and (b) generally with respect to the discharge of sewage and the use of privies, septic tanks and any other type of sewage facilities within the district. Any such regulations shall, however, become effective only after they have been adopted by resolution of the commission, a certified copy thereof has been recorded in the office of the register of mesne conveyances or, if none, in the office of the clerk of court of common pleas for each county in which such sewer system lies, a copy posted in the courthouse of each such county, and notice of the adoption of such resolution has been published at least once a week for three successive weeks in a newspaper having general circulation in the district. The published notice shall specify in brief the scope of the regulations and shall state the date on which the same shall become effective. Prior to the adoption of the aforesaid resolution, the commission shall give public notice of a meeting to be held to consider its adoption and the notice shall appear in a newspaper having general circulation in the district at least once not less than seven days prior to the occasion fixed for the holding of such meeting. Any person affected may attend such meeting and express his views on the proposed regulations. The provisions of this paragraph prescribing conditions upon the effectiveness of the regulations specified above in this paragraph shall not be deemed to impose mandatory conditions upon the exercise of any other power or the adoption of any other type of regulation authorized by this act or otherwise.

(4) To provide by resolution that the actual cost of the establishment and construction of any sewer lateral collection lines hereafter constructed by the commission and any extensions thereof within the district, or so much of the actual cost thereof as the commission in its discretion deems appropriate, shall be assessed subject to the provisions of the next paragraph upon the lots and parcels of land abutting directly on such lateral lines or extensions thereof according to the extent of the respective frontage thereon, by an equal rate per foot of such frontage; but the commission may, in its discretion, provide, in the instance of corner lots, for an assessment deemed to be equitable. The commission may provide in such resolution that the front foot assessments to be levied in connection with such installations

may be paid in equal installments covering a period of not exceeding ten years. Such deferred payments shall be payable annually within the period that county taxes are payable and late payments shall be penalized to the same extent as in the case of county taxes.

The General Assembly does not intend through this enactment to permit assessments against abutting property where no benefit will result to such property or where any such benefit would result only at some remote future time. Accordingly, no commission shall pursuant to this act impose any front foot assessment against any property unless the property is being used for or is devoted to commercial or residential purposes at the time of the assessment or unless, in the case of properties on which no buildings shall be situate, such properties shall have been platted or otherwise developed as a part of a subdivision devoted to residential or commercial purposes; if any such property, which pursuant to the provisions of this paragraph is exempt from front foot assessment at the time the assessment is originally levied, is later converted to commercial or residential purposes or is later platted or otherwise developed then at such time front foot assessments may be levied against such property. No individual parcel shall be assessed on the basis of more than two hundred fifty feet of frontage.

In connection with the imposition of such front foot assessments:

(a) The resolution providing for such front foot assessments shall designate by a general description the improvement to be made and the street or parts thereof whereon the work is to be effected and the actual cost thereof and the amount of the cost to be assessed upon all abutting property subject to the provisions of the preceding paragraph and the terms and manner of payment. Such resolution shall not become effective until at least seven days after it shall have been published in a newspaper of general circulation in the district. Such resolution may incorporate by reference plats and engineering reports and other data on file in the commission's office provided that the place of filing and reasonable hours for inspection by interested persons are specified in the resolution.

(b) Upon the completion of the construction of any such sewer laterals or any extensions thereof the commission shall compute and ascertain the total cost thereof and shall thereupon make an assessment of such total cost or so much thereof as it deems appropriate. For that purpose the commission shall make out an assessment roll in which must be entered the names of the persons assessed and the

amount assessed against their respective properties with a brief description of the lots or parcels of land assessed.

(c) Immediately after such assessment roll has been completed, the commission shall forthwith cause one copy thereof to be deposited in the commission's office for inspection by interested parties, and shall cause to be published at least once in a newspaper of general circulation within the district a notice of completion of the assessment roll setting forth a description in general terms of the improvements and the time fixed for the meeting of the commission for a hearing of objections in respect of the front foot assessments; such meeting not to be earlier than ten days from the date of the publication of such notice.

(d) As soon as practicable after the completion of the assessment roll and prior to the publication of the notice abovementioned in subparagraph (c) the commission shall mail to the owner or owners of each lot or parcel of land against which a front foot assessment is to be levied at his or their address, if any, appearing on the records of the county treasurer, a notice stating the nature of the improvement, the total cost thereof, the amount to be assessed against the particular property and the frontage in feet upon which the front foot assessment is based, together with the terms and conditions upon which the front foot assessment may be paid. This notice shall also contain a brief description of the particular property involved together with a statement that the amount assessed shall constitute a lien against the property superior to all other liens except property taxes. The notice shall also state the time and place fixed for the meeting of the commission abovementioned for a hearing of objections in respect of the front foot assessments. Any property owner who fails, not later than three days prior to the date set for such meeting, to file with the commission a written objection to the front foot assessments against his property shall be deemed to have waived all rights to object to such front foot assessment; and the notice prescribed herein shall so state.

(e) At the time and place specified for the meeting abovementioned, or at some other time to which it may adjourn, the commission shall hear the objections of all persons who have filed written notice of objection within the time prescribed above who may appear and make proof in relation thereto either in person or by their attorney. The commission may thereupon make such corrections in the assessment roll as it may deem proper, confirm the same, set it aside and

provide for a new assessment. Whenever the commission shall confirm an assessment roll, either as originally prepared or as thereafter corrected, a copy thereof certified by the secretary of the commission shall forthwith be filed in the office of the clerk of court of common pleas of each county in which any property lies, and against which any front foot assessments have been levied; from the time of such filing the front foot assessments impressed in the assessment roll shall constitute and be a lien on the real property against which the same are assessed superior to all other liens and encumbrances except only the lien for property taxes.

(f) After the assessment roll has been confirmed a certified copy thereof shall be delivered to the treasurer of each county in which any front foot assessments are levied thereby who shall prepare and keep a separate book or books in connection therewith and who shall proceed to collect the same in the manner of county taxes and shall remit such collections on or before April fifteenth of each year upon the direction of the commission. Each year the county treasurer shall mail out notices of such front foot assessments at the same time county tax notices are mailed. Past due front foot assessments shall be turned over by the respective county treasurers to the county sheriff or delinquent tax collector who shall proceed to collect in the same manner as unpaid county taxes are collected. The collecting official shall likewise keep separate records in connection with such past due assessments and shall remit all sums collected forthwith upon the direction of the commission.

(g) Immediately upon the confirmation of an assessment the commission shall mail a written notice to all persons who have filed written objections as hereinabove provided of the amount of the front foot assessment finally confirmed against his property. If any such person is dissatisfied with the amount of the front foot assessment so confirmed and shall within ten days after the mailing of the notice confirming the assessment to him may give written notice to the commission of his intent to appeal his front foot assessment to the court of common pleas for the county in which his property is assessed, or any part thereof, is located, and shall within five days after giving such notice to the commission serve upon the commission a statement of facts upon which he bases his appeal; but no such appeal shall delay or stop the construction of the improvements or affect the validity of the front foot assessments confirmed and not appealed. The appeal shall be tried at the next term of court as other actions at law with priority over all other cases.

(h) The commission may correct, cancel or remit any such front foot assessment and may remit, cancel or adjust the interest or penalties of any front foot assessment and is empowered, when in its judgment there is any irregularity, omission, error or lack of jurisdiction in any of the proceedings relating thereto, to set aside the whole of any assessment made by it and thereupon to make a reassessment.

(i) In the event the commission provides that such front foot assessments may be paid in equal annual installments, then in that event the front foot assessment shall be deemed to be due and payable in the equal annual installments prescribed by the commission and shall bear interest at the rate of four per cent per annum from the date of the confirmation of the assessment roll, payable with such annual installment. Any property owner shall have the right at any time in his option to prepay in full the front foot assessment against his property by the payment of the balance due plus interest calculated to the date of prepayment. If any property owner shall fail or neglect to pay any installment when the same becomes due and payable, then and in that event the commission may, at its option, declare all of the installments remaining unpaid at once due and payable and such property shall be sold by the county sheriff in the same manner and with the same right of redemption as are prescribed by law for the sale of land for unpaid property taxes.

(j) All monies realized from front foot assessments shall be kept in a separate and distinct fund either on deposit with the county treasurer or, in the discretion of the commission, in a bank located within the county in which the district is located and used first to defray the cost to the extent prescribed by the commission in the resolution providing for such front foot assessments of the establishment and construction of the sewage lateral collection lines in connection with which the front foot assessments were levied, or second to provide debt service on bonds issued by the district to defray the costs of such construction; and for no other purpose. In the event a district issues bond and uses only a portion of the proceeds thereof to defray all or a part of the cost of constructing sewer lateral collection lines, monies derived from the front foot assessments shall be used to provide debt service to the extent prescribed in the resolutions providing for the imposition of the front foot assessments and authorizing the issuance of the bonds. Nothing contained in this act shall be construed to authorize any borrowing by a district.

(k) Monies received by the commission from front foot assessments and deposited by it as prescribed in the foregoing paragraph may to the extent practicable be invested in the discretion of the commission in obligations of the United States of America, obligations of any agency of the United States of America or obligations guaranteed by any agency of the United States of America, maturing in such fashion as to provide cash monies for the principal and interest payments of bonds payable therefrom when due. All income derived from any such investment shall be applied to the same purpose to which the invested funds are applicable.

(l) In the event monies derived from the front foot assessments are held by the county treasurer such funds shall be secured in the same manner as county funds. In the event such funds are deposited in a bank, the amount of such deposits in excess of the amount insured by the Federal Deposit Insurance Corporation shall be secured by direct obligations of the United States or by obligations of an agency of the United States or by obligations guaranteed by an agency of the United States. Nothing herein shall be construed to prohibit the commission from requiring such additional security as it may deem appropriate.

SECTION 4. When unpaid charges to constitute lien—enforcement of.—If the notice or notices prescribed by paragraph (1) of Section 3 of this act shall have been given and any hearing requested pursuant thereto shall have been held, all sewer service charges imposed by the commission following that procedure under authority of this act and not paid when due and payable shall be and constitute a lien upon the real estate to which the sewage service concerned relates so long as the sewer service charges remain unpaid. In addition to such other rights and remedies as may be available to the commission in law or in equity for the collection of the sewer service charges, the lien may be enforced by the commission in the same manner and fashion as the lien of property taxes on real estate. The lien herein provided shall be superior to all other liens except liens for unpaid property taxes.

The method provided in this act for the enforcement of the collection of past due sewer service charges shall not be the exclusive method of enforcing such collections and the commission is fully empowered to enforce the collection of any such sewer service charges in any other lawful manner in all or any part of the district, including particularly by way of a contract with a water distribution agency as authorized under paragraph (2) of Section 3.

SECTION 5. Enforcement of regulations.—Paragraph (3) of Section 3 of this act authorizes any commission in the interest of the health of the district to adopt regulations requiring the use of its sewer system and regulations generally with respect to the discharge of sewage and the use of privies, septic tanks and any other type of sewage facilities. Any commission is expressly authorized to apply to any court of general jurisdiction for the enforcement of any such regulations within the district governed by it through the means of mandatory injunction or other remedial process; *provided* such regulation has been duly adopted in the fashion prescribed by paragraph (3) of Section 3 of this act.

SECTION 6. To supersede other acts.—The powers conferred herein shall hereafter be exercised by all commissions in the manner and to the extent hereinbefore set forth, and, to that end, the provisions of this act shall supersede the analogous provisions of all special acts empowering commissions to exercise any of the powers hereinbefore conferred.

SECTION 7. Time effective.—This act shall take effect upon approval by the Governor.

The county purchasing agent shall purchase all materials, supplies or equipment for all departments of Greenville County. Such materials, supplies and equipment shall be requisitioned by each department in writing, by the use of a form to be prescribed by the purchasing agent, at least thirty days in advance of their requirements, except in cases of emergency. SECTION 2. Bids required—exceptions.—The county purchasing agent under the direction of the Board of Commissioners of Greenville County shall advertise for public bids for each purchase of supplies, machinery, equipment, vehicles or materials in excess of one hundred dollars. Bids, which may be sealed, shall be opened publicly at a specified time at a meeting of the board of commissioners, and the purchase of such items shall be awarded to the lowest bidder on items of identical quality, but nothing herein shall be construed as preventing the board from directing a purchase from other than the lowest bidder in instances where the board deems it advisable to buy an item of higher quality than that offered by the lowest bidder. Each bid shall specify whether sales tax is or is not included in the bid price. The board shall similarly have the right to reject all bids in its discretion. The minutes of each such meeting of the board shall be taken and preserved, recording all bids received and the amounts of each and the action of the board in awarding the purchase. Such trial shall be without a jury unless the defendant demands a trial by jury, and in that event the court shall remand the case to the circuit court.

(d) The court shall have the power to impose the penalty or sentence provided by law for such offenses.

SECTION 20. Penalties for violations by adults.—Any adult who wilfully violates, neglects or refuses to obey or perform any lawful order of the court, or who violates any provision of this act, may be proceeded against for contempt of court. All information obtained and social records prepared in the discharge of official duty by an employee of the court shall be privileged and shall not be disclosed directly or indirectly to anyone other than the judge or others entitled under this act to receive such information, unless and until otherwise ordered by the judge. The records in proceedings under Section 6 of this act shall be filed in the office of the court. The records of all other proceedings shall be filed in the office of the Clerk of Court for Aiken County.

SECTION 24. Court to be assisted by other agencies.—The court is authorized to seek the cooperation of all societies or organizations, public or private, having for their object the protection or aid of delinquents or neglected children, to the end that the court may be assisted in every reasonable way to give to all such children the care, protection and assistance which will conserve the welfare of such children. The pendency of an appeal or application therefor shall not suspend the order of the Juvenile and Domestic Relations Court regarding a child nor shall it discharge the child from the custody of that court or of the person, institution or agency to whose care such child shall have been committed. If the circuit court does not dismiss the proceedings and discharge the child, it shall affirm or modify the order of the Juvenile and Domestic Relations Court and remand the child to the jurisdiction of that court for supervision and care, and thereafter the child shall be and shall remain under the jurisdiction of the Juvenile and Domestic Relations Court in the same manner as if no appeal had been taken.

SECTION 26. Concurrent jurisdiction in certain cases.—The court shall have concurrent jurisdiction with the circuit court in cases of divorce, annulment, alimony, separate maintenance and support, child support and child custody.

SECTION 5. Civil division.—The Civil Division shall be a court of record. The same presumption in favor of its jurisdiction and the validity of its judgments and decrees shall hold as in the case of jurisdiction, judgments and decrees of the circuit courts.

SECTION 7. Special judge.—In case of the absence or inability to act of the judge at the time fixed for holding the terms of the court or in case of his disqualification of the trial of any case in the court, the Governor may, upon notice of the judge or a majority of the members of the Greenwood County Bar Association, appoint some other suitable person, being an attorney at law, to hold such term or terms of the court as may be designated by the Governor or to try any special case, as special judge. He shall, however, hold four regular terms each year, on the third Monday in January, the first Monday in April, the fourth Monday in August and the first Monday in December, and so many additional terms as may be necessary, unless a majority of the members of the Greenwood County Bar Association having cases on the court docket for trial at that term of court at a regular meeting, deems any one session unnecessary. In no event shall any term of the court be fixed that will conflict with the regular term of the circuit court for the county, or term of the United States District Court for the Greenwood Division.

shall be dismissed without prejudice and trial shall be held on the original action.

SECTION 14. Criminal jurisdiction.—The Civil and Domestic Relations Court of Greenwood County shall have jurisdiction to grant and hold a preliminary investigation upon a warrant charging a crime if such hearing shall be demanded in writing by the defendant at least ten days before the commencing of the next court of general sessions, at which examination the defendant may cross-examine the state's witnesses in person or by counsel. Appellate jurisdiction—jurisdiction of judge.—The Civil and Domestic Relations Court of Greenwood County shall have concurrent jurisdiction with the Court of Common Pleas to hear and determine all appeals from judgments, both civil and criminal, rendered by the Magistrates' Courts. The proceedings on such appeals shall be the same as now provided for appeals in such cases from the Magistrates' Courts to the Court of Common Pleas.

In all cases and special proceedings within the jurisdiction of the court and pending therein, the judge of the court shall have the same jurisdiction, both in open court and at chambers, as is possessed by the circuit judges over cases pending in the circuit courts over which they are presiding or in the circuits in which they are residents. He shall also have the authority and power as now exercised by judges of the circuit court to hear and punish persons in contempt proceedings.

SECTION 16. SECTION 20. Drawing and summoning of jurors.—The commissioners shall, at least fifteen days before the convening of the court and after five days' notice of such drawing from the jury box, which may be given by either posting notice on the courthouse door or by publication in a newspaper published in the county, draw a panel of petit jurors, and the clerk of court shall immediately issue to the sheriff a venire containing the names of the persons thus drawn as petit jurors for the court. Such venire shall be returned at such time as may be named, and the persons so served shall be the jurors for the court. The law relating to the qualifications, drawing and summoning jurors of the circuit court shall apply, except as herein otherwise provided. Not more than thirty persons shall be drawn and summoned to attend at the same time at any session of the court, unless the court shall otherwise order.

A juror shall not be required to serve in such court for a full week more than once in the same year, except that when the business of the court is not completed during the week for which jurors are drawn such jurors may be held for service at a later term.

Lists of jurors to be furnished parties—strikes—number of jurors.—In the trial of all civil actions at law in the court and in the trial of all issues ordered to be framed by the judge in equity cases in the court the clerk shall furnish the parties or their attorneys with a list of fourteen of the jurors, to be drawn and selected by ballot from the whole number of jurors who are in attendance, the names on the list to be numbered from one to fourteen. From this list the parties or their attorneys shall alternately strike by number, the plaintiff striking first, until there shall be left but six names, which shall constitute the jury to try the case or issue. Objections for cause shall be allowed and vacancies in the panel filled in the manner now provided in the court of common pleas. A jury for the trial of cases in the court shall consist of six.

SECTION 23. Certain actions not required to be referred to master.—Actions in which reference to a master would, under the law, otherwise be necessary may be heard and determined by the judge of the court either in term time or at chambers, without referring them to the master, upon testimony taken before the judge, and likewise in all cases when a jury trial may not be necessary or required.

An Act To Empower The Board Of Trustees Of The Medical College Of South Carolina To Grant A Long Term Leasehold Estate To The Board Of Trustees Of The South Carolina Retarded Children's Habilitation Center.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that it did by Act No. 314 of 1963 establish, as an agency of the State, The South Carolina Retarded Children's Habilitation Center, and did provide that its functions be performed by a Board of Trustees (The Board). The Board now proposes to construct a diagnostic evaluation clinic facility and wishes to locate it at the northwest corner of certain property recently acquired by The Medical College of South Carolina (The Medical College) and known

as The Porter Academy property. The Trustees of The Medical College (The Trustees) are amenable to the proposal, but the question has arisen as to the statutory power of The Trustees to grant a long term indefeasible lease to such property. To remedy this statutory lack of power, the General Assembly proposes to grant appropriate authorization therefor.

SECTION 2. Medical College may lease certain property.—The Trustees are empowered to lease to The Board not to exceed one-half acre of The Porter Academy property to permit The Board to construct and operate a facility to be used as a diagnostic evaluation clinic.

The lease shall be in such form and for such term as shall be mutually agreed upon, not to exceed sixty years and shall not require the payment of rent. The estate so granted shall be an indefeasible leasehold estate and may be accompanied by such easements affecting the remainder of The Porter Academy property of The Medical College as The Trustees shall approve. Both The Board and The Trustees may take such action as shall be required to implement the authorizations granted by this act.

An Act To Empower The Board Of Trustees Of The Medical College Of South Carolina To Convey Certain Properties To The City Of Charleston.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that The Medical College of South Carolina (The Medical College) owns certain real property located on James Island in Charleston County, now being used as an animal farm, which it acquired from the United States of America. The City of Charleston (the City) has need of a treatment plant site in connection with the sewage disposal facilities now being planned by the City. Of-

ficials of The Medical College and of the City have informally discussed the conveyance to the City of the necessary site.

Furthermore, the City proposes to widen a portion of Calhoun Street and for that purpose The Medical College proposes to convey to the City a fifteen foot wide strip of land lying on the south side of Calhoun Street in the City of Charleston and butting on the west on Barre Street and on the east on Gadsden Street; and The Medical College proposes to convey a portion of its property lying at the northeast corner of President and Douty Streets, in the City and measuring ninety feet along each street, to the City in order to enable the City to improve the traffic pattern at that intersection.

The Trustees of The Medical College (the Trustees) have no statutory power to effect any such conveyances and to remedy this lack of statutory power the General Assembly now proposes to grant appropriate authorization therefor.

SECTION 2. Medical College may convey certain property.—The Trustees are hereby fully empowered to convey to the City, without warranty, the fee simple title, or such lesser estate as the Trustees shall deem advisable to any or all of the following:

(a) a portion of the above mentioned property owned by The Medical College on James Island not to exceed fourteen acres in area together with easements over such other portions of the tract of land as may be required by the City;

(b) the abovementioned fifteen foot wide strip lying along the south side of Calhoun Street; and

(c) the abovementioned portion of its property lying at the northeast corner of President and Douty Streets.

The conveyances shall be made for such consideration as the Trustees shall deem appropriate or for no consideration, in the discretion of the Trustees. The deeds effecting these conveyances shall be executed on behalf of The Medical College by such person or persons as the Trustees shall, by resolution, provide and the Trustees are fully empowered to take such action as shall be required in order to implement the authorizations granted by this act.

SECTION 3. Time effective.—This act shall take effect upon approval by the Governor.

No. 484

An Act To Amend Act 1095 Of 1964, Relating To The Issuance Of State Notes For The Medical College Of South Carolina, So As To Increase The Amount Authorized From One Million Five Hundred Thousand Dollars To Six Million Dollars And To Extend The Period Of Time Over Which The Notes May Be Paid.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that it did by Act 1095 of 1964 authorize The Medical College of South Carolina (The Medical College) to construct and equip teaching and related facilities for the purpose of providing additional teaching and related facilities for the training of physicians and nurses and for the purpose of providing teaching and related facilities for a school of dentistry, and to that end did authorize and empower the Governor and State Treasurer, under the conditions set forth therein, to raise one million five hundred thousand dollars through the issuance of notes of the State. It now finds that the needs for such facilities are greater than then believed and that the cost of such facilities is now estimated to be fifteen million dollars, of which approximately nine million dollars may be obtained through Federal assistance. After a careful review, it has determined to permit The Medical College to undertake the enlarged program and as a means of expressing its approval and authorization thereto has determined that Act 1095 of 1964 should be amended so as to increase the amount that may be raised therefor. It has also determined to extend the maturity of the notes authorized by Act 1095.

SECTION 2. Section 1 of Act 1095 of 1964 amended—findings further.—Section 1 of Act 1095 of 1964 is amended by striking on line twenty-four the words "one million five hundred thousand" and inserting the words "six million". Amend the section further by striking beginning on line thirty-one the words "one million five hundred thousand" and inserting the words "six million". The section when amended shall read as follows:

"Section 1. The General Assembly finds that by Section 9 of Part II of Act No. 284 of the Acts of General Assembly for the year 1963 it authorized the acquisition by The Medical College of South Caro-

lina (the Medical College) of certain properties in the City of Charleston from Porter Academy, in order that the Medical College might enlarge its teaching and related facilities in such manner as to provide teaching facilities for additional students in its medical and nursing schools, and in order that it might establish a school of dentistry. With the proceeds of moneys raised in the manner authorized by Section 9 of Part II of Act No. 284 the properties have been acquired and are now available for use.

By Public Law 88-129, enacted by the Congress of the United States and approved by the President on September 24, 1963, moneys for grants to assist in the construction of new teaching facilities for the training of physicians, nurses and dentists will become available. The Medical College is eligible for Federal assistance pursuant to Public Law 88-129, but in order to make application therefor, must establish that certain sums are available to it from State or other sources. It has now been determined that the Medical College should increase its facilities for students in its existing schools of medicine and nursing and for its authorized, but yet to be established, school of dentistry. In order to accomplish these results, the General Assembly has determined to make available to the Medical College the sum of not exceeding six million dollars in order that with such funds, and with such further funds as may be obtained through the authorizations of Public Law 88-129, the Medical College may be able to provide additional teaching and related facilities for the training of physicians, nurses and dentists.

In order to provide a method for raising moneys, the General Assembly has determined to empower the Governor and State Treasurer to issue notes of the State to the extent of not exceeding six million dollars, the proceeds to be made available to the Board of Trustees of the Medical College for the purposes above set forth."

SECTION 3. Section 3 of Act 1095 of 1964 amended—bond issue authorized.—Section 3 of Act 1095 of 1964 is amended by striking it out and inserting the following:

"Section 3. In order to provide funds to the extent of not exceeding six million dollars for the purposes above set forth, the Governor and State Treasurer, having first obtained the approval of the State Budget and Control Board, expressed by proper resolution, shall be empowered to issue notes of the State to the extent of not exceeding six million dollars. The notes shall mature in twenty successive annual instalments in such amounts as the State Budget and Control

Board shall approve. The notes may, at the discretion of the State Budget and Control Board, be made subject to redemption prior to their stated maturities on such occasions and under such conditions as the State Budget and Control Board shall prescribe. The notes shall bear interest, payable annually or semiannually, at such rate as the State Budget and Control Board may prescribe."

SECTION 4. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 27th day of May, 1965.

No. 486

An Act To Amend Act 821 Of 1956, As Amended, Relating To The South Carolina State Ports Authority, So As To Authorize The Authority To Construct Additional Facilities For Storing And Exporting Soy Beans And Other Small Grains; To Increase By Two Million Five Hundred Thousand Dollars The Amount Of General Obligation Bonds Of The State Which May Be Issued For State Ports Facilities; And To Provide For Special Charges For The Use Of Such Facilities.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Ports Authority may expand grain facilities—bond issue increased—schedule of rates and charges.—The General Assembly, by Act 821 of 1956, as amended by Act 32 of 1957, authorized the issuance of State bonds to the extent of twenty-one million dollars to provide docking facilities at the State ports of South Carolina. Section 4 of Part II of Act 207 of 1961 authorized an additional one million dollars of bonds in order that a grain elevator and necessary attendant facilities for storing and exporting soy beans and other small grains might be constructed. The facilities constructed with the one million dollars last provided have proved extremely useful, but the demand therefor has exceeded the capacity with the result that the facilities for storing and exporting soy beans and other small grains should be greatly enlarged. The General Assembly has decided to authorize such expansion and proposes to provide an additional two million five hundred thousand dollars therefor. Notwithstanding the need for the additional facilities, the General Assembly has determined that, if possible, the bonds should be self-liquidating, and to that end intends to prescribe, as a condition precedent to the issuance of additional State Ports Authority bonds pursuant to the provisions of this amendatory act of 1965, that the State Ports Authority shall place into effect, maintain, and to the extent herein provided, revise when necessary, a schedule of rates and charges upon all receiving the benefit of such facilities, based upon a per bushel charge, sufficient to provide for the payment of the principal and interest of such additional State Ports Authority bonds. To accomplish these results it proposes to further amend Act 821 of 1956 in order to furnish an appropriate statutory vehicle for the issuance of two million five hundred thousand dollars of additional State Ports bonds.

SECTION 2. Act 821 of 1956 amended—Section 2A added—additional bonds may be issued to expand grain facilities.—Act 821 of 1956, as amended, is further amended by adding after Section 2 the following:

"Section 2A. In addition to the twenty-two million dollars of State Ports bonds, whose issuance is authorized by Section 2, additional State Ports bonds, to the extent of two million five hundred thousand dollars, may be issued, in order to enlarge and improve facilities at the Port of Charleston for storing and exporting soy beans and other small grains, and the State Ports Authority shall be fully authorized and empowered to construct such additions and improvements to the existing facilities with the proceeds of the bonds herein authorized."

SECTION 3. Section 3 of Act 821 of 1956 amended—items (4), (5) and (6) added—request to be submitted to Budget and Control Board prior to issuance.—Section 3 of Act 821 of 1956 is amended by adding at the end thereof the following:

"(4) In the instance of any State Ports bonds, issued to expand existing grain facilities, the Authority shall include in its request to the State Budget and Control Board a schedule of rates and charges to be imposed upon a per bushel basis upon all those who may utilize such facilities, together with an estimate showing the revenues to be raised therefrom. Such schedule of charges shall be effective prior to the issuance of such State Ports bonds. In preparing the schedule the State Ports Authority shall assume that the State will issue the bonds authorized by this act as serial bonds payable in twenty successive equal annual instalments, beginning one year from the date of issuance and at a rate of not more than three per cent interest per annum. On such basis the aggregate of principal and interest to be paid by the State will amount to three million two hundred eighty-seven thousand five hundred dollars. The schedule to be presented to the State Budget and Control Board must be such as to establish that the revenue to be derived from the per bushel charge over such twenty-year period will be equal to the sum of three million two hundred eighty-seven thousand five hundred dollars. The General Assembly is aware that in the initial phases of operation the revenues may be less than in later years and such factor may be taken into account in the preparation of the rate schedule, but the estimate must show that at the end of five years and thereafter, the revenue will equal the annual debt service requirements on the bonds here author-

ized for such years, and that any deficit, incurred in the first five years that such bonds shall be outstanding, will be restored during the life of the bonds. Such schedule may be revised from time to time, with the approval of the State Budget and Control Board, and shall be revised whenever required by the State Budget and Control Board, but all revisions so made shall take into account the legislative mandate herewith expressed that the revenue derived from the expanded facilities provide reimbursement to the State of the aggregate sums paid by it by way of principal and interest on the bonds herewith authorized. *Provided,* that if in any full fiscal year after the beginning of the operations of the expanded facilities the payments made by the then operator or lessee shall be less than one hundred thousand dollars, the State Ports Authority and the Budget and Control Board shall forthwith terminate or renegotiate any existing management or lease agreement, and in no event shall any new or renegotiated contract provide for annual payments of less than one hundred thousand dollars as provided in the act.

(5) The State Ports Authority shall review at the end of each fiscal year the entire operation and status of the grain storage facilities as operated by any lessee or holder of a management contract to determine that the method and conduct of operation has been in an efficient and economical manner with due regard for the interests of the State, the farmers and the lessee. The lessee or operator shall submit within ninety days of the end of each fiscal year a complete audit by a certified public accountant approved by the State Ports Authority. The Ports Authority shall thereafter submit an annual report to the Budget and Control Board and the General Assembly, on the operation of the grain facility.

(6) That any option in any existing contract or management agreement shall be terminated and at the termination of the existing management contract or lease, the State Ports Authority shall have the right and responsibility of operating or leasing the facilities on such terms as they may deem best. *Provided,* that first priority in negotiating any new agreement or lease shall be given to the then existing operator or lessee."

The section when amended shall read as follows:

"Section 3. Prior to the issuance of any State Ports bonds, the Authority shall transmit to the State Budget and Control Board (herein called the State Board) a request for the issuance thereof, and shall embody in such request the following information:

(1) A schedule showing the aggregate of State Ports bonds issued pursuant to previous requests; the purposes for which the proceeds thereof were expended; and the annual debt service requirements thereof.

(2) The amount of bonds then sought to be issued, the purposes for which their proceeds are to be expended, and a suggested maturity schedule for such bonds.

(3) A schedule showing estimated future debt service requirements on all outstanding State Ports bonds and the bonds then requested to be issued.

(4) In the instance of any State Ports bonds, issued to expand existing grain facilities, the Authority shall include in its request to the State Budget and Control Board a schedule of rates and charges to be imposed upon a per bushel basis upon all those who may utilize such facilities, together with an estimate showing the revenues to be raised therefrom. Such schedule of charges shall be effective prior to the issuance of such State Ports bonds. In preparing the schedule the State Ports Authority shall assume that the State will issue the bonds authorized by this act as serial bonds payable in twenty successive equal annual instalments, beginning one year from the date of issuance and at a rate of not more than three per cent interest per annum. On such basis the aggregate of principal and interest to be paid by the State will amount to three million two hundred eighty-seven thousand five hundred dollars. The schedule to be presented to the State Budget and Control Board must be such as to establish that the revenue to be derived from the per bushel charge over such twenty-year period will be equal to the sum of three million two hundred eighty-seven thousand five hundred dollars. The General Assembly is aware that in the initial phases of operation the revenues may be less than in later years and such factor may be taken into account in the preparation of the rate schedule, but the estimate must show that at the end of five years and thereafter, the revenue will equal the annual debt service requirements on the bonds here authorized for such years, and that any deficit, incurred in the first five years that such bonds shall be outstanding, will be restored during the life of the bonds. Such schedule may be revised from time to time, with the approval of the State Budget and Control Board, and shall be revised whenever required by the State Budget and Control Board, but all revisions so made shall take into account the legislative mandate herewith expressed that the revenue derived from the expanded

facilities provide reimbursement to the State of the aggregate sums paid by it by way of principal and interest on the bonds herewith authorized. *Provided,* that if in any full fiscal year after the beginning of the operations of the expanded facilities the payments made by the then operator or lessee shall be less than one hundred thousand dollars, the State Ports Authority and the Budget and Control Board shall forthwith terminate or renegotiate any existing management or lease agreement, and in no event shall any new or renegotiated contract provide for annual payments of less than one hundred thousand dollars as provided in the act.

(5) The State Ports Authority shall review at the end of each fiscal year the entire operation and status of the grain storage facilities as operated by any lessee or holder of a management contract to determine that the method and conduct of operation has been in an efficient and economical manner with due regard for the interests of the State, the farmers and the lessee. The lessee or operator shall submit within ninety days of the end of each fiscal year a complete audit by a certified public accountant approved by the State Ports Authority. The Ports Authority shall thereafter submit an annual report to the Budget and Control Board and the General Assembly, on the operation of the grain facility.

(6) That any option in any existing contract or management agreement shall be terminated and at the termination of the existing management contract or lease, the State Ports Authority shall have the right and responsibility of operating or leasing the facilities on such terms as they may deem best. *Provided,* that first priority in negotiating any new agreement or lease shall be given to the then existing operator or lessee."

SECTION 4. Section 6 of Act 821 of 1956 further amended—payment.—Section 6 of Act 821 of 1956, as amended by Act 207 of 1961, is further amended by adding at the end thereof the following:

"In the instance of any State Ports bonds authorized to expand existing grain or soy bean facilities, all revenues derived from the per bushel charge imposed upon all who may utilize the facilities, pursuant to item (4) of Section 3 of Act 821 of 1956, as amended, shall be set apart by the State Treasurer in a separate fund and applied to the payment of the principal and interest of additional State Ports Authority bonds issued for the purpose of expanding the facilities."

The section when amended shall read as follows:

"Section 6. For the payment of the principal and interest on all State Ports bonds at any time issued and outstanding, there shall be pledged the full faith, credit and taxing power of the State of South Carolina, and in addition thereto, but subject to the provisions of this section, the entire amount of revenue derived from the tax levied on income, pursuant to Chapter 5 of Title 65, Code of Laws of South Carolina, 1962, as amended. The revenues derived from such tax during each fiscal year shall be discharged from each pledge when provision has been made for the payment in full of the principal and interest of all State Ports bonds matured or maturing in such fiscal year, and there shall be applied to the payment of such bonds annually such amounts from the net revenues derived by the Authority from its operations as shall from time to time be determined and directed by the State Budget and Control Board. The pledge of such revenue derived from such tax shall preclude the repeal of such tax until such pledge has been fully discharged but it shall not preclude the revision of such tax as to rate, if the State Auditor shall certify that his estimate of the revenue to be derived annually from the tax as thus revised will not be less than one hundred and fifty per cent of that sum which is equal to the maximum annual principal and interest requirements on all State Ports bonds outstanding, or then requested to be issued on the date such certificate bears. Such certificate shall be appended to the enrolled act and be presented to the Joint Assembly of the General Assembly on the occasion such act is presented for ratification.

In the instance of any State Ports bonds authorized to expand existing grain or soy bean facilities, all revenues derived from the per bushel charge imposed upon all who may utilize the facilities, pursuant to item (4) of Section 3 of Act 821 of 1956, as amended, shall be set apart by the State Treasurer in a separate fund and applied to the payment of the principal and interest of additional State Ports Authority bonds issued for the purpose of expanding the facilities."

SECTION 5. Section 15 of Act 821 of 1956 further amended—final date bonds may be issued.—Section 15 of Act 821 of 1956, as amended, is further amended by striking it out and inserting the following:

"Section 15. No bonds may be issued pursuant to this act after December 31, 1967."

SECTION 6. Time effective.—This act shall take effect upon approval by the Governor.

An Act To Authorize The Board Of Trustees Of South Carolina State College To Effect Loans By Issuing Revenue Bonds For Housing Facilities And Refunding Outstanding Bonds, To Define The Procedure By Which Such Loans May Be Effected And To Make Provision For The Payment Of Loans.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that heretofore, pursuant to Act No. 1059 of 1952, the Board of Trustees of South Carolina State College (the Trustees) effected the issuance of one million one hundred thousand dollars Student and Faculty Housing Revenue Bonds of South Carolina State College (State College), which are secured by a pledge of the entire revenues which State College shall from time to time derive directly or indirectly from the use, operation, or rental of all student and faculty housing facilities which it may now or hereafter possess, with certain exceptions prescribed in the resolutions authorizing the issuance of such bonds. In such proceedings the Trustees reserved the right to issue additional bonds to such amount as the Trustees shall from time to time thereafter deem necessary and proper, including bonds issued under subsequently enacted legislative authorization.

The enrollment at State College is expanding steadily, making it apparent that there is a definite need for further facilities to house the expanding enrollment and enlarged faculty. Due consideration and investigation has been given to this need and to the method by which the Trustees might be enabled to construct such additional facilities.

It has also been determined that it might become advantageous for State College to refund all or some portion of the bonds now outstanding and that no statutory authorization now exists whereby such refunding may be accomplished. It has, therefore, been deter-

mined to authorize, under the conditions herein set forth, additional bonds of State College, payable from the revenues herein set forth, for the purposes and to the extent herein provided.

SECTION 2. Additional housing facilities authorized.—The Trustees are authorized to acquire additional student and faculty housing facilities, to the extent they shall approve and can acquire with the proceeds of the bonds authorized by this act. The Trustees are also authorized to effect the refunding of all or any part of the bonds now or hereafter outstanding, which are payable from revenues derived from student and faculty housing facilities.

SECTION 3. Trustees may borrow money.—The Trustees are authorized to borrow, (in addition to the loan evidenced by the bonds described in Section 1) from time to time, not exceeding in the aggregate, two million dollars, as well as such further sum as the Trustees may at any time hereafter determine to borrow for the purpose of refunding all or any part of any bonds of State College payable from revenues derived from student and faculty housing facilities. So much of the proceeds of the loans authorized as shall not be required to retire outstanding bonds shall be used in the construction, reconstruction, and equipping of dormitories and buildings for student and faculty housing, and auxiliary, and related facilities, to be located on lands owned by State College. Such buildings, when constructed, shall be used for the purpose of providing housing, and auxiliary and related facilities, for students and faculty of State College; *provided,* that for the purposes of this act, a building, including both dormitory and cafeteria facilities, shall be deemed to provide housing, auxiliary, and related facilities, within the meaning of this act.

SECTION 4. Pledge of housing revenues.—All bonds issued pursuant to this act shall be payable from the entire revenues derived by State College from all student and faculty housing facilities which it may now or hereafter possess or utilize, including, if the Trustees so elect, any net revenues derived from related facilities. The Trustees shall be empowered to so define the entire revenues as to eliminate therefrom (a) revenues derived from casual users, during the periods when the dormitories are not in regular use, and (b) revenues derived during summer school sessions, and which are used, pursuant to legislative directive, for the operation and maintenance of such summer school sessions, but this exception (b) shall not

apply if, during the life of the bonds, it shall become the general custom of as much as forty per cent of the student body to attend summer school sessions, either in lieu of some other session or as a part of a plan of accelerated college education. *Provided,* that bonds issued pursuant to this act shall not be issued unless they be issued as bonds on a parity with the bonds of State College now outstanding and which are payable from the revenues referred to in this section, unless it shall happen that all of the outstanding bonds shall be retired pursuant to the authorizations set forth in Section 3.

SECTION 5. Credit of State not to be pledged.—The faith and credit of the State of South Carolina shall not be pledged for the payment of the principal and interest of such bonds, and there shall be on the face of each bond a statement plainly worded, to that effect. Neither the Trustees nor any other person signing the bonds shall be personally liable therefor.

SECTION 6. Issuance of bonds.—In order to avail themselves of the authorizations set forth in this act, the Trustees of State College shall adopt resolutions providing for the issuance of bonds of State College within the limitations herein mentioned, which resolution shall prescribe the tenor, terms and conditions of such bonds. Such bonds shall be issued as serial bonds, maturing in equal or unequal amounts, at such times and on such occasions as the Trustees shall determine. *Provided, always,* that the last maturing bonds of any issue shall be expressed to mature not later than fifty years from their date, and the first maturing bonds of any issue, issued pursuant to this act, shall fall due within five years from their date. They shall bear such rates of interest, payable on such occasions, as the Trustees shall prescribe, and the bonds shall be in such denominations, shall be payable in such medium of payment, and at such place as such resolution shall prescribe. All bonds maturing subsequent to fifteen years from their date shall first become subject to redemption not later than fifteen years from their date, and thereafter on all subsequent interest payment dates prior to their respective maturities. All bonds may be issued with a provision permitting their redemption on any interest payment date prior to their respective maturities. Bonds made subject to redemption prior to their stated maturities may contain a provision requiring the payment of a premium for the privilege of exercising the right of redemption, in such amount or amounts as the Trustees shall prescribe in the resolutions author-

izing their issuance. All bonds that are subject to redemption shall contain a statement to that effect on the face of each bond. The resolutions authorizing their issuance shall contain provisions, specifying the manner of call and the notice of call that must be given.

SECTION 7. Form.—Such bonds may be in the form of negotiable coupon bonds, payable to bearer, with the privilege to the holder of having them as to principal on registry books kept by or for State College, and the principal thus made payable to the registered holder, unless the last registered transfer shall have been to bearer, upon such conditions as the Trustees may prescribe, or such bonds may be issued as fully registered bonds. If issued as fully registered bonds, it may be provided that they may thereafter be converted into negotiable coupon bonds of the tenor described above.

SECTION 8. Exempt from taxes.—The bonds authorized by this act and all interest to become due thereon shall have the tax exempt status prescribed by Section 65-4.1, Code of Laws of South Carolina, 1962.

SECTION 9. Lawful for certain persons to invest in bonds.—It shall be lawful for all executors, administrators, guardians and fiduciaries, all sinking fund commissions, and the State Budget and Control Board, as Trustee of the South Carolina Retirement System, to invest any moneys in their hands in such bonds.

SECTION 10. Execution.—Such bonds and the coupons, if any, attached to such bonds, shall be executed in the name of State College in such manner and by such persons as the Trustees shall from time to time determine, and the seal of State College shall be affixed to, reproduced, or impressed on each bond. Any coupon attached to such bonds shall be authenticated by the facsimile signature of one or more of the persons signing the bonds. The delivery of the bonds so executed shall be valid notwithstanding changes in officers or seal occurring after such execution.

SECTION 11. Disposition.—The bonds shall be disposed of in such manner as the Trustees shall determine, except that no sale, privately negotiated without public advertisement, shall be made unless the approval of the State Budget and Control Board shall be obtained. If the Trustees shall elect to sell the bonds at public sale, at least one advertisement thereof shall appear in some newspaper of general

circulation in South Carolina not less than ten days prior to the occasion fixed for the opening of bids.

SECTION 12. Powers.—To the end that the payment of the principal and interest of the bonds authorized hereby shall be adequately secured, the Trustees of State College shall be empowered in their discretion:

1. To issue bonds in such amount, within the limitations herein provided for, as the Trustees shall deem necessary, provided that it shall be lawful for the Trustees to use a portion of the principal proceeds derived from any sale of bonds, except bonds issued to effect refunding of outstanding bonds, to meet the payment of interest on such bonds for a period of one year, it being recognized by the General Assembly that until the facilities, to be constructed with the proceeds of the loan, shall be completed, an undue burden may be imposed upon then existing revenues.

2. To pledge the entire revenues, as described in Section 4 of this act, for the payment of the principal of and interest on the bonds as they respectively mature.

3. To covenant that no housing facilities owned by State College will be used free of charge, or to specify and limit the facilities which may be made use of free of charge.

4. To covenant to establish and maintain such system of rules as will insure the continuous use and occupancy of the facilities, whose revenues are pledged to secure any bonds.

5. To covenant that an adequate schedule of charges will be established and maintained for all the facilities, whose revenues shall be pledged to secure any bonds, to the extent necessary to produce sufficient revenues to:

(a) Pay the cost of operating and maintaining the facilities, whose revenues shall be pledged for the payment of the bonds, including the cost of fire, extended coverage and use and occupancy insurance;

(b) Pay the principal and interest of the bonds as they respectively become due;

(c) Create and at all times maintain, an adequate Debt Service Reserve Fund to meet the payment of such principal and interest; and

(d) Create and at all times maintain an adequate reserve for contingencies, and for major repairs and replacement.

6. To covenant against the mortgaging or disposing of the facilities, whose revenues shall be pledged for the payment of such

bonds, and against permitting or suffering any lien to be created thereon, equal or superior to the lien created for the benefit of such bonds. *Provided,* always, that the Trustees shall be empowered to discontinue the use of, or demolish, obsolete facilities and to reserve the right, under such terms as they shall prescribe, to issue additional bonds on a parity with the bonds authorized by this act, if at some later date they shall obtain legislative authorization for the issuance of such further bonds.

7. To covenant as to the use of the proceeds derived from the sale of any bonds issued pursuant to this act.

8. To provide for the terms, form, registration, exchange, execution and authentication of bonds, and for the replacement of lost, destroyed or mutilated bonds.

9. To make covenants with respect to the use of the facilities, to be constructed with the proceeds of the bonds authorized hereby, and of the other facilities, whose revenues shall be pledged for the payment of the bonds.

10. To prescribe the terms and conditions under which additional bonds on a parity with bonds issued pursuant to this act may be issued, if subsequent legislative authorization be obtained.

11. To covenant that all revenues pledged for the payment of the bonds shall be duly segregated into special funds, and that such funds will be used solely for the purposes for which they are intended and for no other purpose.

12. To covenant for the mandatory redemption of bonds on such terms and conditions as the resolutions authorizing such bonds shall prescribe.

13. To prescribe the procedure, if any, by which the terms of the contract with the bondholders may be amended, the number of bonds whose holders must consent thereto, and the manner in which such consent shall be given.

14. To covenant as to the maintenance of the facilities, whose revenues shall be pledged for the payment of the bonds, the insurance to be carried thereon, and the use and disposition of proceeds from any insurance policy.

15. To prescribe the events of default and the terms and conditions upon which all or any bonds shall become or may be declared due before maturity, and the terms and conditions upon which such declaration and its consequences may be waived.

16. To impose a statutory lien upon the facilities, whose revenues shall be pledged to secure the bonds. Such lien shall extend to such facilities, to their appurtenances and extensions, to their additions, improvements and enlargements to the extent specified in the resolutions and shall inure to the benefit of the holders of the bonds secured thereby. Such facilities shall remain subject to such statutory lien until the payment in full of the principal and interest of the bonds. Any holder of any of the bonds, or any of the coupons representing interest thereon, may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce the statutory lien, and may, by suit, action, mandamus or other proceedings enforce and compel performance of all duties of the Trustees, including the fixing of sufficient rates, the proper segregation of the revenues, and the proper application thereof. *Provided*, however, that the statutory lien shall not be construed to give any such bond or coupon holder authority to compel the sale of any of the facilities, or any part thereof.

17. To covenant that if there be any default in the payment of the principal of or interest upon any of the bonds, any court having jurisdiction in any proper action may appoint a receiver to administer and operate the facilities, whose revenues shall be pledged for the payment of such bonds, with power to fix rates and charges for the facilities, sufficient to provide for the payment of the expense of operating and maintaining such facilities, and to apply the income and revenues of such facilities to the payment of such bonds, and the interest thereon.

SECTION 13. No time limit for issuance of bonds.—The authorizations granted by this act shall remain in full force and effect until they shall be rescinded by subsequent enactment, and no time limit is set for the issuance of bonds pursuant to this act.

SECTION 14. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 5th day of May, 1965.

No. 488

An Act To Authorize The Board Of Trustees Of Winthrop College To Acquire Additional Student Housing Facilities; To Empower It To Effect Loans For Such Purposes Through The Issuance Of Revenue Bonds And Also For The Purpose Of Refunding Outstanding Bonds Payable From Revenues Derived From Student Housing Facilities; To Define The Procedure By Which Such Loans May Be Effected And The Covenants And Undertakings To Secure The Loans; To Make Provision For The Payment Of Loans; And To Declare Valid Certain Bonds Heretofore Issued For Any Of Such Purposes.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Findings of General Assembly.—The General Assembly finds that heretofore, (a) pursuant to Act No. 902 of 1952, the Board of Trustees of Winthrop College, hereinafter called "the trustees", effected the issuance of one million four hundred seventy-five thousand dollars' Student Housing Revenue Bonds, Series of 1961, of Winthrop College, and (b) pursuant to Act No. 1008 of 1962, as amended by Act No. 416 of 1963, the trustees effected the issuance of two million dollars' Student Housing Revenue Bonds, Series of 1963, of Winthrop College; and all of the bonds are secured by a pledge of the entire revenues which Winthrop College shall from time to time derive directly or indirectly from the use, operation, or rental of all student housing facilities which it may now or hereafter possess, with certain exceptions prescribed in the resolutions authorizing the issuance of such bonds. In such proceedings the trustees reserved the right to issue additional bonds to such amount as the trustees shall from time to time thereafter deem necessary, including bonds issued under subsequently enacted legislative authorization.

The enrollment at Winthrop College is expanding steadily, making it apparent that there is a definite need for further facilities to house the expanding enrollment. Due consideration and investigation have been given to this need and to the method by which the trustees might be enabled to construct such additional facilities.

It has also been determined that it might become advantageous for Winthrop College to refund all or some portion of the bonds now outstanding and that no statutory authorization now exists whereby such refunding may be accomplished. It has, therefore, been de-

termined to authorize, under the conditions herein, additional bonds of Winthrop College, payable from the revenues herein set forth, for the purposes and to the extent herein provided. As an incident to such plan it has been determined to declare legal, valid and binding the issues of bonds described in paragraph one of this section.

SECTION 2. Bonds to be binding obligations of Winthrop College.—The General Assembly declares that each and every bond of the issues described in Section 1 of this act is a legal, valid and binding obligation of Winthrop College, which is payable, both principal and interest, according to the tenor, and upon the terms and conditions set forth on the face of each of such bonds.

SECTION 3. Additional student housing facilities authorized.—The trustees are hereby authorized and empowered to acquire additional student housing facilities, to the extent they shall approve and can acquire with the proceeds of the bonds authorized by this act. The trustees are also authorized and empowered to effect the refunding of all or any part of the bonds now or hereafter outstanding, which are a part of the issues described in Section 1 of this act.

SECTION 4. Loan authorized.—To the end that the trustees may acquire such additional student housing facilities, the trustees shall be permitted to borrow, in addition to the loans evidenced by the bonds described in Section 1, from time to time, not exceeding in the aggregate, one million three hundred sixty thousand dollars, as well as such further sum as the trustees may determine to borrow for the purpose of refunding all or any part of the outstanding revenue bonds of Winthrop College. So much of the proceeds of the loans herein authorized as shall not be required to retire outstanding bonds shall be used in the construction, reconstruction, and equipping of dormitories and buildings designed for student housing, and auxiliary, and related facilities (including cafeteria facilities), to be located on lands owned by Winthrop College. Such buildings, when constructed, shall be used for the purpose of providing housing, and auxiliary and related facilities, for students of Winthrop College.

SECTION 5. Payment.—All bonds issued pursuant to this act shall be payable from the entire revenues derived by Winthrop College from all student housing facilities which it may now or hereafter possess or utilize, including, if the trustees so elect, any net revenues derived from related facilities. The trustees shall be empowered to so

define the entire revenues as to eliminate therefrom (a) revenues derived from casual users, during the periods when the dormitories are not in regular use, and (b) revenues derived during summer school sessions, and which are used, pursuant to legislative directive, for the operation and maintenance of such summer school sessions, but this exception (b) shall not apply if, during the life of the bonds, it shall become the general custom of as much as forty per cent of the student body to attend summer school sessions, either in lieu of some other session or as a part of a plan of accelerated college education. *Provided,* that bonds issued pursuant to this act shall not be issued unless they be issued as bonds on a parity with the bonds of Winthrop College now outstanding and which are payable from the revenues referred to in this section, unless it shall happen that all of the outstanding bonds shall be retired pursuant to the authorizations set forth in Section 4.

SECTION 6. Payment further.—The faith and credit of the State of South Carolina shall not be pledged for the payment of the principal and interest of such bonds, and there shall be on the face of each bond a statement plainly worded to that effect. Neither the trustees nor any other person signing the bonds shall be personally liable therefor.

SECTION 7. Resolutions to be adopted concerning issuance—maturity—interest—redemption.—In order to avail themselves of the authorizations set forth in this act, the trustees of Winthrop College shall adopt resolutions providing for the issuance of bonds of Winthrop College, within the limitations herein mentioned, which resolutions shall prescribe the tenor, terms and conditions of the bonds. The bonds shall be issued as serial bonds, maturing in equal or unequal amounts, at such times and on such occasions as the trustees shall determine. *Provided,* always, that the last maturing bonds of any issue shall be expressed to mature not later than fifty years from their date, and the first maturing bonds of any issue, issued pursuant to this act, shall fall due within five years from their date. They shall bear such rates of interest, payable on such occasions, as the trustees shall prescribe, and the bonds shall be in such denominations, shall be payable in such medium of payment, and at such place as such resolution shall prescribe. All bonds maturing subsequent to fifteen years from their date shall first become subject to redemption not later than fifteen years from their date, and thereafter, on all subsequent interest payment dates prior to their respective maturities. All bonds may be

issued with a provision permitting their redemption on any interest payment date prior to their respective maturities. Bonds made subject to redemption prior to their stated maturities may contain a provision requiring the payment of a premium for the privilege of exercising the right of redemption, in such amount as the trustees shall prescribe in the resolutions authorizing their issuance. All bonds that are subject to redemption shall contain a statement to that effect on the face of each bond. The resolutions authorizing their issuance shall contain provisions, specifying the manner of call and the notice of call that must be given.

SECTION 8. Form.—Such bonds may be in the form of negotiable coupon bonds, payable to bearer, with the privilege of the holder of having them registered as to principal on the books of the Treasurer of Winthrop College, and the principal thus made payable to the registered holder, unless the last registered transfer shall have been to bearer, upon such conditions as the trustees may prescribe, or such bonds may be issued as fully registered bonds. If issued as fully registered bonds, it may be provided that they may thereafter be converted into negotiable coupon bonds of the tenor described above.

SECTION 9. Exempt from taxes.—The bonds authorized by this act and all interest to become due thereon shall have the tax exempt status as prescribed by Section 65-4.1 of the Code of Laws of South Carolina, 1962.

Certain persons may invest in bonds.—It shall be lawful for all executors, administrators, guardians and fiduciaries, all sinking fund commissions, and the State Budget and Control Board, as Trustee of the South Carolina Retirement System, to invest any moneys in their hands in such bonds.

SECTION 11. Execution.—Such bonds and the coupons, if any, attached to such bonds, shall be executed in the name of Winthrop College in such manner and by such persons as the trustees shall from time to time determine, and the seal of Winthrop College shall be affixed to or impressed on each bond. Any coupon attached to the bonds shall be authenticated by the facsimile signature of one or more of the persons signing the bonds. The delivery of the bonds so executed shall be valid notwithstanding changes in officers or seal occurring after the execution.

SECTION 12. Disposition.—The bonds shall be disposed of in such manner as the trustees shall determine, except that no sale, pri-

vately negotiated without public advertisement, shall be made unless the approval of the State Budget and Control Board shall be obtained. If the trustees shall elect to sell the bonds at public sale, at least one advertisement thereof shall appear in some newspaper of general circulation in South Carolina not less than ten days prior to the occasion fixed for the opening of bids.

SECTION 13. Powers.—To the end that the payment of the principal and interest of the bonds authorized hereby shall be adequately secured, the Trustees of Winthrop College shall be empowered in their discretion:

1. To issue bonds in such amount, within the limitations herein provided for, as the trustees shall deem necessary, provided that it shall be lawful for the trustees to use a portion of the principal proceeds derived from any sale of bonds, except bonds issued to effect refunding of outstanding bonds, to meet the payment of interest on such bonds for a period of one year, it being recognized by the General Assembly that until the facilities, to be constructed with the proceeds of the loan, shall be completed, an undue burden may be imposed upon then existing revenues.

2. To pledge the entire revenues, as described in Section 5 of this act, for the payment of the principal of and interest on the bonds as they respectively mature.

3. To covenant that no student housing facilities owned by Winthrop College will be used free of charge.

4. To covenant to establish and maintain such system of rules as will insure the continuous use and occupancy of the facilities, whose revenues are pledged to secure any bonds.

5. To covenant that an adequate schedule of charges will be established and maintained for all the facilities, whose revenues shall be pledged to secure any bonds, to the extent necessary to produce sufficient revenues to:

(a) Pay the cost of operating and maintaining the facilities, whose revenues shall be pledged for the payment of the bonds, including the cost of fire, extended coverage and use and occupancy insurance;

(b) Pay the principal and interest of the bonds as they respectively become due;

(c) Create and at all times maintain an adequate Debt Service Reserve Fund to meet the payment of such principal and interest; and

(d) Create and at all times maintain an adequate reserve for contingencies, and for major repairs and replacement.

6. To covenant against the mortgaging or disposing of the facilities, whose revenues shall be pledged for the payment of such bonds, and against permitting or suffering any lien to be created thereon, equal or superior to the lien created for the benefit of such bonds. *Provided,* that the trustees shall be empowered to discontinue the use of, or demolish, obsolete facilities and to reserve the right, under such terms as they shall prescribe, to issue additional bonds on a parity with the bonds authorized by this act, if at some later date they shall obtain legislative authorization for the issuance of additional bonds.

7. To covenant as to the use of the proceeds derived from the sale of any bonds issued pursuant to this act.

8. To provide for the terms, form, registration, exchange, execution and authentication of bonds, and for the replacement of lost, destroyed or mutilated bonds.

9. To make covenants with respect to the use of the facilities, to be constructed with the proceeds of the bonds authorized hereby, and of the other facilities, whose revenues shall be pledged for the payment of the bonds.

10. To prescribe the terms and conditions under which additional bonds on a parity with bonds issued pursuant to this act may be issued, if subsequent legislative authorization be obtained.

11. To covenant that all revenues pledged for the payment of the bonds shall be duly segregated into special funds, and that such funds will be used solely for the purposes for which they are intended and for no other purpose.

12. To covenant for the mandatory redemption of bonds on such terms and conditions as the resolutions authorizing such bonds shall prescribe.

13. To prescribe the procedure, if any, by which the terms of the contract with the bondholders may be amended, the number of bonds whose holders must consent thereto, and the manner in which such consent shall be given.

14. To covenant as to the maintenance of the facilities, whose revenues shall be pledged for the payment of the bonds, the insurance to be carried thereon, and the use and disposition of proceeds from any insurance policy.

15. To prescribe the events of default and the terms and conditions upon which all or any bonds shall become or may be declared due before maturity, and the terms and conditions upon which such declaration and its consequences may be waived.

16. To impose a statutory lien upon the facilities, whose revenues shall be pledged to secure the bonds. The lien shall extend to such facilities, to their appurtenances and extensions, to their additions, improvements and enlargements to the extent specified in the resolutions and shall inure to the benefit of the holders of the bonds secured thereby. The facilities shall remain subject to such statutory lien until the payment in full of the principal and interest of the bonds. Any holder of any of the bonds, or any of the coupons representing interest thereon may, either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce the statutory lien, and may, by suit, action, mandamus or other proceedings enforce and compel performance of all duties of the trustees, including the fixing of sufficient rates, the proper segregation of the revenues, and the proper application thereof. *Provided*, however, that the statutory lien shall not be construed to give any such bond or coupon holder authority to compel the sale of any of the facilities, or any part thereof.

17. To covenant that if there be any default in the payment of the principal of or interest upon any of the bonds, any court having jurisdiction in any proper action may appoint a receiver to administer and operate the facilities, whose revenues shall be pledged for the payment of the bonds, with power to fix rates and charges for the facilities, sufficient to provide for the payment of the expense of operating and maintaining such facilities, and to apply the income and revenues of the facilities to the payment of the bonds, and the interest thereon.

SECTION 14. No time limit set for issuance of bonds.—The authorizations granted by this act shall remain of full force and effect until they shall be rescinded by subsequent enactment, and no time limit is set for the issuance of bonds pursuant to this act.

SECTION 15. Time effective.—This act shall take effect upon appoval by the Governor.

Approved the 27th day of May, 1965.

Be it enacted by the General Assembly of the State of South Carolina:

PART I

SECTION 1. (7) *Student* shall mean any person in attendance at any regular session of either Clemson or the University, enrolled in a sufficient number of classes or courses for which credit is given toward any degree offered by such institution, to be considered a full-time student.

(10) *Trustees of the University* shall mean the Board of Trustees of the University.

(11) *University* shall mean the University of South Carolina, located in Columbia, South Carolina.

SECTION 2. Findings of General Assembly.—As an incident to the enactment of this act the General Assembly has made the following findings:

(1) A definite and immediate need exists at Clemson and at the University for the facilities authorized by this act, and fully described hereinafter.

(2) The facility required for the University is a large building (now under design) housing an auditorium wherein concerts, lectures, athletic and other events may take place. The building is also intended to provide additional classrooms, offices and other facilities required for the functioning of the University. It is to be located on

land now owned or to be acquired by the University and it is presently estimated that its cost will be four million dollars.

(3) Clemson likewise requires a multi-purpose auditorium and facilities for many types of student activities. The cost of the Clemson multi-purpose auditorium is presently estimated to be two million dollars, and the cost of the other facilities is also presently estimated to be two million dollars.

(4) After due consideration, the General Assembly has determined to empower the Trustees of the University and the Trustees of Clemson to construct the facilities described above.

(5) Consideration has been further given to the means of raising moneys for such facilities, and it has been determined that the State will raise, through means of the authorizations set forth in this act four million dollars, of which two million dollars will be advanced to the Trustees of Clemson, and the remaining two million dollars will be advanced to the Trustees of the University, and that each institution will be authorized to raise the additional two million dollars required by each, in the manner prescribed in this act. It is intended that the moneys advanced to each institution by the State be repaid to the State from the proceeds of (a) an admission charge for each performance, contest or event which shall take place in the facilities to be constructed pursuant to this act, and (b) a student fee of two dollars and fifty cents per student per semester.

SECTION 3. Clemson may construct facilities.—The Trustees of Clemson are authorized to construct the facilities described in paragraph (3) of Section 2 of Part I.

SECTION 4. University may construct facilities.—The Trustees of the University are authorized to construct the facilities described in paragraph (2) of Section 2 of Part I.

SECTION 5. Admission fee and student fee to be imposed.—If each of the Trustees of Clemson and the Trustees of the University shall, by resolution duly adopted, agree to impose an admission charge upon all performances, contests or events which shall take place in the facilities constructed pursuant to this act, and to impose (in the manner prescribed by Section 6 of Part I) a student fee of two dollars and fifty cents per student per semester and shall further agree that the admission charge and the student fee shall remain in effect for so long a time as shall be required in order to repay in full all sums to be paid by the State by way of principal

and interest upon the notes to be issued pursuant to this act and notwithstanding that the period of time for which the admission charge and student fee be effective shall be of longer duration than the period of time over which the notes shall be outstanding then, in such event, notes of the State of South Carolina to the extent of four million dollars may be issued in the manner hereinafter provided.

SECTION 6. Student fee—further.—All students enrolling at each of the Fall (first) semester and Spring (second) semester of each school year shall pay, prior to attending any class or course, a student fee of two dollars and fifty cents. In the discretion of the Trustees of Clemson and the Trustees of the University, and in order to avoid a multiplicity of fees charged to students, the student fee required by this act may be included as a part of other fees payable by all students but, if such shall occur, it shall be the duty of the Trustees of Clemson and the Trustees of the University to account to the State Treasurer for it as though it had been imposed and collected as a fee separate and distinct from other fees charged to students.

SECTION 7. Notes may be issued—maturity—redemption—interest.—If the resolutions required by Section 5 of Part I shall have been adopted, the Governor and the State Treasurer, having first obtained the approval of the State Board, expressed in proper resolution, shall be empowered to issue notes of the State to the extent of not exceeding four million dollars. The notes shall mature in twenty successive, annual instalments, each maturing on anniversaries of the date the notes bear. The notes may, at the discretion of the State Board, be made subject to redemption prior to their stated maturities on such occasions and under such conditions as the State Board shall prescribe. The notes shall bear interest payable annually or semi-annually at such rates as the State Board may prescribe.

SECTION 8. Form.—The notes shall be in such form as the State Board shall prescribe, except that the notes issued in order to provide funds for Clemson shall state that they are issued on behalf of Clemson and the notes issued to provide funds for the University shall state that they are issued on behalf of the University.

SECTION 9. Execution.—All notes issued pursuant to this act shall be signed by the Governor and the State Treasurer. The Great Seal of the State shall be affixed to or reproduced upon each of them,

and each shall be attested by the Secretary of State. The delivery of the notes so executed and authenticated shall be valid notwithstanding any changes in officers or seal occurring after such execution or authentication. The notes may, if the State Board shall so prescribe, be issued as two fully registered notes—one on behalf of Clemson and one on behalf of the University.

SECTION 10. Exempt from taxes.—The principal and interest of the notes issued pursuant to this act shall have the tax-exempt status prescribed by Section 65-4.1, Code of Laws of South Carolina, 1962.

SECTION 11. Payment.—For the payment of the principal of and interest on the notes issued pursuant to this act there shall be pledged so much thereof as may be needed of the revenue derived from the tax imposed pursuant to Article 1, Chapter 12, Title 65, Code of Laws of South Carolina, 1962. Until payment of the principal and interest has been made or has been provided for, all sums received in each fiscal year from the tax referred to above shall be delivered to the State Treasurer and shall be applied by him to the payment of the principal and interest, and to the debt servicing of other outstanding obligations of the State also secured by a pledge of such revenues. Thereafter further revenues from such tax for the fiscal year may be used for other purposes. The General Assembly takes note of the fact that there are presently outstanding obligations of the State of South Carolina payable from the tax herein pledged, and it is hereby declared that the notes authorized by this act shall in all respects be on a parity with such outstanding obligations. The pledge of revenues derived from the tax above referred to shall not preclude the issuance by the State of further obligations secured, in whole or in part, by a pledge of such revenues on a parity with the pledge herein authorized, nor shall the pledge of revenues derived from such tax preclude the revision of such tax as to rate or method, either or both, if the State Auditor shall certify that his estimate of the revenue to be derived annually from the tax as thus revised will not be less than one hundred and twenty-five per cent of that sum which is equal to the maximum annual principal and interest requirements on all notes or obligations of the State for which the revenues derived from the aforesaid tax have been pledged. The certificate shall be appended to the enrolled Act and be presented to the Joint Assembly on the occasion such Act is presented for ratification.

SECTION 12. Proceeds from fees.—It shall be the duty of the Trustees of Clemson and the Trustees of the University to remit to the State Treasurer the entire proceeds derived from the admission charge and the student fee required to be imposed by the provisions of Section 6 of Part I.

SECTION 13. Payment further.—The admission charge and student fee from each institution shall be duly segregated and applied by the State Treasurer to the payment of the principal and interest of the notes issued on behalf of each institution, and to the extent that moneys are available from such sources, application of the revenues from the tax pledged by Section 11 of Part I to the payment of the notes shall be reduced.

SECTION 14. State Treasurer to maintain records.—The State Treasurer shall at all times maintain a record establishing the sums received from these sources in order that the Trustees of Clemson and the Trustees of the University may be kept advised of the period for which the fees must remain in effect at each of the institutions.

SECTION 15. South Carolina Retirement System may purchase notes.—The State Board may, in its capacity as trustee of the funds of the South Carolina Retirement System, purchase the notes herein authorized as an investment of the funds.

SECTION 16. Proceeds from notes.—The proceeds derived from the sale of the notes authorized by this act shall be delivered to the State Treasurer and shall be deposited by him in a special fund. Withdrawals from the fund to the extent of two million dollars may be made upon the order or requisition of the Trustees of Clemson and withdrawals from the fund to the extent of two million dollars may be made upon the order or requisition of the Trustees of the University. It shall at all times be lawful for the State Treasurer to make temporary investments of the funds derived from the proceeds of the notes issued pursuant to this act in obligations of the United States or any agency thereof, and all interest earned on such investments shall be applied by the State Treasurer to meet the payment of interest to become due on notes issued pursuant to this act. The interest so earned shall also be credited to the obligations of both Clemson and the University to repay to the State the aggregate of principal and interest of the notes, but such credits shall be apportioned in the light of the withdrawals made by each institution.

End of Part I

PART II

SECTION 1. Clemson and University may issue bonds.—In order to raise the remaining moneys required for the construction of the facilities authorized by this act, the Trustees of Clemson and the Trustees of the University are each respectively authorized to issue not exceeding two million dollars of bonds of Clemson and not exceeding two million dollars of bonds of the University, each payable from a special student fee in such amount as may be determined by the trustees of the issuing institution (and revised when necessary) to be necessary to provide the funds needed to effect the payment of the principal of and interest on the bonds authorized by this act and to provide a cushion or reserve therefor.

SECTION 2. Faith and credit of State not to be pledged.—The faith and credit of the State of South Carolina shall not be pledged for the payment of the principal and interest of the bonds of Clemson or the bonds of the University, and there shall be on the face of each bond a statement plainly worded to that effect. Neither the members of the Trustees of Clemson, the Trustees of the University, nor any other person signing the bonds shall be personally liable thereon.

SECTION 3. Resolutions to be adopted concerning issuance.—In order to utilize the authorizations of this act, the Trustees of Clemson (on behalf of Clemson) and the Trustees of the University (on behalf of the University) shall adopt resolutions providing for the issuance of the bonds authorized by Section 1 of Part II, within the limitations herein mentioned, and by resolution shall prescribe the tenor, terms and conditions of the bonds. The bonds of Clemson and the bonds of the University may be issued either as a single issue or from time to time as several separate issues. In the event that the bonds of Clemson or the bonds of the University shall be issued as two or more issues, then notwithstanding, all bonds of Clemson and all bonds of the University shall be on a parity in all respects inter sese and shall be equally and ratably entitled to payment from the source provided to meet the payment of bonds issued on behalf of the issuing institution. It is not intended that bonds of Clemson and bonds of the University be issued simultaneously, and the Trustees of Clemson and the Trustees of the University are authorized to proceed with the issuance of bonds pursuant to this act notwithstanding that bonds of the other institution may not be issued.

SECTION 4. Maturity—interest—redemption.—Both the bonds of Clemson and the bonds of the University shall be issued as serial bonds, maturing in equal or unequal amounts, at such times and on such occasions and shall be in such denomination as the trustees of the issuing institution shall determine; *provided,* always, that the last maturing bonds of any issue shall be expressed to mature not later than thirty years from their date, and the first maturing bonds of any issue, issued pursuant to this act, shall fall due within three years from their date. They shall bear such rate of interest, payable on such occasions as the trustees of the issuing institution shall prescribe, and shall be payable in such medium of payment, and at such place as such resolutions shall prescribe. All bonds maturing subsequent to fifteen years from their date shall be subject to redemption not later than fifteen years from their date, and on all subsequent interest payment dates prior to their respective maturities. All bonds may be issued with a provision permitting their redemption on any interest payment date prior to their respective maturities. Bonds made subject to redemption prior to their stated maturities may contain a provision requiring the payment of a premium for the privilege of exercising the right of redemption, in such amount as the trustees of the issuing institution shall prescribe in the resolutions authorizing their issuance. All bonds that are subject to redemption shall contain a statement to that effect on the face of each bond. The resolutions authorizing their issuance shall contain provisions, specifying the manner of call and the notice of call that must be given.

SECTION 5. Form.—The bonds may be in the form of negotiable coupon bonds, payable to bearer, with the privilege to the holder of having them registered as to principal on the books of the treasurer of the issuing institution, or registered as to principal on registry books kept for the issuing institution by a corporate trustee, and the principal thus made payable to the registered holder (unless the last registered transfer shall have been to bearer) upon such conditions as the trustees of the issuing institution shall prescribe, or the bonds may be issued as fully registered bonds. If issued as fully registered bonds, it may be provided that they may thereafter be converted into negotiable coupon bonds of the tenor first above described.

The special student fee shall bear such nomenclature as the trustees of the issuing institution shall prescribe, and it may, in the discretion of such trustees, be included as a part of any other fee, but under such circumstances it shall be the duty of the trustees to account for the same to the treasurer of the issuing institution or to the corporate trustee, if one shall be appointed pursuant to Section 11 of Part II of this act.

(2) To covenant and agree that throughout the life of the bonds issued by such institution, the special student fee shall be imposed, maintained and revised when necessary, in such amount (without limitation as to rate) as shall be sufficient to meet the payment of the principal and interest of the bonds as they become due, and to create such cushion or reserve fund therefor as may be deemed desirable by the trustees of the issuing institution. The cushion or reserve shall be used only to meet the payment of the principal and interest of the bonds under such conditions as the trustees of the issuing institution shall prescribe, and shall be set up in such manner as to insure its availability therefor.

(9) To prescribe the events of default and the terms and conditions upon which all or any bonds shall become or may be declared due before maturity, and the terms and conditions upon which such declaration and its consequences may be waived.

Be it enacted by the General Assembly of the State of South Carolina:

SECTION 1. Definitions.—Whenever used or referred to in this act, unless a different meaning clearly appears from the context:

(1) "Watershed conservation district" means a governmental subdivision of this State, and a public body corporate and politic, organized in accordance with the provisions of this act, for the purposes, with the powers, and subject to the restrictions hereinafter set forth.

(2) "Director" means one of the members of the governing body of a watershed conservation district, elected in accordance with the provisions of this act.

(3) "Supervisor" means one of the members of the governing body of the Abbeville Soil Conservation District in which any part of a watershed conservation district is situated.

(4) "Petition" means a petition filed under the provisions of Section 4 of this act for the creation of a watershed conservation district.

(5) "County" means Abbeville County of South Carolina.

(6) "Landowner" or "owner of land" includes any person, firm or corporation who shall hold legal or equitable title to any lands lying within a watershed conservation district organized under the provisions of this act.

(7) "Due notice" means notice published at least twice, with an interval of at least one week between the two publication dates, in a publication of general circulation within the appropriate area, or, if no such publication of general circulation be available, notice posted at a reasonable number of conspicuous places within the appropriate area, such posting to include, where possible, posting at public places where it is customary to post notices concerning county or municipal affairs generally.

SECTION 2. Watershed Conservation Districts may be formed in Abbeville County.—Authority is hereby granted to form water-

shed conservation districts within Abbeville County for the purpose of developing and executing plans and programs relating to any phase of the control and prevention of soil erosion, flood prevention, or the conservation, development, utilization, and disposal of water.

SECTION 3. Area.—The area embraced in a watershed conservation district must be contiguous and must lie within a well-defined watershed; and such area shall not include lands located within the boundary of any incorporated city or town, or lands embraced in another watershed conservation district.

SECTION 4. Petition for formation.—When twenty-five or more landowners within a proposed watershed conservation district, or, if less than fifty landowners are involved, a majority of such landowners, desire to form a watershed conservation district, they shall file a petition with the supervisors of the soil conservation district asking that a watershed conservation district be organized to function in the area described in the petition. Such petition shall set forth the proposed name of the watershed conservation district; that there is need, in the interest of the public health, safety, and welfare, for a watershed conservation district to function in the territory described in the petition; a description of the territory proposed to be organized as a watershed conservation district, which description need not be given by metes and bounds or by legal subdivisions, but shall be deemed sufficient if generally accurate; and the approximate number of acres of land included in the proposed watershed conservation district.

SECTION 5. Hearing on petition.—(1) Within thirty days after such petition has been filed with the supervisors of the soil conservation district, they shall cause due notice to be given of a hearing upon the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of such watershed conservation district. All interested parties shall have the right to attend such hearing and to be heard. If it shall appear at the hearing that other lands should be included in the petition or that lands included in the petition should be excluded, the supervisors shall permit such inclusion or exclusion, provided the land area involved still meets the requirements of Section 3 of this act.

(2) If it appears upon the hearing that it may be desirable to include within the proposed watershed conservation district territory outside of the area within which due notice of the hearing has been

given, the hearing shall be adjourned and due notice of a further hearing shall be given throughout the entire area considered for inclusion in the proposed watershed conservation district, and such further hearing shall be held. After final hearing, if the supervisors of the soil conservation district determine, upon the facts presented at the hearing and upon other available information, that there is need, in the interest of the public health, safety, and welfare, for a watershed conservation district to function in the territory considered at the hearing, they shall make and record such determination, and shall define the area, but the description need not be given by metes and bounds. The description shall be deemed sufficient if generally accurate and the approximate number of acres of land included in the proposed watershed conservation district is shown.

(3) If the supervisors of the soil conservation district determine after such hearing that there is no need for a watershed conservation district to function in the territory considered at the hearing, they shall make and record such determination and shall deny the petition.

SECTION 6. Referendum.—After the supervisors of the soil conservation district have made and recorded a determination that there is need, in the interest of the public health, safety, and welfare, for a watershed conservation district to function in the territory considered at the hearing, and have defined the boundaries thereof, they shall consider the question whether the operation of a watershed conservation district within the proposed boundaries with the powers conferred upon it by this act is administratively practicable and feasible. To assist the supervisors in making this determination, they shall, within a reasonable time after the entry of a finding that there is need for the organization of a watershed conservation district and the determination of the boundaries thereof, hold a referendum within the proposed watershed conservation district upon the proposition of the creation of the watershed conservation district. Due notice of the referendum shall be given by the supervisors. Such notice shall state the date of holding the referendum, the hours of opening and closing the polls, and shall designate one or more places within the proposed watershed conservation district as polling places and shall give notice that the directors shall have the power of eminent domain. The supervisors shall have full charge of the referendum and shall have suitable ballots printed and furnished to each polling place; appoint necessary box managers and other referendum officials, and shall canvass the referendum and announce the results. The cost of holding the

referendum shall be paid from the general fund of Abbeville County. *Provided,* that notwithstanding any provision of law to the contrary the power of eminent domain shall not be exercised over the protest of any landowner until it is conclusively established that the land proposed to be condemned is absolutely essential to the creation and operation of the watershed conservation district.

SECTION 7. Question.—The question to be voted on shall be submitted by ballots upon which appear the words:

"For creation of ..... Watershed Conservation District"
"Against creation of ..... Watershed Conservation Ditrict"

A square shall follow each proposition. The ballot shall contain a direction to insert an "X" mark in the square following one or the other of the propositions as the voter may favor or oppose creation of the watershed conservation district. The ballot shall set forth the boundaries of the proposed watershed conservation district as determined by the supervisors of the soil conservation district. No one except owners of lands lying within the boundaries of the proposed watershed conservation district, as determined by the supervisors of the soil conservation district, shall be eligible to vote in the referendum. Qualified voters may vote by absentee ballot in the referendum under such rules and regulations as may be prescribed by the supervisors. No informalities in the conduct of the referendum or in any matters relating thereto shall invalidate the referendum or the result thereof if notice of the referendum shall have been given substantially as herein provided and the referendum shall have been fairly conducted.

SECTION 8. Results—district to be created if results and determination favorable.—The votes shall be counted by the referendum officials at the close of the polls and a report of the results along with the ballots shall be delivered and certified to the supervisors of the soil conservation district; and thereafter the supervisors shall determine whether the operation of the watershed conservation district within the defined boundaries is administratively practicable and feasible. If the supervisors determine that the operation of such district is not administratively practicable and feasible, they shall record such determination and deny the petition. If the supervisors determine that the operation of such district is administratively practicable and feasible, they shall record such determination and shall proceed with the organization of such district in the manner hereinafter set forth;

provided, however, that the supervisors shall not have authority to determine that the operation of such district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum upon the proposition of the creation of such district shall have been cast in favor of the creation of such district. If the supervisors shall determine that the operation of such district is administratively practicable and feasible, they shall certify such determination to the Clerk of Court of Abbeville County and to the Secretary of State. Upon proper recordation of such determination, such watershed conservation district shall constitute a governmental subdivision of this State and a public body corporate and politic. After being recorded, such certification shall be filed with the State Soil Conservation Committee.

SECTION 9. Board of directors to govern district—nominating petitions—election—ballots—terms—officers—bond of treasurer. —(1) The governing body of the watershed conservation district shall consist of five directors, elected as provided herein.

(2) Within thirty days after a watershed conservation district has been created, nominating petitions may be filed with the supervisors of the soil conservation district to nominate candidates for directors of the watershed conservation district. No such nominating petition shall be accepted by the supervisors unless it is signed by twenty-five or more landowners within the watershed conservation district, or, if less than fifty landowners are involved, by a majority of such landowners. If the candidates nominated do not exceed the number of directors to be chosen, the supervisors shall declare them to be elected. No person shall be eligible to be a director of a watershed conservation district who is not a landowner in the watershed conservation district in which he seeks election.

(3) If the candidates nominated for directors of the watershed conservation district exceed the number of directors to be chosen, the supervisors of the soil conservation district shall, after having given due notice thereof, cause an election to be held within the watershed conservation district within a reasonable time after the expiration of the nominating period. The provisions of Sections 5, 6 and 7 of this act as to notice, qualifications of voters, absentee voting, and the manner of holding the referendum in organizing a watershed conservation district, shall apply insofar as practicable to the election of the directors. The names of all qualified nominees shall

be printed in alphabetical order upon ballots with a square before each name and a direction to insert an "X" mark in the square before any five names to indicate the voter's preference. Only landowners within the watershed conservation district shall be eligible to vote in the election. The five candidates who shall receive the largest number respectively of the votes cast in the election shall be the directors of the watershed conservation district, and shall, upon the supervision of the supervisors of the soil conservation district, be the governing body of the watershed conservation district.

(4) Of the directors first elected, the two receiving the largest number of votes shall serve for terms of four years, the two receiving the next largest number of votes shall serve for terms of three years, and the one receiving the next largest number of votes shall serve for a term of two years. The term of office of each of their successors shall be for four years, and until their successors have been appointed or elected and qualify. Vacancies shall be filled in the manner of the original appointment for the unexpired portion of the term only.

(5) The directors shall annually designate from among their number a chairman, secretary, and treasurer. The treasurer shall execute an official bond for the faithful performance of the duties of his office, to be approved by the directors. Such bond shall be executed by a surety company authorized to do business in this State and shall be in an amount determined by the directors. The premium on each bond shall be paid by the watershed conservation district.

SECTION 10. District to be corporate body—powers and duties. —A watershed conservation district organized under the provisions of this act shall constitute a governmental subdivision of this State, and a public body corporate and politic, exercising public powers, and such district and the directors thereof shall, subject to the approval of the supervisors of the soil conservation district, have the following powers, in addition to others granted in other sections of this act:

(1) To acquire, by purchase, exchange, lease, gift, grant, bequest, devise, or otherwise, or through condemnation proceedings in the manner provided in Sections 25-101 through 25-140 and Sections 33-121 through 33-148, Code of Laws of South Carolina, 1962, such lands, easements, or rights-of-way as are needed to carry out any authorized purpose of the watershed conservation district; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and provisions of this act;

(2) To construct, reconstruct, repair, enlarge, improve, operate, and maintain such works of improvement as may be necessary or convenient for the performance of any of the operations authorized by this act;

(3) To borrow money and to execute promissory notes and other evidences of debt in connection therewith for payment of the costs and expenses of organizing the watershed conservation district or for carrying out any authorized purpose of such district, and if promissory notes are issued, to execute such mortgages on any property owned by such district, or assign or pledge such revenues or assessments of such district as may be required by the lender as security for the repayment of the loan; and to issue, negotiate, and sell its bonds as provided in Section 11 of this act;

(4) To levy an annual tax on the real property within the district subject to the limitations provided in Section 13 of this act for payment of the costs and expenses of organizing the watershed conservation district or for carrying out any authorized purpose of such district. Such levy shall be made only after approval by the supervisors of the soil conservation district and upon notifying the county auditor.

(5) Where watersheds cross county or state lines, the watershed directors are authorized to work with similar organizations in determining cost sharing to solve common problems.

SECTION 11. Bonds not to be issued unless referendum held.— (1) Bonds authorized by Section 10 of this act shall not be issued until proposed by order or resolution of the directors of the watershed conservation district, specifying the purpose for which the funds are to be used and the proposed undertaking, the amount of bonds to be issued, the rate of interest they are to bear, and the amount of any necessary tax levy in excess of the maximum authorized in Section 13 of this act. A copy of the order or resolution shall be certified to the supervisors of the soil conservation district.

(2) The supervisors shall hold a hearing on such proposal after having given due notice. If it appears that the proposal is within the scope and purpose of this act and meets all other requirements of the law, the proposal shall be submitted to the landowners of the district by a referendum held by the supervisors.

(3) The provisions of Sections 5, 6 and 7 of this act as to notice, qualifications of voters, absentee voting, and manner of holding the

referendum in organizing a watershed conservation district shall apply to the referendum held under this section.

(4) If two-thirds of the votes cast in such referendum favor the proposal, the directors shall, with the approval of the supervisors, be authorized to issue such bonds.

SECTION 12. Compensation.—The directors of the watershed conservation district shall receive no compensation for their services, but they may be reimbursed for expenses, including traveling expenses, necessarily incurred in the performance of their duties as approved by the supervisors of the soil conservation district.

SECTION 13. Budget—tax levy.—Within the first quarter of each calendar year, the directors of the watershed conservation district shall prepare an itemized budget of the funds needed for administration of the watershed conservation district and for construction, operation and maintenance of works of improvement. After approval of such budget by the supervisors of the soil conservation district, the county auditor shall levy a tax sufficient to meet such budget on all real property within the watershed conservation district of not to exceed five mills on each dollar of assessed valuation, except that this limitation shall not apply to any levy necessary to provide a sinking fund for the retirement of bonds authorized by Section 11 of this act. A copy of such budget shall be certified to the Auditor of Abbeville County.

SECTION 14. List of landowners and acres subject to assessment.—(1) The directors of the watershed conservation district, with the assistance of the county auditor, shall prepare a list of the landowners involved showing the number of acres subject to assessment.

(2) When the property tax rolls are delivered to the county treasurer by the county auditor, as required by law, the county treasurer shall compute the tax due the watershed conservation district from each landowner in accordance with the rate fixed by the directors and the value of the real property indicated on the tax roll. The computation shall be made on the regular tax bills.

SECTION 15. Collection of taxes.—(1) The county treasurer shall collect the taxes due the watershed conservation district at the same time in the same manner as he collects other taxes of the county.

(2) The taxes shall be subject to the same due and delinquency dates, discounts, penalties and interests as are applied to the collection of county taxes.

SECTION 16. Expenditures.—Tax funds collected shall be transferred to and held by the treasurer of the watershed conservation district for the specific purpose for which they have been collected. All expenditures of such funds shall be made by the directors of the watershed conservation district with the approval of the supervisors of the soil conservation district.

SECTION 17. Petition to have lands detached.—The owners of lands which have not been, are not and cannot be benefited by their inclusion in the watershed conservation district may petition the supervisors of the soil conservation district to have such lands detached. The petition shall describe such lands and state the reasons why they should be detached. A hearing shall be held by the supervisors within thirty days after the petition is filed and due notice of such hearing shall be given by the supervisors. If it is determined by the supervisors that such lands shall be detached, such determination shall be certified to the Auditor of Abbeville County for recording. After being recorded, the certification shall be filed with the State Soil Conservation Committee.

SECTION 18. Petition for discontinuance of district—hearing—referendum—discontinuance if election and determination favorable.—(1) At any time after five years after the organization of a watershed conservation district, twenty-five or more landowners within such district, or if less than fifty landowners are involved, a majority of such landowners, may file a petition with the supervisors of the soil conservation district asking that the existence of the watershed conservation district be discontinued. The petition shall state the reasons for discontinuance, and that all obligations of the watershed conservation district have been met. The supervisors may conduct such hearings upon the petition as may be necessary to assist them in the consideration thereof.

(2) Within sixty days after such petition has been filed with the supervisors they shall give due notice of the holding of a referendum. The supervisors shall hold such referendum substantially as provided for in Section 11 of this act. The question shall be submitted by ballots upon which the words "For terminating the existence of the ..... Watershed Conservation District" and "Against ter-

minating the existence of the ..... Watershed Conservation District" shall be printed, with a square before each proposition and a direction to insert an "X" mark in the square before one or the other of the propositions as the voter may favor or oppose the discontinuance of such watershed conservation district. Only landowners within the watershed conservation district shall be eligible to vote in such referendum. No informality in the conduct of the referendum or in any matters relating thereto shall invalidate the referendum or the results thereof if notice of the referendum shall have been given substantially as herein provided and the referendum shall have been fairly conducted.

(3) The supervisors shall publish the results of the referendum and shall thereafter determine whether the continued operation of the watershed conservation district is administratively practicable and feasible. If the supervisors determine that the continued operation of the watershed conservation district is administratively practicable and feasible, they shall record such determination and deny the petition. If the supervisors determine that the continued operation of the watershed conservation district is not administratively practicable and feasible, they shall record such determination and shall certify such determination to the directors of the watershed conservation district; *provided,* however, that the supervisors shall not be authorized to determine that the continued operation of the watershed conservation district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum shall have been cast in favor of the continuance of the watershed conservation district.

(4) Upon receipt from the supervisors of a certification that they have determined that the continued operation of the watershed conservation district is not administratively practicable and feasible, the directors shall forthwith proceed to terminate the affairs of the watershed conservation district. A copy of the determination shall be certified to the Auditor of Abbeville County for recording. After being recorded, the certification shall be filed with the State Soil Conservation Committee.

SECTION 19. Supervisory authority if district discontinued.—If the Abbeville County Soil Conservation District is discontinued, all supervisory authority over the affairs of the watershed conservation district which was previously exercised by the supervisors shall thereafter be exercised by the governing body of Abbeville County.

SECTION 20. Time effective.—This act shall take effect upon approval by the Governor.

Approved the 19th day of February, 1965.
